## The New Term.

The school year of 1910-11 opened with a rush on Tuesday, September 6th. All needed preparations had been made, however, to handle the incoming crowds of students, and but a few days had elapsed before the educational wheels were turning as smoothly and regularly as in mid term. During the previous year all records of attendance at the Bloomsburg Normal were broken, and a new record of attendance was not expected. Almost exactly the same number of students are now in attendance, however, as during the same term last year, and it is quite probable that before our readers see this page the last year's total will be exceeded.

## The 1910 Memorial.

The Memorial Fund of the Class of 1910 has been devoted to the improvement of the ante rooms and stage in the Auditorium. A new floor has been thrown across the high ceiled ante-room just off the stage, and a lavatory and four con-

venient dressing rooms have been provided in this new space. The old time switch board for electrical effects has been moved to a more convenient position, and a new switch board with additional switches has been installed. This latter change renders possible many electrical effects hitherto impossible of accomplishment. The summer vacation proved all too short to complete all the changes which have been planned for the chapel stage, but with the balance of the fund still in hand it is the purpose of the trustees to continue the work of making this part of the Auditorium still more convenient and suitable for the rendering of the amateur dramas which have proved themselves such an educational factor in the training of students for their work as teachers.

## The New Dining Rooms

The original intention of devoting the Senior Memorial to the decoration of the dining rooms having been changed, the plan of making the changes there was not allowed by the trustees to be dropped, but

early in the summer vacation carpenters, electricians, and painters fell to work and were kept busily engaged during the all too brief vacation.

At the opening of the new term returning students and teachers were amazed at the changes accomplished in a few short weeks.

Attractive capitals have been placed on the pillars supporting the ceilings, new radiators have replaced the old time coils of pipes. The electric wires have disappeared from sight, and new and attractive electroliers with tungsten lights and holophane shades have displaced the former hanging cords. The wood work has been painted an ivory white, the walls rejoice in a covering of the best lincrusta walton, and with dainty window draperies and a complete new equipment of the light bent wood chairs the two dining halls present a most modern and attractive appearance.

### Athletics.

It is with sincere regret that this department of the QUARTERLY reports the departure of the guiding spirit and able director of the school's athletic life, Prof. B. F. Bryant. A call to a wider field at a greatly increased salary led to his resignation here.

His entrance upon the field here four years ago marked an epoch in the athletic life of the school. Student managership and direc-

tion of sports was inaugurated. High ideals of amateur standing were inculcated and thoroughly tested. Always a courteous and insistent follower of true sportsmanship, his impress upon the boys here and among our rivals was always for the best.

Owing to some causes not entirely unforeseen student managership has not proved an unmixed blessing. Owing to this fact Prof. C. H. Albert has consented to look after the interests of the Basket Ball season, while the events for the spring campaign in Base Ball will be placed upon the calendar by Prof. J. Y. Shambach.

We wish to call the attention of the "Lafayette" to an error in its columns of recent date. Albert '08 is reported to be coaching the B. S. N. S. foot ball team and "teaching a few classes on the side." We reverse the order. Perhaps that too is wrong, for it looks as though he had both jobs in front and all on the move.

B. S. N. S. vs. LAFAYETTE COL.  
Easton, Sept. 24, 1910.

We quote the "Lafayette" of Sept. 27, for this event.

"In a driving rain which drenched both spectators and players to the skin, Lafayette toyed with the representatives of the Bloomsburg State Normal School on Saturday and won by the comfortable margin

of 31-0. But twice during the course of the contest did Bloomsburg advance the ball the regulation distance, and but twice did they succeed in holding the Maroon and White for downs.

When the teams lined up for the kick-off there was but little difference to be noted in their physical proportions. The Bloomsburg lads were larger than the players ordinarily seen on a normal school team, and the Lafayette team, with a few exceptions, was not of a size to strike the spectator as unusual.

At the very kick off Lafayette secured a lead which took the life and fight out of its opponents. The Bloomsburg half-back fumbled the kick, and Probst pounced upon the rolling spheroid. In an instant Dannehauer had the big scoring machine in motion, and within a minute of play Conover had flashed over the line for the first touchdown."

The kind reader will please remember that Lafayette the week following the above, defeated Ursinus, the conqueror of the University of Penn'a. Then imagine the remainder of what we have omitted from the report of the Lafayette and conclude with us that it was a creditable showing after all.

On October 1st both the first and second teams boarded the noon train, the first team going to Sunbury, while the second team played the Northumberland High School. The second team was defeated owing to the large number of substitutes taken across the river. The Sunbury High School was supposed to furnish the opponents of the first team. Apparently the High School authorities either have no control over athletics or assumed no responsibility that day. To turn a mob loose upon the field and call the result a foot ball game is entirely beyond our ken. The Normal School team was taken from the field and escaped the onslaughts of the mob with a few minor injuries.

We clip the following from the

*Morning Press* concerning the game with last year's High School Champions:

FORWARD PASS HELPED NORMAL  
TO EASY VICTORY.

COACH ALBERT SENT IN MANY SUB-  
STITUTES—WERE WELL MATCH-  
ED IN WEIGHT.

Normal auspiciously opened its home foot ball season Saturday, October 8th, when they walloped Williamsport High to the tune of 20-0, a score that might as well have been double, with coach Albert shoving in reserves after the second quarter, Normal using no less than 25 men during the four quarters.

The teams were evenly matched in weight, but Normal showed a superior knowledge of the new game, working the forward pass to perfection, it failing but once in the more than a dozen times it was used, one of the efforts resulting in a touchdown.

Normal took the starch out of visitors in first quarter, scoring within three minutes of the time play was called. Normal won the toss, Knittle kicking off to Williamsport's fifteen yard line, Bathurst dropping the ball, with MacDonald, Normal's left end gathering in the pig-skin. Normal crossed the goal line on the second play and it was conclusively demonstrated that the local offense at least was fully equal to the situation. Misjudgment on locals' part de-

prived them of the opportunity to kick for the goal.

Williamsport evidently realized they could hope to gain but little through the Normal line, for no sooner had Knittle kicked to their fifteen yard line on the resumption of play than Williamsport returned the ball to midfield, Kitia! making the catch. A forward pass put the ball on Williamsport's ten yard line, but the throw was missed and Hill punted out of danger to midfield.

Normal held the ball throughout the remainder of the quarter, with Knittle, Dennis, Harrison and Leidy figuring in substantial gains. A field goal from the 25 yard line was essayed, but Bathurst broke the line and blocked the kick. During the remainder of the quarter the ball see-sawed up and down Williamsport's territory.

Six points were netted during the second quarter, with play started on Williamsport's 40 yard line. Brown executed a pretty ten yard gain through centre and Dennis followed with one around the visitors' end for fifteen yards, Keiser following with a short gain around left end. Geddes here replaced Harrison. The ball was worked to Williamsport's three yard line when Normal was penalized 15 yards for off-side play. Dobson attempted to punt but Hill recovered it on Williamsport's fifteen yard line. A punt by Hill, Williamsport's star, advanced the ball 50 yards, Keiser

getting the ball, returning it 10 yards. It was here that Normal's march to the Williamsport goal started. Brown gained 15 yards around the end, Harrison shoved through the centre for ten. Keiser made a perfect throw to Brown, who relayed to Leidy, the play netting 40 yards and another touch-down, Knittle kicking the goal.

A field goal was scored in the third quarter, Knittle kicking the goal from the 25 yard line, with Normal again proving their superiority throughout the quarter.

With an almost entirely new line up Normal scored its third touch-down in the last quarter, with play starting on Normal's fifty yard line. Leidy gained 10 yards around the end, Knittle failing to gain. Williamsport got the ball and held it during the greater part of this quarter, but near the end of the quarter Normal managed to drive the ball to within 20 yards of the Williamsport goal, from where Dennis attempted a field goal, which failed, the sphere hitting the cross-bar. Williamsport then kicked from their 25 yard line, Knittle catching the ball and passed it to Kitia, who made a magnificent run, covering about 40 yards and throwing off two Williamsport men before placing the ball about 25 yards from the Williamsport line. Penalties here held back Normal's scoring chances, Williamsport getting the ball but fumbling immediately, Dennis recovered it and carried it

to the visitors' ten yard line, from where Brown scored through Williamsport's centre, on an old-fashioned centre rush. Knittle kicked the goal, time being called immediately thereafter. The line up:

#### BROUGHT ROOTER DELEGATION.

Williamsport High School had a delegation of about 20 rooters to Saturday's game with Normal, but they had little opportunity to root.

## MITTERLING PLAYING END.

Mitterling, the former Normal student and athlete, is now playing end for Ursinus.

## WHY NOT ?

The athletic spirit in any school can be maintained only by the united support and cooperation of the entire faculty and student body. Saturday an unusual number of students witnessed the game, probably a fourth of the entire school being present.

However, as is frequently the case, if the foot ball team sees but a handful of loyal students present at each game, the enthusiasm of cordial support vanishes. Why can even a national league base ball team win more games at home than abroad ? Is it because of biased officials ? Not at all. The same hard faced umpire calls them out, when they are out. No, it is the spirit of the home crowd, the glad hand, the "we are with you" feeling, which animates the player and puts the winning pace into his team mates. If this be true of seasoned professionals, what must it mean to school boys to see the side lines or bleachers filled with familiar faces eager to see him win ? What then shall we say when the soda fountain and the peanut sack leave no spending money for athletic sports ? A prominent man said recently, "you can talk school loyalty until the crack of doom—it will not move

the mass."

Some other plan has been found necessary and successful by nine-tenths of all the schools and colleges. The solution is an athletic fee.

Why not charge each student a dollar for the fall term and a dollar for the spring term and then give each one a ticket which shall admit him to all athletic events held upon the Normal Field ? Surely when we consider the number of foot ball games, track meets and base ball games held there each year this seems a reasonable fee. This on account of the lack of room to accommodate the crowd, leaves basket ball to depend upon admission fees.

What do you think of the plan ?

The remaining games upon the foot ball schedule for 1910, are as follows :

- Oct. 15, Dickinson Sem. at Bloomsburg.
- Oct. 22, Indian Reserves at Bloomsburg.
- October 29, Bucknell Academy at Bloomsburg.
- Nov. 5, Lock Haven Normal School at Bloomsburg.
- Nov. 12, Wyo. Sem. at Kingston.
- Nov. 19, State College at State College.
- Nov. 24, Bucknell Reserves at Bloomsburg.

## Alumni.

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No 203.

Mr. Fred. C. Eyer, the first secretary of the Board of Trustees of the Bloomsburg Literary Institute, now the State Normal School, recently celebrated his eightieth birthday, and in honor of the event he laid aside the pen and ink at the Water Company's office to "take a day off." Mr. Eyer is the collector for the Bloomsburg Water Company and attends to his duties regularly every day, and in making out receipts scarcely ever uses glasses. In fact he uses glasses but very little and often reads by the hour without them. He is in good health and steps about as active as men many years his junior. We join with Mr. Eyer's many friends in hearty congratulations and wish him many more years of good health and happiness.

Miss Mary L. Hastings of Hartford, Conn., a niece of the late President Cleveland, and who returned from a trip abroad with Mrs. Cleveland and children, is the guest of Mr. and Mrs. S. R. Bidleman, corner Third and Center Streets.

Miss Hastings was a former Normal teacher and has a host of friends in Bloomsburg who are al-

ways glad to see her.—*Daily Sentinel*, Aug. 31.

Prof. A. Bruce Black has the tenderest sympathy of all in the severe affliction sustained by the death of his wife, August 30. Mrs. Black had been seriously ill for three months preceding her death, due to heart trouble and a cancerous growth upon the liver. She was a loving and devoted wife and mother and had a host of friends.

\* \* \*

'70, Rupert, Eva, is teaching in a Girls' Normal School in North Carolina. She spent a portion of her summer vacation at her old home in Bloomsburg.

'74, Bittenbender, John K., an employee of the government printing office at Washington, D. C., visited relatives and friends in Bloomsburg in July. He was accompanied by his wife and daughter.

'76, Millard (Creasy) Mary (sp. course) died at her home at Willow Springs, Pa., August 3, 1910. Although she had been in poor health for some time she was confined to her bed only one day. She was the daughter of Mr. Mordecai Millard, who for a time was steward at the Normal.

'76, Welsh, J. P. We find the following in a local paper, July '30. "The many friends of Dr. J. P. Welsh whose resignation as vice president of State College takes effect September 1, will be interested in knowing that he has accepted a

position as secretary and general manager of the Southern Fruit & Nut Company, New York City, a company that is backed by some of New York's wealthiest men and one that opens a brilliant future for Dr. Welsh's exceptional business ability."

'76, Low, Myron I., has been elected president of the First National Bank of Bloomsburg. He has been long identified with the bank and for some years its vice-president. He brings to the institution a successful financial experience and wide acquaintanceship which will undoubtedly be of inestimable value to the bank and its patrons. Clinton Herring, '94, was elected secretary of the Board of Directors to fill the vacancy created by Mr. Low's promotion.

'78, Bittenbender, Chas. M. (sp. course) after an extended illness of cancer of the liver, died at his home in Bloomsburg, Thursday, October 6th. In his death Bloomsburg loses one of its most substantial citizens. An untiring worker, his energy in what ever he did was little short of remarkable and his friends throughout town are legion. In the First Methodist Church, for which he always worked untiringly, he will be missed as he will also in the Men's Bible Class of the church.

He is survived by his wife and two children, Isabella and Frank, the latter a dental student at the University of Pennsylvania. Mrs. Bittenbender, Mattie A. Milnes,

was a Normal student in 1877.

'80, White, H. V. (sp. course) had the signal honor of being re-elected president of the State Miller's Association at its recent session at Atlantic City. Mr. White is also secretary of the Board of Trustees of State College.

'81, Sharpless, Harry F., is vice president of Carstens & Earles, Inc. Investment Bankers, Seattle, Washington. Although a very busy man Harry is a pronounced disciple of Isaac Walton and on a recent fishing trip on the Upper Elwha River had great success—some would call it luck—he caught two of the biggest rainbow trout reported this season. One weighed 12½ lbs., the other 14 lbs. An 8 or 10 lb. fish was considered relatively small.

'83, Whipple, Mary E., has been granted a year's leave of absence from her school in New Jersey, to finish a course in Domestic Science at the Teacher's College of Columbia University, N. Y. Her address is 81 Claremont Ave., Montclair, N. J.

'85, Ent (Holmes) Edith and Fred Holmes have been married twenty years and recently celebrated the event by entertaining more than one hundred guests at their beautiful home on West Street, Bloomsburg. A very delightful occasion. Notwithstanding the invitations which specifically stated "no presents," they were the recipients of many beautiful and appropriate gifts.

'87, McDonnell, Susan J., is teaching in the J. C. Conley School, Chicago, Ill. She enjoys her work and writes appreciatively of the QUARTERLY. She has been busy in University Work. Her address is 4866 Winthrop Ave., Chicago, Ill.

'87, Petty, Mary, recently returned from a six weeks trip in Europe, visiting the principal cities and points of interest, including the Passion Play at Oberammergau. She was accompanied to her home in Berwick by Margaret Petty (Beatty) '88, who is now living at Chester, N. J.

'88, Montgomery, Florence, was married Sept. 1st to George E. Sponsler, '79. (Sp. course), a well known merchant of Lime Ridge, Pa. The ceremony was conducted by Dr. F. DeWitt Talmage, pastor of the Chambers—Wylie Memorial Presbyterian church in Philadelphia. As Mr. Sponsler is an enthusiastic autoist, the wedding trip was made in his large Oldsmobile touring car through New Jersey, New York and New England. They are "at home" in Mifflinville, Pa.

'89, Berninger (Kidd) Martha, who has been in China for some time recently arrived at her home in Catawissa where she will spend a few weeks. She was most heartily welcomed.

'91, Kintner (Harris) Mary C., now resides at 1503 N. Frazier St. W. Philadelphia. She is loyal to the Old Normal and greatly enjoys

the QUARTERLY. She has a daughter eight years old.

'91, Longshore, Katherine. We find the following special from Hazleton in the Philadelphia *Inquirer* Sept. 24. The State League of Teachers, of which Miss Katherine Longshore, of Hazleton, is president, will meet at Harrisburg on Friday, September 30, to consider the Retirement Fund bill to be introduced at the next session of the Legislature.

Under the provisions of this measure a fund is to be established for the retirement of public school instructors after they have been in the service for a certain number of years. How many, has not yet been decided upon. Through the efforts of Miss Longshore, the teachers of the State have organized and delegates from every county will be at the Harrisburg gathering, at which the new school code and other matters affecting the schools will be discussed.

The teachers here believe that the outlook is bright for the Retirement bill.

'94, Watson, John F., was married Wednesday, Sept. 14, to Miss Carrie Klase of Danville, Pa. The ceremony was performed by the Rev. Mr. Yonce at the home of the bride's parents. Mr. Watson is Deputy Prothonotary of Columbia County. They reside at No. 234 E. Fifth Street, Bloomsburg, Pa.

'95, Worthington, W. R., according to a Philadelphia paper, is an

assistant coach at Lafayette College. We have, as yet, no confirmation of the statement.

'95, Gilbert, Laura, a very popular teacher in the schools of Catawissa, was married Sept. 7, to Chas. Kline, Esq., a member of the bar of Columbia County, having offices at Catawissa. The ceremony was read by the Rev. LeRoy F. Baker, rector of the Episcopal Church of Selinsgrove, Pa., and took place in the Episcopal Church of Catawissa.

'96, Barton, Harry S. A local paper of Sept. 7, has the following: "Harry S. Barton, who for a number of years was book-keeper for the United Gas and Electric Company and auditor for the Columbia Power, Light and Railways Company, since its consolidation, tendered his resignation to the company to take effect October 1. Mr. Barton is an affable gentleman and has many friends among the patrons of the company who regret his resignation."

'96, Rutter, J. Boyd (sp. course). In the current issue of "Collier's Weekly" is a good picture of midshipman Rutter, who was an officer in Room 3 on board the battleship North Dakota at the time the oil explosion occurred on that vessel. A picture of the crew of which he has charge, and of the ship during the progress of the fire is shown.

'97, Knapp, Mary, and her sister Jeannie, '09, have returned to Rochester, N. Y., where they will again take up their duties in the

city schools. This is the third term for Miss Mary and the second for Miss Jeannie. Both young ladies are meeting with great success.

'97, Ohl, Rev. Arthur C. wife and three children spent part of his vacation visiting relatives and friends in Bloomsburg. He is pastor of the Reformed church at Marklesburg, Huntingdon Co. Pa.

'97, Brace, John G. is now located in Bloomsburg as Superintendent of the Bell Telephone Company. He comes here with a fine record of services performed elsewhere.

'97, Walz, Ida M. was married in Los Angeles, Cal., September 1st to Mr. Harry B. Washburn. They are "at home" at No. 2726 Hall-dale Ave., Los Angeles.

'97, Kelly, Bertha, enjoyed a European trip this summer. She says: "Europe is great in more ways than one," but fails to specify.

'98, Moyer, Irene (sp. course) became the wife of J. P. Zeigler, on Aug. 29. The ceremony was performed by the Rev. S. C. Dickson at the Presbyterian Manse in Bloomsburg. Mr. Zeigler is manager of the grocery department of the F. P. Pursel store in Bloomsburg.

'98, Tucker, James C., has been elected sub-principal, to teach manual training and mathematics in the Lynn, Mass. English High School. There were fifteen candidates for the position. He resides at No. 15 Fair Oaks Ave., East Lynn, Mass.

'99, Fortune, Arthur C., who is employed in the City Comptroller's Office, New York City, spent about a week in Bloomsburg this summer visiting his parents and friends.

'99, Clayberger, '99—Heist '99. A local paper of Sept. 24 says: On Saturday morning at 9 o'clock, at the home of the bride on North Iron street, Mr. Henry Clayberger of Shamokin was married to Miss Mabel Heist by the Rev. J. E. Byers of St. Matthew's Lutheran church. The bride and groom were unattended.

After a wedding breakfast, Mr. and Mrs. Clayberger left on an extended wedding trip, after which they will reside at Shamokin, where a newly furnished home awaits their arrival.

Mrs. Clayberger is a graduate of the Bloomsburg High School and the State Normal School and has taught for several years at Newark, N. J., with great success. Mr. Clayberger is also a graduate of the Bloomsburg Normal School and is now principal of the Coal Township High School near Shamokin.

'00, Shuman, Ada. At the home of the bride's parents at Lime Ridge on Wednesday morning, Aug. 17, their daughter, Miss Ada, became the bride of Mr. George Nelson, of Scranton.

Rev. Mr. Baker, of Espy, officiated, and the ceremony was witnessed by the immediate families and a few friends.

The couple left on the 7:31 D. L.

& W. train enroute for Los Angeles, California, where they will reside.

'00, Adams, (Yetter), Mary. A town paper of Sept. 28 has the following: "The stork brought to the home of our townsman C. C. Yetter, Esq., on Sunday morning a pair of healthy twin daughters. Attorney Yetter is a Republican of the Rooseveltian persuasion."

'00, Belig. Maude E. On September 1st, in the city of Philadelphia, Miss Maude E. Belig became the bride of Charles Yentzer of Philadelphia. The ceremony was performed by Rev. C. W. Burns, pastor of the First Methodist Episcopal church of Philadelphia. They reside in their newly furnished home at St. Martins, Pa.

'00, Bogenrief '00—Seely, '97. The wedding of Miss Mary Bogenrief, daughter of Mr. and Mrs. Henry Bogenrief, of Mifflinburg, and who is very well known in Bloomsburg where she attended the Bloomsburg State Normal School, and frequently visited, to Leslie Seely, formerly of Beach Haven, and now employed as an instructor in the Philadelphia schools, was solemnized in the Reformed church at Mifflinburg by Dr. Spussard of Mifflinburg.

The ceremony was performed in the presence of a large assemblage and was one of the most brilliant weddings Mifflinburg has witnessed in a number of years.

Miss Ruth McLinn, of Apollo,

was maid of honor, and Miss Blanche Letson, of Dorranceton, Miss Sue Bogenrief, a sister of the bride, were bridesmaids. Samuel Withers, of Philadelphia, was best man, with John Sands and Mr. Dannett, of Philadelphia; Mr. Prettyleaf, of Lewistown, and Mr. Kurtz, of Mifflinburg, the ushers. Mrs. Jesse Y. Glenn, of Montreal, Canada, rendered the wedding march.

Following the ceremony, a reception, attended by the relatives and out of town guests, was held, at the bride's home.

The newly wedded couple who will reside in Philadelphia, left upon an extended wedding trip to the coast of Maine.—*Morning Press*, Aug. 23.

'00, Strawinski, Caroline, a student in trained nursing at the Altoona Hospital, was a guest of friends in town for a few days in October. Her home is in Huntingdon, Pa.

'00, Wildrick, Harry, has been very successful this year as Principal of Lehman High School. He organized the school as a Third-Class High School. Dr. D. J. Waller delivered the Commencement address to the first graduating class of this school on April 22, 1910.

Dr. H. A. Brown, '97, showed his loyalty to B. S. N. S. by giving a banquet in honor of Dr. Waller, at Hotel Gleason. The banquet hall was beautifully decorated with Normal colors. Those present were:

Dr. D. J. Waller, Rev. J. R. Austin, the following alumni of B. S. N. S.—Dr. H. A. Brown '97, Prof. Harry Wildrick '00, Miss Esther Wolfe '07, Miss Ruth Lamoreux '07, Miss Kathleen Major '09, and Chauncey Lamoreux, also the members of the Senior and Junior classes of the High School, and a few friends. All spent a very enjoyable evening.

'00, Skeer—Johnson, '02. At Scranton, Sept. 14, there was solemnized the wedding of Miss Marion Johnson, of Northumberland, and Charles O. Skeer, of Bloomsburg, following which the newly wedded couple left for the Thousand Islands on an extended wedding tour. The bride is one of Northumberland's most highly esteemed young ladies and a teacher in the town's public schools, having graduated from the Bloomsburg State Normal School in 1902. The groom has made a name for himself in the musical world and as a musical director has far more than a local reputation.

Following an extended wedding tour, Mr. and Mrs. Skeer will take up apartments in Bloomsburg.

'09, Thompson, Mary E., has been teaching during the year in St. Clair, Pa., and reports a very pleasant and strenuous year's work.

'09, Washburn, Horace D., is taking a course in agriculture at State College. This is getting to be the up-to-date thing for our wide awake rural high school principals to do. Horace never was of the kind to become a moss back. He succeeds.

'09, Bryant, Leon D., is now located in the far northwest at Pullman, Washington, where he is principal of the High School. He considers it a very congenial place. The State College is located there and many opportunities are open in the rapidly growing town. His address is No. 711 State Street.

Krepps of South Market street, became the bride of Arthur C. Brown of Tunkhannock, the ceremony having been performed by Rev. G. S. Womer, pastor of St. Paul's Methodist Church of Danville, and a former pastor of the bride when she lived with her parents at Hollidaysburg.

'09, O'Neill. Frances H., who taught for the last ten months near Flemington, N. J., is reported by her school officials as having proved very satisfactory. ### Alumni Reunions.

The following, in part, is from the *Morning Press* Oct. 6. A number of prominent Shamokin residents who are graduates of the Bloomsburg Normal School, located at Bloomsburg, held a meeting in the parlor of the Graemar Hotel, Shamokin, Wednesday evening at which time an association was formed, the following officers being elected to serve for the ensuing year: President, Jere Reeder; sec-

retary and treasurer, Allison B. Muir.

A committee composed of Messrs. R. J. Glick, Prof. S. C. Yocum and Henry Clayberger was appointed to make arrangements for holding an elaborate banquet on November 4, at which time the committee expect to have all local graduates of Bloomsburg Normal present.

When the officers had been elected and the work for the next few months had been mapped out, Prof. Albert, an instructor of the Normal School who had been present at the meeting, invited the members of the new association to Felix's refreshment parlor on Sunbury street where a delightful supper was served.

The following were present at the meeting: Supt. S. C. Yocum, Mr. Jeremiah Reeder, Mr. David T. Meisberger, Mr. B. F. Wragg, Miss Hattie Smink, Mr. Reuben Glick, Mrs. Henry Clayberger, Mr. Henry Clayberger, Mr. Michael Costello, Mr. L. N. Llewellyn, Mr. Edward Snyder. Allison B. Muir.

The Luzerne County Alumni and students are anticipating a great time on Thursday evening, Oct. 27, when the Association will celebrate its 21st birthday. The ceremony will take place at "The Sterling" as heretofore. There will be a large attendance and a "large" time.

The Lackawanna County reunion has been postponed until the latter part of January, when it will take

place in the new and extensive Hotel Casey. It will probably be one of the first functions in the hotel after it has been formally opened. It will be a great event, and no one can afford to miss it.

The Susquehanna County Association will hold its reunion October 20, at Montrose.

Plans have been made in part for the organization of Associations in Snyder, Northumberland, Montour, Dauphin, Mifflin, Juniata, Lycoming, Wayne and Wyoming counties. These organizations will be effected in each county during the week of the County Institute. It is confidently expected that the graduates and old students will take a lively interest in these affairs in their respective counties.

In the preparation of material for the last number of the QUARTERLY, owing to the pressure incident to the Commencement season, we omitted the record due to Miss Port of her valuable services to the school rendered through three arduous years, as Preceptress. The office was a new one in the school. There were no precedents. The way had to be blazed. At the close of her tenure of the position, her efforts to give reality to her ideals of the duties and possibilities connected with it gave definiteness to the scope of the office, and one felt the stimulus of high and accurate scholarship, conscientious fidelity to duty, most scrupulous neatness,

and the fine conception of womanhood cherished for the girls in her charge.

It was Miss Port's confidence in young womanhood, combined with her exhaustive study and forcible presentation of student self-government that made possible the inauguration and successful continuance of that system.

When she resigned to accept a thrice tendered call to resume a similar line of duty in a school dear to her, with which she had formerly been connected, Miss Port had abundantly justified the action of the Trustees in erecting the chair. She also left upon the minds and hearts of many of the young women in her keeping impressions whose stamp will be a passport to a higher life than would otherwise have been sought or attained.

She bore with her to her western home the most cordial good wishes of teachers and pupils.

### Philologian Society.

---

We are glad for the opportunity offered us through these pages to tell to the Old Philos the work accomplished and that hoped to be accomplished by Philo during this term.

We miss the faces of those who left us last June, but are glad to report that their seats are fast being filled by this year's new students. Thus far we have taken in

one hundred new members, and the names of others have been proposed. This fact shows that the old members of Philo that have returned have been active in looking out for the best interests of the society.

We do not rejoice so much in the numbers as the talent which we have reason to believe is represented by these new members.

The business meetings are well attended and are enlivened by the large number of members taking part in the different discussions which come before the society.

Our aim is to increase the literary efficiency of the members as well as to have all take an active part in the work of the society. As a means toward this end we are pursuing a study of the Life and Works of Teunyson.

A reception to the new members will be given on October 15th, by which means it is hoped that the members will become better acquainted.

Altho the departure of the Class of '10 greatly thinned the ranks of the Girl's Glee Club, we are glad to state that a new one is now being organized under the competent leadership of Miss Letson.

The time is again drawing near for the Philo Reunion, when we hope to welcome a large number of old Philo's back again to old Normal. The Roney Boys' Choir of Chicago, has been secured for the evening entertainment, and come to us very highly recommended.

## Calliepian Society.

The Calliepian Society has made a splendid beginning in the work of the new school year. The Society officers have taken a deep interest in getting the work well under way. Very instructive and entertaining programs have been given at each meeting of the Society. So many new members have been taken in that the seating capacity of our hall is now quite inadequate. Saturday evening, October 1, 1910 a reception was given to the faculty and new student members. A musical program, arranged by Miss Osborne, was received with hearty applause. The "Owl" Quartet, consisting of H. Harrison, L. Savage, M. Girton, and J. R. Jones has already become a popular feature of the Society. A Girls' Glee Club is being organized with Miss Letson as leader. A Mandolin Club consisting of ten pieces is getting in practice to assist in making our programs in the future. The first public program of the year was given in the Normal Auditorium Saturday evening, October 8. By a series of music, readings, recitations, and tableaux effects a pleasant evening was spent in the study of Longfellow and his works.

## Y. M. C. A.

This department of the school's activities is also doing good work. Chairman Barrow of the member-

ship committee is engaged in enrolling new members. He also represented the Association at the fall conference of the Penn'a Y. M. C. A. Association at Jersey Shore, Sept. 30, Oct. 1-2.

Four Bible Bands have started the study of Murry's "Life and Works of Jesus." Chairman Myers is rounding this work into shape.

Wednesday night prayer meetings have been well attended. Conference delegates have reported on material gathered at Northfield last summer, and have proved that their trip and experience are a benefit to the Association.

Everybody enjoyed themselves at the joint Y. W. and Y. M. C. A.'s reception to the new students, given the first Saturday night after school opened.

### Y. W. C. A.

---

The work of the Young Women's Christian Association began this term with an interest and an enthusiasm that promise a successful year.

The girls who during the summer had written to many of the expected new-comers, were on hand promptly, and during the opening days, were everywhere with kindly offers of information and assistance.

The usual joint reception, held on the first Saturday evening of the school year, was unusually well attended. Before the evening was over, everyone seemed to be trying to extend to someone else the feel-

ing of hospitality and friendliness.

Already seventy-five new names have been added to the membership list.

The Bible Study Class, numbering about thirty, has taken up the study of William's "Men of the Old Testament." With the recreation room as the place of meeting, and Prof. Sutliff as the leader, the class starts out under most favorable conditions.

A Mission Study Class, to be led by Prof. Hartline, is in process of organization. The text for the first term will be Robert E. Speer's "Servants of the King." If the interest manifested at the Mission Rally Service can be taken as an indication, there will be many applications for admission to this class.

The girls hope this year to have an all-around organization, and to that end are laying plans for improving the financial, social, and religious welfare of the association.

### Locals.

---

The Normal Faculty now numbers forty members of the regular teaching force.

—o—

The Trustees of the School at a recent meeting decided to install and equip a practical working wireless telegraph station. It is to be of sufficient power to communicate with the college stations at New York and Philadelphia.

On Saturday, October 15th the foot ball team wiped out old scores by inflicting a 6-0 defeat on its nearby rival, Dickinson Seminary, of Williamsport. A sensational 90 yard run by half-back Frank Dennis was responsible for the winning touch down. The victory was celebrated by the usual bonfire and speech making.

—o—

The position of Preceptress, which was resigned by Miss Port, was filled by the election of Miss M. H. Waterbury of Ballston Spa, N. Y., a graduate of Vassar, and an experienced teacher. Miss Waterbury entered upon her duties at the opening of the term.

—o—

Harry Hartman, now captain of the Syracuse University foot ball team was a welcome visitor here recently. Harry received his initiation into the mysteries of the game while a student at Bloomsburg and will be remembered by many former students for his brilliant work upon his school team.

—o—

It is not generally known, perhaps, that the artistic color harmony of the new dining room is the work of a graduate of the school, Mrs. C. W. McKelvy. Trustees J. C. Brown and J. M. Clark of the committee on buildings and grounds promptly secured the assistance of Mrs. McKelvy as soon as the renovation of the room was determined upon and under her personal super-

vision an exceptionally fine expression of artistic feeling has been secured.

—o—

### **Prof. Wilbur Resumes Duties.**

The most gratifying event attending the beginning of the school year was the return of Professor Wilbur to take charge of his department. His legion of friends will be happy to learn that his health enables him to walk to and from school as of old. Should any of you meet him on the street next winter you will doubtless see him enjoying zero weather without having any use for an overcoat.

—o—

### **Seniors to go to Washington.**

—

At one of the first meetings of the senior class it was determined to work up interest in a school excursion to Washington, D. C., as in many previous years. Sufficient interest has already developed to render the trip a strong probability.

Former students and friends of the school who may be interested may obtain further details of the trip, which is expected to offer some opportunities not previously afforded, by communicating with Prof. J. H. Dennis who will have charge of arrangements for the party.

## Many New Faces

Prof. F. H. Jenkins, the Registrar, reports that between 50 and 60 new students have registered since the opening of the winter term. This is nearly double the number of those registering at this time last year.

## The Oath of the Athenian Youth

We are indebted to the last graduating class of the College of New York for rescuing from the dusty records of another civilization the oath which it was customary to administer to the youth of ancient Athens. It runs thus:

"We will never bring disgrace to this, our city, by any act of dishonesty or cowardice, nor ever desert our suffering comrades in the ranks; we will fight for the ideals and sacred things of the city, both alone and with many; we will revere and obey the city's laws and do our best to incite a like respect and reverence in those above us who are prone to annul or set them at naught; we will strive unceasingly to quicken the public's sense of

civic duty; thus, in all these ways we will transmit this city not only not less, but greater, better and more beautiful than it was transmitted to us."

## Ben Greet Players

Prof. O. H. Bakeless is now busy with negotiations for the return of the well known company of the Ben Greet Players who so much delighted us last year with a revival of the old time Shakespearean drama. The date for the production has not been settled, but much interest has already been aroused.

## Pa. State Teachers Association

Dr. Waller and a number of the teachers of the school were in attendance at the meeting of the Penn. State Teachers' Association held in Harrisburg during the latter part of the Christmas holidays. Prof. D. S. Hartline was invited to read a couple of papers on subjects pertaining to his department before the scientific section of the Association.

The Basket Ball team has been had at work under the direction of Dr. Barrier since the holidays and is beginning to show some form. The chances of a winning combination have been materially lessened by the withdrawal of Keiser and Smith from the squad. In each case a star is lost from the team. School work however comes before school play and the boys have so decided. It is hoped that both will come out for some of the more important games.

## Echoes of Foot Ball

---

Since the last issue of the QUARTERLY was published before some of the most important games of the

season were played, something may still fittingly be said concerning the memorable season of 1910.

Coach C. L. Albert, and each man who played upon the team may well feel proud of the results of the most successful foot-ball season in the history of the school. To defeat Wyoming Seminary upon their own field is glory enough, but this was merely an incident in their triumphant march.

To really show their class we merely need to recall how Dickinson Seminary, Bucknell Academy, Lock Haven Normal School, the Carlisle Indian Reserves, in fact all teams upon the schedule except Lafayette College Varsity, were taken into camp by the superior playing of our boys.

We quote from the *Morning Press* to give our readers a glimpse of the game we were most anxious to win:

NORMAL TRIUMPHED OVER WYOM-  
 ING IN A GREAT GAME.

---

OUTPLAYED BLUE AND WHITE AT  
 EVERY STAGE OF HARD  
 FOUGHT CONTEST.

---

ENTHUSIASTIC CROWD.

---

Bloomsburg Normal foot ball history was made at Kingston Saturday.

Normal vanquished Wyoming on their own stamping grounds, turned the trick so cleanly that there were no Wyoming excuses to offer,

battered down the Wyoming warriors, tore their line to shreds and literally wiped up the earth with them. The score was 6-3; the wonder of it all is, that the score was not thrice as large.

Two factors and two alone kept the local eleven from rolling up an overwhelming score; a miserable field, muddy with the fall of a recent snow, and Diamond's punting far superior to that of Miles. Time and time again Normal worked the ball down the field to within striking distance of the Wyoming goal when the treacherous field would be largely responsible for a fumble that shattered the scoring chances. Normal was the aggressor three quarters of the time, only to lose the ball when within easy touch of the goal. A first down or two was usually the extent of Wyoming's efforts and then Diamond's sure toe would put the sphere out of danger for the time being, the gains being increased by Normal's failure to handle punts cleanly. But even with this handicap Normal was not to be denied; their irresistible battery riddled the Wyoming line. Time and time again Normal's backfield broke through Wyoming's secondary line of defense; time and time again Miles, Dennis, Knittle and Harrison ripped off gains of 20 yards. The spectacular part of the game was all furnished by Normal. And in the second quarter, one of the few successful forward passes of the game, Dennis to Leidy,

put the ball directly in front of Wyoming goal, over which Keiser plunged the next play, with Knittle kicking the goal. That play, as it developed, decided the game. Once only was Wyoming dangerous and that was when penalties inflicted upon Normal placed Wyoming within 15 yards of their goal. Realizing an attack on Normal's stonewall defense was futile, Cross made his second attempt at a field goal and it was good by inches. After that Wyoming was on the defensive throughout practically the entire game.

#### GREAT NORMAL CROWD

It was a rattling Normal contingent that was on hand to root for the team. A hundred and sixty gold and maroon bedecked rooters accompanied the team from Bloomsburg on a special train and at Kingston they were joined by hundreds more. On the east stand they banked, hundreds strong, with the maroon and gold of Old Normal, flaunting more defiantly than ever before on a Wyoming field. It was a team with confidence; it was a crowd even more confident. But all this confidence was not confined to the east stands for over on the other side of the field the alumni and students of Old Wyoming, stimulated by the music of Alexander's band, rooted for the glory of their alma mater.

From the first few moments of play, Normal's superiority was demonstrated, as they held Wyoming

and then tore Wyoming's line to shreds. It was a joyous day for Old Normal and cheers and songs were sent defiantly across the field in one continuous roar, with the answering cheers of the Blue and White thundering back, at first confidently, then hopefully and at last hopelessly.

But it was a game fight that Wyoming made, and players and rooters accepted the bitter cup of defeat with the general expression of opinion that the better team had won. And by so doing Normal has placed their string of victories against Wyoming at four, with five defeats and two tie games. Is it any wonder there is rivalry between the teams ?

#### SCENES BETWEEN THE HALVES

Normal enthusiasm broke loose between the halves and for the first time the Wyoming students were forced to sit sadly by and see the Normal snake dance executed on their own field. Hundreds paraded the field and the strains of "Normal, My Normal" echoed and re-echoed across the field of battle.

## Alumni.

---

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No. 203.

Col. John G. Freeze who was a member of the first board of trustees of the Normal School, then the Bloomsburg Literary Institute, celebrated his eighty-fifth birthday, November 8th. He is the oldest member of the Columbia County Bar, hale and hearty for one of his years, and still continues the practice of his profession.

The Colonel is also at present a member of the Board of Trustees of the State Normal School, President of the Board of Directors of Rosemont Cemetery Company, Vice President of the Bloomsburg Free Library Association, and a vestryman in St. Paul's Episcopal church.

He has been a writer of note, author of the History of Columbia County and a book of poems called the Royal Pastoral. His many friends wish him many returns of the occasion.

Prof. H. E. Barrett, professor of Greek and Methods in the Normal School from 1873 to 1877, is now Principal of the Salina Street public school in Syracuse, N. Y. He occupies a fine new building well arranged, and well equipped, constructed after plans he had submitted. Prof. Barrett is deservedly popular with the school authorities, teachers, patrons and students of the schools. He is considered one of the strongest teachers, in all respects, in the city. Those who knew him when in the Normal School will readily endorse this estimate of his standing.

'76, Creasy, W. T., familiarly known throughout the state as "Farmer" Creasy, was recently reelected Master of the State Grange, all opposition disappearing at the time of the election. Jerome T. Ailman '71 was reelected, without opposition, State Secretary. Mr. Ailman is an influential member of the Legislature.

'78, Jones (Herring) Emma J. after years of intense suffering from that dreaded disease, cancer, died at her home in Sunbury, Tuesday, November 8th.

Mrs. Herring was born and raised in Bloomsburg, and for several years was a successful teacher and also took an active interest in civic and literary work, being a prominent member of several clubs. She was a life-long member of the Lutheran church, and so long as her health

permitted it took an active part in the work of the same, for many years being an official member of the Synodical Missionary Society of that denomination. While she resided in Bloomsburg for several years Mrs. Herring was the secretary of the Board of Managers of Joseph Ratti hospital, to the interests of which she devoted a great deal of time and labor.

She was an elocutionist of merit, and her services were always in demand and always freely given, when charity and other local entertainments were given.

The funeral was held at her home in Sunbury Thursday, Nov. 10. Interment in Rosemont Cemetery Bloomsburg.

'81, Sharpless, Harry F., of Seattle, Washington, to whose prowess along piscatorial lines reference was made in the last issue of the QUARTERLY spent about a week in town during the holiday season visiting relatives and old friends and school-mates. Harry's appearance is the best evidence that the far west agrees with him. He is very prosperous in his business ventures. He was accompanied by his wife, formerly Miss Carrie Brown, who was also a student at the Normal.

'83, Karschner, Rev. L. W., a member of the Wyoming Conference, is assistant pastor of the First M. E. church, Wilkes-Barre. His residence is at No. 27, E. Jackson street. Some one at our elbow is willing to wager that he now does

not participate in midnight parades.

'84, Kinports, Harry A., has for several consecutive terms been the president of the New York State Christian Endeavor Union. At its state convention held at Rochester, N. Y., in November, Mr. Kinports was presented with two silver loving cups—one by the Endeavorers of New York state and the other by the members of the C. E. Society of the First Presbyterian church of Rochester, the oldest society in the state. These beautiful gifts evidence the esteem in which Mr. Kinports is held by the New York state Christian Endeavorers, whose interests he has so greatly advanced by his personal as well as his official worth and work.

'84, Lowenberg, Joseph, (sp. course) died suddenly at his home in Norristown, Friday, November 4th. Death was due to heart disease, of which he had been a sufferer for some months. Mr. Lowenberg was a graduate of the Philadelphia College of Pharmacy, and for fifteen years has conducted a pharmacy at Norristown. He had been Secretary of the Montgomery County Druggists' Association for the past eight years. The Norristown papers speak of him in the highest terms respecting his character as a business man and as a citizen. His funeral took place at Wilkes-Barre, Sunday, November 6th, Rabbi Saltzmann officiating, interment in the Jewish cemetery, South Wilkes-Barre.

'88, McNiff, (Dougherty) Carrie represented the Steelton Civic Club in the convention of the Federation of Women's Clubs recently held in Scranton. Her report to the Steelton Club was so comprehensive and to the point that it was requested for publication. It appears in full in the *Steelton Reporter*, Nov. 5th. It is in all respects, one of the very best it has been our pleasure to read.

'90, Brown, Ira S. We are in receipt of a copy of the *Business Journal*, a magazine of business training published in New York City which contains a cut of Ira, and a very complimentary article. Mr. Brown has for some time occupied a very important position with the Underwood Typewriting Co. of New York city, and the general publicity work has fallen upon his shoulders. Among other good things about Mr. Brown the *Journal* says: "Every one who knows the man, his tireless energy, mature judgment and wise business discernment, cannot help but feel that his success will be continued.

"The *Business Journal* extends its heartiest congratulations to him in his new field of work, and in this we know that we are voicing the sentiment of the members of the profession generally.

'90, Gift, Rev. Foster U. has accepted a call to Calvary Evangelical Lutheran Church, Baltimore, Md. His address is 1948 W. North Ave.

'91, Smith, Elizabeth is head

teacher in the Lower School of the Military Academy at Montclair, N. J. We received a splendid letter from "Bess" and would let you read a portion of it, but she says: "I'll have your life if you publish any of this letter." If we had the space in this issue we would risk "our life" for your benefit and pleasure. You will see her next June; she's enthusiastic over the reunion of her class on its twentieth anniversary.

'92, Mausteller, W. B. hangs out a sign as a D. D. S. at 1702 North Sixth street, Harrisburg, Pa. The Doctor maintains a lively and practical interest in the Normal, and is "on hand" when her interests are involved.

'92, Deavor, Dr. T. L. is located at Syracuse, N. Y. and is very successful particularly in the line of surgery. His offices are at 803 E. Genesee street. He has been compelled to change location four times in order to secure offices which would accommodate the increase in his business.

'93, Guscott, Chas. H., is a deputy Sheriff of Luzerne Co. He was chairman of a district committee in the recent political campaign. Charles is often mentioned in connection with official positions "higher up."

'95, Riley (Mahon), Minnie, died at her home in Scranton, Monday, October 31, and was buried in the cemetery at her native place, Pleasant Mount, November 3rd. She

was for several years one of the most successful and best beloved teachers in the schools of Forest City. She was married in 1904 to Bernard Mahon, a very successful business man of Scranton. Her married life was one of great happiness. The funeral was very largely attended.

'96, Best, J. S., who was for a number of years a teacher in the Philippines, is doing High School work in Idaho Falls, Idaho.

'96, Fagley, William and wife, Julia Sharpless, '95, have returned East from Kansas City, and will remain for a few months. This was necessary to enable Mr. Fagley to settle his father's estate, of which he is executor.

'96, Lindsay, Janet A. A clipping from the *Pittston Gazette* was received October 20,—date of paper not indicated :

"At the residence of the bride's mother on Philadelphia avenue, last evening at 8:30 o'clock, Stanley T. Glidden and Miss Janet A. Lindsay were joined in the bonds of matrimony. The officiating clergyman was Rev. Dr. W. S. Barnes, pastor of the First Presbyterian church. The wedding was witnessed by only a few of the immediate relatives of the contracting couple.

Following the ceremony a wedding repast was served and the happy couple received the congratulations of their relatives. They were the recipients of a large array of

gifts. Mr. and Mrs. Glidden left on an automobile trip to Canada; the Great Lakes and the Thousand Islands. Upon their return they will take up their home with the bride's mother.

Both Mr. and Mrs. Glidden are well known throughout this locality. The bride is the daughter of Mrs. Margaret Lindsay. She is a highly esteemed young woman of attractive traits of character and for some years past has been a teacher in the West Pittston public schools. Mr. Glidden holds a responsible position as a mechanical engineer with the D. L. & W. at Scranton.

'96, Bartou, Harry S., until recently auditor of the Columbia Power, Light and Railways Company, has opened a real estate brokerage office in the First National Bank building. One of Bloomsburg's most energetic and popular young men, he is particularly well fitted for the business upon which he is entering. Mr. Barton has already listed a large number of properties.

'96, Shuman, Dr. Warren, having spent a year in the Hospital of the University of Pennsylvania has located at Jersey Shore, Pa. Dr. Shuman has already made for himself an enviable reputation as a physician and surgeon. We congratulate the people of Jerseyshore and vicinity.

'96, Wegge, Mary A., and Francis P. Gillespie of Pittston were married in St. Philomena's Catholic

Church, Hawley, Pa., at 9 o'clock Wednesday morning, Nov. 23.

The groom is one of Pittston's exemplary young men and for many years a prominent contractor.

Following the ceremony a wedding breakfast was served at the home of the bride's mother. The dining room was decorated with cut flowers and ferns, the color scheme throughout being green and white.

After a short trip to Washington and Baltimore via New York city, Mr. and Mrs. Gillespie will reside in Pittston.

'97, Traub, Charles, formerly employed by the Columbia Power, Light and Railways Company is now principal of one of Plymouth's public schools.

'97, Baldy, Helen P. (sp. course) was married Oct. 20 to Mr. William A. Bachman of York, Pa. The ceremony was performed in St. John's Episcopal Church of Catawissa, on the thirtieth anniversary of the wedding of her parents and with the same rector officiating. There were about one hundred relatives and near friends present. Upon their departure for an extended wedding tour to New York, Washington and Old Point Comfort they were tendered a serenade at the train by the Catawissa band.

'98, Morgain, U. Grant, has disposed of his extensive business in Bloomsburg as baker and confectioner. We hear that he intends "going on the road" as a salesman

in which no doubt, he will achieve success.

'99, Marks, C. H., an Attorney at law with offices at Plymouth, Pa., died January 3rd after an illness of only a few days of stomach trouble. He was secretary of the borough of Plymouth, attorney to the Plymouth township board of commissioners, and also to the township school board. He was also chief clerk in the office of the Recorder of Deeds of Luzerne county. Funeral services were held at his late residence on Academy St., Wilkes-Barre Saturday morning. The body was taken to Catawissa for interment.

It is stated that Mrs. Marks, formerly Miss Jennie S. Carl, '99, will likely be appointed to the clerkship in the Recorder's office made vacant by the death of her husband.

'99, Armstrong, Dr. T. S. practices medicine at McKeesport, Pa., with offices at 919 South Evans Avenue. He graduated at the Jefferson Medical College, Philadelphia in 1903 and for some time was the physician at the McKeesport hospital.

'00, Geary (Zern) Ada. The editor receives the following card: "Mr. and Mrs. E. N. Zern announce the birth of a baby boy, day 13th, month December, year 1910, Farmington, W. Va." Another candidate for the B. S. N. S.

Mr. Burr, who is superintendent of the Pennsylvania division of the Delaware and Hudson railroad, had several officials of the railroad from Albany as his guests.

Dr. Patten, besides being a prominent dentist, is also one of the successful business men of Carbondale. Frank E. Patten '94, participated in this function and says: "it was great."

'01, White, Dr. Daniel W. (sp. course) We clip the following from the Carbondale *Leader* Nov. 3: Dr. Daniel W. White of this city, who is the United States eye and trachoma expert at large with headquarters at Washington, D. C., has been called from the Manhattan Eye and Ear Hospital of New York city, and ordered to proceed to the United States Carlisle Indian school to make a complete and thorough inspection of the eyes of the large body of students at the famed Indian school. Dr. White is spending the day with his mother, Mrs. John W. White, on Seventh avenue, enroute to Carlisle. Dr. White will hold an eye clinic at the Moses Taylor hospital in Scranton today, and a large number of the leading eye specialists of the valley will be in attendance to witness the opera-

tion, which is said to be a very difficult one, and the first of its kind ever performed in Pennsylvania.

'02, Gorrey, Francis (sp. course) was married Dec. 14 at Kingston, Pa., to C. Fred Lenhart, of Berwick, one of the Commissioners of Columbia county. The ceremony was performed by Rev. S. L. Haynes, pastor of the Kingston Presbyterian church.

'03, Roberts, Elbert was married at Sunbury, Pa., Wednesday Nov. 24, to Miss Myrtle Johnson of Bloomsburg, Pa. The ceremony was performed by the Rev. Oscar G. '05, Brooke, Walter S. who was employed as an artist in New York city was taken suddenly ill the last week in December and was removed to St. Luke's Hospital where an operation was performed. He seemed to be in a fair way to complete recovery when complications

arose, and at this writing although he is critically ill there are strong hopes of his restoration. The tenderest sympathies and prayers of their legion of friends are extended to the anxious parents. Walter was brought to his home on South Market Street, Bloomsburg, on Jan. 13.

'05, Champlin, Paul (sp. course) is taking a medical course at the University of Michigan, Ann Arbor. Tho the entrance requirements of that institution are now very rigid Mr. Champlin met them all and is now distinguishing himself by excellent work in the elementary subjects.

## Alumni Reunions

### SCHUYLKILL COUNTY.

From the Shenandoah *Evening Herald*, October 20.

The first annual banquet of the Bloomsburg State Normal School Alumni Association of Schuylkill county, which took place last evening at the New Hotel Ferguson, was one of the most successful affairs of its kind that has ever been held in this region. Nearly one hundred members of the Alumni Association and their guests were present.

To say that they enjoyed the banquet does not give the same amount of justice that they gave to the excellent repast. This was prepared and served in a manner that reflected great credit on Mine Host Causser, and his corps of assistants.

The table fruit decorations were made by Cox, the grocer.

After the banquet addresses were made by Dr. D. J. Waller, Jr., Miss Mary A. Good, and Miss K. Maud Smith, who represented the faculty of the Normal School. They talked in a very entertaining manner, and their discourses were thoroughly enjoyed by all present.

Many of the others in attendance related delightful personal reminiscences of their school life.

Toast Master R. A. McHale performed the duties of that office in a very able manner.

Altogether the affair was very enjoyable and the members parted with the understanding that they would again gather around the festive board during institute week next year at Pottsville.

The following officers were elected for the ensuing year: President, W. D. Cather, Pottsville; Vice President, J. R. Lewis, Shenandoah; Treasurer, G. W. Carl, Ashland; Secretary, Miss Margaret Burke, Shenandoah.

#### LUZERNE COUNTY.

From the *Wilkes-Barre Record*, October 28.

Nearly 300 members of the Luzerne County Alumni Association of Bloomsburg Normal School attended the twenty-first annual banquet of the organization at Hotel Sterling last night and as on former occasions, the affair was a decided success. Previous to the banquet a business meeting was held at which Granville J. Clark, president, and all other officers were re-elected.

An elaborate menu was served in the banquet hall on the second floor. Attorney Clark officiated as toastmaster and filled the position very ably. Reminiscences of Normal School days were recounted and everyone had a most enjoyable time. Features of the program were the addresses of Dr. D. J. Waller, Jr.,

principal of the school, and Prof. G. E. Wilbur, teacher of mathematics. The other instructors present were Prof. J. G. Cope, teacher of physics; Prof. F. H. Jenkins, Prof. W. B. Sutliff, Miss Madelia A. Waterbury, Miss Mary Ellis and Miss Mary Lowry.

Dr. Waller's remarks were not lengthy, but instructive and comprehensive. He told the alumni about the work that has been and is being accomplished since their graduation. He explained several new features that had been installed and made special mention of the department of science, stating that the management had decided to install a wireless telegraph system. The speaker talked briefly on the good work that has been done by members of the alumni.

Following the menu the tables were removed, and while Oppenheim's orchestra, which played during the serving of the menu, discoursed attractive music, a majority of those present enjoyed themselves in dancing.

#### DAUPHIN COUNTY.

*Harrisburg Telegraph*, Nov. 4.

A call sent to as many members as could be reached on short notice resulted in a most enjoyable meeting last night of the Bloomsburg State Normal School Alumni of Dauphin county, followed by a banquet at the Commonwealth Hotel. Covers were laid for twenty-six.

Dr. D. J. Waller, Jr. principal of the Bloomsburg school, presided as host. Professors J. G. Cope, O. H. Bakeless, F. H. Jenkins, Miss K. Maud Smith and Miss Atterbury of the faculty were present.

The event proved so pleasant that an association was formed to meet annually, probably during county institute. These officers were chosen to serve with a committee of three: President, Mrs. John H. Daugherty; Vice-president, Dr. Grace Wintersteen; secretary, Mrs. E. H. Gottschall; Treasurer, Miss Margaret Sullivan; executive committee, Dr. Marsteller, Mr. Wren and Miss Swank.

Other members present were ; Mrs. M. H. Thomas, Mrs. Gertrude E. Miller, Mrs. M. P. Johnson, Misses Margaret and Genevieve Burns, Mary H. Pendergast, M. Katharine McNiff, Nora and Elizabeth Glancy, Caroline Black, Anna C. Sandoe, Messrs. H. P. Brubaker, Halifax; H. F. Yearick and T. B. Denn.

#### SHAMOKIN.

*Morning Press*, Nov. 7.

The first annual banquet of the Bloomsburg Normal School graduates who reside in Shamokin and vicinity, was held at the Hotel Graemar Friday evening, the event proving to be enjoyable. Fully twenty members of the new alumni association gathered in the parlors of the Graemar, renewing old ac-

quaintances and binding new ties of friendship.

A short business session was held following which an elaborate menu was served. After the inner man had been fully satisfied, speech making and toasts became the order of the evening. Many of the speakers during the time they occupied the floor, spoke reminiscently of the by gone days. In fancy their hearers were again conveyed to the old scenes when they were school rivals, both in athletics and in studies. The trials, sorrows and joys of those days were realistically rehearsed until the banqueters seem to again feel the blood of youth coursing through their veins.

Curtis Yocum, superintendent of the Coal township schools, who is a graduate of the Bloomsburg institution, was one of the principal speakers of the evening. He gave an interesting address, which was thoroughly enjoyed by all. At a late hour the affair broke up, the members of the party departing for their homes voting the affair a success in every feature.

WAYNE COUNTY—The first annual banquet of the Wayne County Association was held at Honesdale on Wednesday, November 16th. The business meeting convened immediately after the close of the afternoon session of the institute. Prof. Mark Creasy was reelected President, William D. Watkins, Vice President; Alma Noble, Secre-

tary and Treasurer. At the close of the business session those present formed in line and marched to the caterers where, after a delightful social session, an especially fine menu was served. The menu cards were very neat and attracted much attention. Dainty little cards served to locate each one in the proper place at the tables. Prof. Creasy, in an admirable manner performed the duties of toast-master. Prof. Wilbur, Prof. Sutliff and Prof. Albert, representing the school, made appropriate remarks. District Attorney Simons, Prof. Watkins, and others participated in the *talk-fest*. The occasion was very enjoyable, and greatly reminded one, in spirit and jollity, of a large family gathering, as indeed it was, all sounding the praises of Alma Mater. Thirty-two were present. It is expected that at the next reunion every graduate and old student in the county, unless prevented by sickness or some other unavoidable situation, will be there. The fame of this meeting has gone throughout the land.

Some other reunions have been held but we have not the data necessary to give an account of them.

The Registrar requests the Alumni and others to aid him in completing the files of Catalogs. We need the following '76, '77, '78, '79, '80, '81, '82, '83, '86, '88, '94.

Will you please try to supply us.

The Alumni List will be in the hands of the printer before the next issue of the QUARTERLY. Any corrections to the list as it now is will be very gratefully received. Every effort is being made to have this list as nearly correct as possible. You can materially aid us. Do it Now.

### Philologistian Society

The work of the first term of this School year has been completed, and Philo is proud of what it has accomplished.

The plan mapped out at the beginning of the year has been followed with great success. This is due not only to the merits of the plan but also to the willingness of the members, both new and old, to take part in whatever way they could.

During the first six weeks of the term the society made a study of the life and works of Alfred Tennyson. In this study a sketch of his life, and reviews of his principal works were given. Browning was the subject of our study during the next weeks, and the contrast between these two English writers living at the same time was clearly shown.

A Girls' Glee Club of between thirty and forty members and a Boys' Octette have been organized under the competent direction of Miss Letson.

The dramatic side has not been left undeveloped. The comedy and English classic, "The Rivals" by Richard Sheridan was chosen for presentation. This, under the efficient coaching of Miss Ellis, scored a big "hit" on December tenth, before a house of between six and seven hundred.

On Thanksgiving Day we held our annual reunion. A goodly number of former Philos added greatly to the pleasure and success of the day by their presence. At 10:30 a. m. a meeting was held in the Philo Hall, at which the following program was rendered: Presidents Address, C. Carroll Bailey; Piano Solo, Miss Geraldine Hetler; Reading, Miss Jennie Whitmire; Address, Mr. J. W. Clark; Short talks by old Philos; Address, Relation of the Society to the School, Dr. D. J. Waller.

The gymnasium as usual was artistically decorated with spruce, bunting, pennants, etc. This proved to be the place of attraction during the afternoon. Here former students met and exchanged experiences, and dancing was enjoyed.

The company engaged for the evening entertainment failed to put in its appearance, but the Bureau has since arranged to furnish another entertainment. Barring this disappointment the day was a marked success.

## Calliepian Society

The society is flourishing now as never before. The members have awakened to the fact that a good thriving society depends upon the members in general, and not solely upon the officers. The members have shown their interest and enthusiasm for good literary work by having made a study of Rudyard Kipling's works during the latter part of the fall term.

Special interest has been shown in debating. Debates have been arranged for some weeks to come. Among the several questions which have been chosen by the debating committee are those relating to Literary questions of the present day. Such as the Bacon-Shakespearean discussions, and those which bear directly upon the welfare of our country at the present time.

Owing to the musical talent in our society, this year we have decided to give for our annual program a comic opera entitled, "Priscilla."

Arrangements are being made for the reunion. We would be pleased to see a goodly number of our old members back. We know that you will be pleased to see the unusual enthusiasm which our members have, and not only that, but the work that the enthusiasm has accomplished.

## College Opportunities for Normal Graduates

It has long been a source of regret to the many college men connected with the teaching force of the various Normal Schools of the state that the Normal Schools and the many colleges of the state have failed to properly co-operate.

The increasing number of those holding Normal diplomas who have taken up college courses, and the earnest and excellent work of the Normal graduates in the various colleges, have produced a marked change in the attitude of college authorities of late, and now many colleges are affording special opportunities for such students. The great university of our state has been among the first to so arrange its regular and summer courses as to provide additional educational opportunities for this class of students. The work of the Normal Schools is now fully recognized, so far as it bears upon regular college work, and Normal graduates may now obtain college degrees with less than four years' college residence by taking proper advantage

of the summer courses offered.

Many courses are also provided by the University of special interest and advantage to teachers who do not intend to complete a regular college course.

The University of Pennsylvania is this year providing courses of such a character as to make closer than ever before its co-operation with the Normal Schools of the state in providing advanced professional training for teachers, principals and supervisors. Normal School graduates wishing to earn a college degree are given credit by the University for such work as they have satisfactorily completed in the Normal School of college grade, and are often able, by supplementing several terms of Summer School work by one year in regular residence at the University or attendance upon the College Courses for Teachers, to complete the college course in four or five years.

This co-operation between the Normal Schools and colleges can not fail to be of great mutual benefit.

## Wireless at the Normal

The wireless telegraph station mentioned in our last issue is now in regular operation. Communication is regularly maintained with various local stations and, as soon as certain adjustments of the sending apparatus now in progress are completed, long distance work will be attempted. The receiving instruments have already given much better results than were expected from the disadvantageous location of the school in the very heart of the Pennsylvania mountains, and messages are frequently intercepted from various Atlantic coast stations, the commercial station at Cape Cod, nearly 300 miles distant being clearly heard on many occasions.

The instruments have been installed in class-room L-4 in the main building, and it is proposed to install additional instruments in the Physical Laboratory to give the students of the Physics department opportunity for practical work in this branch of electrical science.

Much interest in the station has been aroused locally and a number of students and citizens have installed short distance stations in the town, and have the advantage of practice with the Normal School station. It is expected that this interest will extend to some of the neighboring towns, as short distance equipments may be easily constructed and will afford much pleas-

ure and profit to their owners.

Those in charge of this station are pleased to demonstrate the apparatus to those interested and to give any information that may be desired concerning the establishment of inexpensive stations to get into communication with it.

The team, as a whole, scored 248 points while 329 points were recorded by the opponents combined. The schedule as framed by the manager, Prof. Albert, was rather strong, compared with other years. Teams with great reputations were met for the first time by this year's five. #### ERICKSON LEADS IN SCORE.

A complete resume of the season's individual work of the squad gives Carl Erickson the season's honor of scoring the greatest number of points, namely 77, of which 11 points were scored from the free line. Second honor falls to Donald Ikeler, with 74 points of which 4 points were scored from the free line. The following averages are the complete record of the squad.

#### NO ELECTION FOR CAPTAIN.

The annual election for varsity captain is to be deferred until next

Fall when the preliminary training commences. Of this year's squad nine of the ten men have represented this school on the floor for the last time last Saturday. These nine men are members of this year's senior class while Dobson, a new man, is the only varsity player to return to the Normal next year.—*Morning Press*.

#### GIRLS' BASKET BALL INTER-CLASS CONTEST.

An interesting feature of the Gym work during the past term was the inter-class contest in Basket Ball among the girls of the school. The series was stubbornly contested throughout, but the Senior girls proved the victors by a narrow margin. A small admission fee was charged for these games, to which only the ladies of the school were admitted. A handsome cup was purchased with the proceeds, and this was formally presented by Dr. Waller to the President of the Senior class as representing the winning team, after the regular chapel exercises on April 4th. The cup, suitably engraved with the class numerals of this year's winning team, will be held as a trophy to be contested for by similar teams in the future.

#### BASE BALL COACH.

To the students of five or six years ago much of the athletic life of the school centered about the doings of those two redoubtable stars, Chief Schmaltz and John Weimer.

When they were in the game, confidence in the outcome was never lacking.

Fortunately for the athletic interests of the school both of these men are again joining their skill and wider experience with the forces of the institution which held them both as students, not only of marked athletic ability, but as men of fine character.

"Chief" Schmaltz, as he will ever be known here, is already upon the ground. The trustees were fortunate in securing him to coach the base ball team this Spring. This is not his first experience as the coach of our team, as he had entire charge of the base ball team the year following Dr. Aldinger's departure. The marked success of that season's work will not soon be forgotten. The team is also fortunate this year, in having an able and experienced captain. Captain Sharadin is one of the best all round base ball players the school has ever had. A fine pitcher, a first class outfielder, and always feared by opposing teams when at bat, his selection as captain is most fitting.

#### NEW PHYSICAL DIRECTOR.

The trustees have announced the election of John Weimer as head of the Physical Training Department. He will assume his new position in September. His coming will assure the services of a man experienced in every line of sports taken up here.

#### BASE BALL SCHEDULE.

Twenty games for the Bloomsburg State Normal School team comprise the schedule for the coming season as arranged by Manager Prof. J. Y. Shambach. Of this long list of games fifteen are to be played in town—twelve on the school grounds and three on the Susquehanna League grounds.

One pleasing part of the schedule is the three-game series with the local league team on May 3d, 9th and 11th. Another gratifying fact is the revival of athletic relations with the Bucknell University, due here for a game on Monday, April 24th. Wyoming Seminary is due here on the afternoon of May 30 for one game. The schedule so far as completed calls for the following games:

April 12 — Bloomsburg High, league grounds.

April 15—Wilkes-Barre High, here.

April 22—Taylor Professionals, here.

April 24—Bucknell, here.

April 28—Away (pending.)

April 29—Away (pending.)

May 3—Bloomsburg, league grounds.

May 5—At Bellefonte.

May 6—At Lock Haven.

May 9—Bloomsburg, here.

May 11—Bloomsburg, league grounds.

May 17—At Wyoming.

May 20—Lockhaven, here.

May 27—Kutztown, here.

May 30—Wyoming, here.  
 June 3—Shippensburg, here.  
 June 7—Miltou (pending)  
 June 10—Bellefonte, here.  
 June 14—Freeland (pending.)  
 June 26—Steelton Y. M. C. A.,  
 here.

## Philo Society

It is with pleasure that Philo's officers accept this opportunity to acquaint former members and friends with some of her achievements and also some of her future plans.

The disappointment at Thanksgiving time caused by the failure of the Roney Boys to appear has been fully made up financially by the successful result of the entertainment given by The Parland Newhall Company on the evening of March 13th.

Our piano is now entirely paid for and a very substantial balance remains in the treasury.

The literary work of Philo's earnest and faithful members has been of such a character this year as to be a source of gratification to those in charge. The Life and Works of Mark Twain were taken up, thoroughly studied, and were very much enjoyed. Greek and Roman mythology has also been studied and the programs in which this featured were most interesting. An experiment was tried in which each class was placed in charge of the program for an evening. The Middlers and Juniors presented very

creditable work. The Seniors, of course, showed the most finished work, as they should. The experiment was voted a success as it served to arouse some people to active work who had a tendency to be inactive.

Tennyson's play, "The Falcon," is being worked up by some of the members, and together with some other numbers will be presented early next month as a public program.

At the last business meeting it was unanimously decided that the entertainment for Philo Reunion next fall should be the annual drama instead of outside talent. This seems to be advantageous in at least two ways. It will remove the risk of a disappointment like the one this year and will show to returning alumni the work of the society.

## Calliepien Society

The Callie Reunion on the twenty-second of February proved a delightful occasion. As usual, interest centered in the Gym, where the reunion proper was held. The gallery was decorated in the society's colors, interspersed with tufts of evergreen, while the walls were decorated with American flags, and red, white and blue bunting. The striking feature of the decorations, however, and the one that elicited admiration from all, was the canopy of yellow and white that cov-

ered the entire Gym. It was formed of twisted stripes of crepe paper, which, being kept in constant motion by the breeze, produced a very pleasing effect.

At eleven o'clock the yearly open meeting was held in Callie Hall.

The afternoon was spent in dancing in the Gym, music being furnished by "Erickson's Orchestra." In the late afternoon tea and wafers were served.

In the evening Durno, the Magician, assisted by Frank Shermon, Humorist, entertained the school in the Auditorium. After the entertainment dancing was again enjoyed until eleven o'clock. All united in declaring this one of our most successful reunions. Great credit is due the committee which had affairs in charge.

On the eleventh of March the following officers were elected :

President—A. K. Naugle.

Vice President—Jennie Harrison.

Rec. Secretary—Grace Johnson.

Assistant Rec. Secretary—Florence Morgan.

Corres. Secretary—Beatrice Foose.

Treasurer—E. Ray Austin.

Asst. Treasurer—Florence May.

Marshal—Paul Wagner.

Asst. Marshal—Charles Hendershott.

Registrar—Jessie Dersheimer.

On the sixteenth of March Callie presented "The Romancers," a comedy in three acts, by Edmond Rostand, author of the famous Chanticler.

The costumes were by Fischer & Son of New York. Owing to the untiring exertions of Miss Ellis, the play was a decided success.

During the latter part of the Winter term we have pursued, with more or less success, the study of Art and Artists.

The Journal staff is preparing a history of the Society for publication in the *Callie Journal*. It is requested that former members inform the staff of any items that might be of assistance to them.

Callie's progress during the Winter term has been most satisfactory. Our membership has increased to nearly two hundred, and includes many of the most talented students of the school. Perhaps the most pleasant feature of the term's work has been the good feeling existing between the two societies. While there is still a desirable spirit of keen rivalry, there is no longer a spirit of enmity. An exchange between the two society papers has been arranged, so that at present one of the most interesting departments of the *Journal* is the "Philo Exchange," prepared by the editor in-chief of the *Philo Advance*. This department has contributed materially to the present state of good feeling.

Altho we have been in some measure successful during the past two terms, we hope for even greater success in the future. "Praestantia aut Nihil" is our motto; we are endeavoring to prove true to it.

## Y. W. C. A.

The association begins its spring work under the leadership of the following newly elected officers:

President—Alfa Stark.

Vice President—Edith Cole.

Secretary—Helen Hartranft.

Treasurer—Lila Aston.

The retiring officers have finished a very successful year's work and leave the association in a flourishing condition. We anticipate an increased membership and renewed interest this term.

The term social is to be held in the gymnasium, Saturday, April 8th. The members of the social committee are working to excel, if possible, the good time we enjoyed at the winter term social.

On April 13th we are to have a visit from Miss Irene Sheppard, who is acting as student territorial secretary. As it has been some time since we were privileged to entertain a territorial officer, we are looking forward with eagerness to Miss Sheppard's coming.

Last term we answered a special appeal made by Miss Bartholomew of the Ellenwood School for Girls, Manila, P. I., by sending her the sum of fifty-three dollars for the support of one of the students in that school. The money was raised entirely by the associations and their friends. We take particular pride in the gift because it was contributed in addition to our regular missionary fund.

## Y. M. C. A.

Our officers for ensuing year are: President, Clarence Barrow; Vice President, John R. Jones; Secretary, P. Clive Potts; Treasurer, F. B. Cotner; Bible Study Committee, L. D. Savidge; Membership Committee, F. Dobson; Missionary Committee, E. R. Austin.

Our meetings have been well attended during the year and members were assigned different nights on which they should take charge.

Four men were sent to the State Convention at West Chester. The president's conference will be held at Allegheny College, Meadville, Pa.

We have not yet decided how many men will be sent to Northfield and Pocono Pines, but a delegation will be sent as usual.

State Secretary Deer visited us on Mar. 30 and 31st. In order that he might speak to us it was necessary to hold prayer meeting on Thursday night. He gave a splendid talk in which he said in his travels over the state he finds that if there is any side of a man's life that schools are likely to neglect it is the spiritual side. Mr. Deer said many people hold the opinion that if a man's mind is sane and his body sound, nothing more is needed; but they forget the spirit, which should come foremost.

## Alumni.

---

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No 203.

---

The students of 1867-71 who had the privilege and pleasure of reciting to Prof. Isaac O. Best, professor of Ancient Languages during these years, will be interested in the announcement of the marriage of his daughter, Harriet Gertrude, to Mr. Myron Lewis Morley at the home of the bride's parents, Otisco, N. Y., February 21, 1911. Mr. Morley is a nephew of Mrs. L. E. Barrett for several years principal of the Model School.

---

Miss Clara Smith, teacher in the department of Mathematics at Wellesley College, has been granted a year's leave of absence which she will spend abroad in travel and study. Upon her return she will resume her work in the College.

---

Bloomsburg friends of Dr. A. K. Aldinger will be interested in learning that he is now head of the physical department of all the New York City schools, a position that is equalled by few of the kind in the country.

When Dr. Aldinger first went to New York City he became physical director of one of the boys' high schools but his work there has been

of such a satisfactory character as to win for him the promotion.

Those familiar with his work in Bloomsburg are not surprised that he has risen to the height he has in his chosen profession.—*Morning Press*, Apr. 6.

'69, Schuyler, W. Henry (Coll. Prep.) is pastor of the Presbyterian Church at Center Hall, Pa. Last September he delivered a sermon at the Harvest Home Service of the 37th Annual Encampment of the Patrons of Husbandry at Center Hall, which received marked attention and has been published in pamphlet form by the Centre County Pomona Grange.

'80, Barton, Dr. Edith, has so fully regained her health as to again take up the practice of medicine in the city of Scranton. She conducts a private hospital on Adams Avenue and is having great success. She is deservedly popular as a physician and as a woman.

'83, Karschner, Rev. Lloyd W., at the recent session of the Wyoming Conf. M. E. Church, was transferred from the position of assistant pastor of the First Church of Wilkes-Barre to the pastorate of the M. E. Church at Wyalusing, Pa.

'83, Hight, Frank R. has resided in California for the last twenty-one years and for the last fifteen years has been cashier and general manager of the "Old Bank of Hanford" at Hanford, Kings County.

In March, 1911, he came to his old home at Tunkhannock, Pa., with his wife and four children, to attend the 50th anniversary of the marriage of his parents which was fittingly celebrated on 21st March.

On 24th March Frank came to Wilkes-Barre where he was entertained at luncheon at the Hotel Sterling by his classmate G. J. Clark who had as guests D. M. Hobbes, '83, and Rev. L. W. Karschner, '83. In the evening of March 24th Mr. and Mrs. G. J. Clark gave a dinner in honor of Mr. Hight at their home in Luzerne, Pa., and had as guests Sallie Maguire Hibbs, '83 and husband, Charles R. Powell, '83, and wife, Mrs. Abbie Leonard Ashley, '83, and Miss Ella J. Nicely, '83. It was a reunion of classmates and friends and the school days of '83 were lived over again, and the flight of time annihilated and forgotten.

Mr. Hight returns to his far western home about April 10th and leaves word for all his classmates and friends to visit him in the land of sunshine and flowers, where they will be welcome at any time.

'86, Fisher, Emma, is now Mrs. M. H. Thomas, and resides at 222 Maclay street, Harrisburg, Pa.

'86, Wood, A. Sue, died at the Riverside Hospital, Wilkes-Barre, Pa., Monday, January 30, 1911, after an illness of about three weeks. Since graduation she has taught almost continuously in the Wilkes-Barre schools. The following is a

portion of an article from a Wilkes-Barre paper of January 11:

"Miss Wood had not only a large circle of acquaintances, but many friends who respected and loved her for her many traits of character. Many of her pupils whom she taught years ago have grown up to be men and women of worth to the world. She was a woman beloved by her scholars at all times, ever ready to assist them, and with a desire for their future betterment.

After completing her studies in the public schools of this city Miss Wood entered the Bloomsburg State Normal School, from which she was graduated with high honors. A short time after graduating from this institution she accepted a position as teacher in the schools here and continued teaching until about three weeks ago. Miss Wood had the distinction of being the oldest and most capable teacher in the city and her place will be hard to fill. Her gentle disposition and pleasing manners won for her the respect of all, and her death will be sadly felt by a legion of friends.

For a number of years Miss Wood was an active member of the Central Methodist church, and at one time was a member of the choir of that church. She was a member of the Musical Art Society.

The funeral will take place from her late residence, 418 South Franklin street, on Thursday afternoon at 2:30, and will be private. Interment will be in the Wood plot at

Hollenback Cemetery.

'88, Hartman, W. Wade (sp. course). Columbia County friends and relatives of Rev. W. Wade Hartman, a Buckhorn boy and a former student of the Bloomsburg State Normal School, will be interested in learning that a largely attended farewell reception was tendered his family and him prior to their departure for Tyrone by the congregation of the Hollidaysburg Methodist Church of which he has been the successful pastor. Highly eulogistic resolutions were unanimously adopted by the congregation. The congregation to which he goes pays a salary of \$1,800 and gives over \$1,500 to missions.—

*Morning Press.*

'89, McCollum, Mary E. Readers of the QUARTERLY may be interested to know the facts regarding the responses to our requests for names and addresses of prospective students. The first one received was on Jan. 21st, from Miss Mary E. McCollum, of Plymouth, Pa.

The last copies of the QUARTERLY were mailed on Friday and Miss McCollum's response was received on Saturday. If all requests sent out were as kindly attended to, the school would be overflowing in attendance.

It gives us much pleasure to award the blue ribbon to Miss McCollum.

'90, Callendar, Rev. Clark, has been transferred from the M. E.

Church at Taylor, Pa., to Nanticoke. Mr. Callendar has rendered very effective services as pastor of the Taylor congregation.

'91, Longshore, Katharine, is President of the State Teachers' League of Pennsylvania, and, in fact, was the prime mover in the organization of the League. She with others recently appeared before the Senate and House Committees on Education urging the incorporation in the new school code of some plan to aid State pensions for teachers, and other provisions to make the profession more remunerative and more desirable as a life work. It is stated that the most effective arguments were made by Miss Longshore.

'92, Robison, Martha. We clip the following from a recent issue of a local paper:

"Miss Martha Robison, of North street, Field Secretary of the Pennsylvania State Sabbath School Association, is spending this week in Perry County addressing several meetings, and giving instructions to Sunday School teachers. Next week she will be similarly employed in Lycoming county."

'92, Shafer, William A., is a well known attorney and Real Estate Agent at Stroudsburg, Pa. He is also a member of the Board of Education. An excellent half-tone picture of Will recently appeared in the Philadelphia *Inquirer*.

'93, Kurtz, Ella B., Registered Nurse, has been in charge of the

School for Nurses for several years at the German Hospital of Brooklyn, N. Y. She writes an interesting letter full of love and loyalty for "Old Normal," and in speaking of Prof. Noetling says: "His teachings have been an inspiration to me in all my work."

A very complimentary article in the Centreville (Md.) *Record* closes as follows:

"Since his first day in office Mr. Grimes has manifested a deep and sincere interest in the duties of a County Superintendent, and has been untiring in his efforts to place the public schools of Queen Anne's county under proper and systematic management. To do this he must have the co-operation of the teachers and trustees and it is hoped that they will give him their undivided support."

S. Grant school, located at Seventeenth and Pine streets, one of the oldest school buildings in the city, to the Thomas Durham school at Sixteenth and Lombard streets. The Durham school is a new building, just completed, and is the finest school building in the city.

This advancement, dating from

Jan. 3, 1911, after only four months' service in the Philadelphia schools, certainly attests to his ability in the profession. He is a graduate of the Bloomsburg State Normal School, of the Dickinson School of Law and a member of the bar of this and Columbia counties. His friends in this vicinity are pleased to learn of his merited promotion."

The many friends of Mr. Skeer in Bloomsburg, will be pleased to learn that he has secured a position for which he is especially well adapted, and the School Board of Lockport is to be congratulated upon secur-

ing the services of Mr. Skeer.

The *Scranton Truth* of March 1, says: "Several of the Bloomsburg State Normal School faculty were present at the annual reunion of the Alumni Association of North-eastern Pennsylvania of this school, which was held last night in the Scranton Bicycle club house. The affair was one of the most successful reunions this organization has conducted. Representatives from every class of the past 20 years were present.

Hughes of the Technical High School faculty, acted as toastmaster. After dinner talks were given by Prof. G. E. Wilbur and Prof. J. G. Cope of the Bloomsburg school faculty; J. C. Brown, postmaster of Bloomsburg, and trustee of the school; Prof. A. H. Welles of the Central High school, and Dr. Fred M. Davenport of this city. All class reunions will be held Tuesday, June 27, from 2:00 to 5:00 p. m.

Listen to this clarion call of the

**CLASS OF '96.**

**STOP! LOOK!! LISTEN!!**

A movement is on foot to make the coming fifteenth year reunion of our class not only the best we have ever held, but one of the best Old Normal has ever known. That achievement will be impossible unless YOU help.

Every member of this illustrious class who will attend the reunion, who will work for it, or who has a suggestion for making other persons work for it, will please communicate at once with Miss Harriet F. Carpenter, 304 W. Fifth street, Bloomsburg, Pa.

A class pin, class of '07, was found last fall in the Ladies' Waiting Room of the station at North-

umberland. The owner can secure the same by writing to Prof. F. H. Jenkin.

The Registrar, Prof. Jenkins, requests the Alumni and others to aid him in completing the files of Catalogs. He needs the following: '76, '77, '78, '79, '80, '81, '82, '83, '86, '88, '94. Please try to help him.

The editor of the Alumni department desires to thank those who so kindly aid him to secure information concerning old students. He finds it practically impossible to acknowledge each communication. Please accept this statement as an expression of his gratitude. Continue the good work, and enlist others in the enterprise.

**LOCALS.**

Spring once more.

\*\*\*

The voice of base ball is heard in the land.

\*\*\*

Prof. Cope says his fishing tackle is in good order.

\*\*\*

Don't mention "chickens" to Prof. Goodwin. The counting machine on the incubator went wrong somehow.

\*\*\*

Miss Julia Brill, class of 1910, after a year's successful teaching in the public schools, has returned to the Normal as general assistant for the spring term.

Now doth the school girl's Easter  
bonnet

Require a full sized city lot ;  
And "Chief's" bold Mt. Olympus  
warriors

The festive base ball gaily swat.

\*~\*

The flower bulbs planted on the  
campus last fall have responded  
most attractively to the mild spring  
weather, and promise what is for  
the Normal a most unusual Easter  
display of color.

\*~\*

Miss Waterbury, the girls' pre-  
ceptress, seems to have unusual  
notions about the proper way to  
enjoy vacations. Immediately up-  
on her arrival home at Ballston Spa,  
N. Y., at the beginning of the  
spring vacation she was taken quite  
seriously ill and, while now recov-  
ering, has not yet been able to re-  
sume her duties here.

\*~\*

Perry Freas, our efficient super-  
intendent of buildings and grounds,  
has been quite seriously afflicted  
with inflammatory rheumatism for  
the past few weeks. His many  
friends will be glad to learn that  
the milder spring weather has  
brought about a great improvement  
in his condition, and it is hoped he  
will soon be able to resume active  
charge of his duties.

\*~\*

Prof. J. E. Gillespie, of Ithaca,  
N. Y. is a new member of the Nor-  
mal Faculty this spring, assuming  
the duties of C. L. Albert, who re-

signed to accept a business oppor-  
tunity in Ohio.

Mr. Gillespie is a native of New  
York state, a graduate of Cornell  
University, received his master's  
degree from Harvard, and comes to  
Bloomsburg with the highest rec-  
ommendations.

\*~\*

The trees on the Normal campus  
are being provided by the trustees  
with attractive enameled iron labels  
showing the scientific and common  
names of the trees to which they  
are attached, an improvement which  
can not fail to be of great advantage  
to our students. The variety of  
trees to be found upon our campus  
is surprising to those who have not  
given the matter much attention,  
and Prof. Hartline, to whose de-  
partment the supervision of such  
details belongs, is regularly increas-  
ing both the number of our trees  
and their variety with each recur-  
ring Arbor day.

### MUSIC DEPARTMENT NOTES.

The Music Department, under  
the capable direction of Mrs. John  
K. Miller, is "full up" with work  
this term. In addition to the reg-  
ular work of this department its  
teachers have found time to bring  
the society choruses to a high de-  
gree of efficiency. Callie has a girls'  
chorus, and Philo has both a girls'  
and a boys' chorus, all of which  
have aided most acceptably in the  
rendering of society programs.

On March 6th the Boys' Glee

Club of the school rendered a very enjoyable recital in which they were ably assisted by Miss Ellis, as Reader, and Miss Sara Milleisen of town, as Violinist. Mr. L. D. Savidge rendered several bass solos with much effect.

### FOOT BALL DATES.

Manager Leonard of the Foot Ball team has closed the following dates for the team next fall. It will be observed that the schedule again opens with Lafayette College, and the promise of a fast schedule has been secured :

Sept. 23—Lafayette at Easton.

Oct. 7—Carlisle, here.

Oct. 14—Dickinson Seminary at Williamsport.

Oct. 21—Pending, away.

Oct. 28—Pending, at home.

Nov. 4—Lockhaven, at Lockhaven.

Nov. 11—Wyoming, here.

Nov. 30—Gettysburg, here.

Manager Leonard has also games pending with Ursinus, Bucknell, Muhlenburg and several minor schools.

### BEN GREET PLAYERS.

The Ben Greet Shakesperean Players who so much delighted two large audiences here last year will appear in the Normal Auditorium during the coming term. The date fixed upon is June 16th, and the plays to be rendered this year are "The Tempest" and "Midsummer Night's Dream."

Mr. Ben Greet will appear at

Bloomsburg in person with his company this year.

The price of seats will be 50 cents for the two performances for all High School and other students of the county, and a limited number of \$1.00 and \$2.00 seats will be placed on sale to accommodate others interested in these plays.

Tickets will not be on sale this year at Bidleman's, as Prof. C. H. Albert will have charge of all arrangements and all applications for seats should be made direct to him.

### COMPETITIVE EXAMINATIONS FOR ANAPOLIS AND WEST POINT.

Congressman J. G. McHenry of this congressional district has made a departure from the usual practice in making appointments to the government naval and military academies, for which he should receive much credit, and which can not fail to be appreciated by his constituents.

Mr. McHenry has occasion this spring to recommend a young man to each of the above mentioned government schools, and instead of exercising his congressional prerogative in the matter, has announced that he will appoint the young men who stand highest in a competitive examination to be held at the Bloomsburg Normal School on Thursday, April 20th at 8:00 a. m. by an examining board, of which Dr. Waller is chairman. This board consists, in addition to Dr. Waller, of County Superintendents Fetzer, of Northumberland; Kilgore, of Sullivan; Derr, of Montour, and Evans, of Columbia.

Interested parties may receive further information concerning this examination on application to Dr. D. J. Waller, Jr.

"Entered as second-class matter July 1, 1909, at the post office at Bloomsburg, Pa.,  
under the Act of July 16, 1894"

VOL. XVII

OCTOBER 1911

NO. 1

## An Explanation

Readers of the QUARTERLY may have missed our usual July number. This was due to the fact that, owing to a ruling of the Post Office Department, the school catalog, which is now regularly issued as one of the numbers of the QUARTERLY, may no longer be mailed as an extra number as heretofore, but must take its place as one of the four regular issues. Our readers may hereafter expect, therefore, three news numbers and one catalog number of the paper during each school year.

## The New Four Year Course

The new four year Normal Course provided by the new School Code is successfully under way at Bloomsburg. Three sections of First Year students, two of the Second Year, and one of the Third Year are finding their time fully occupied by the studies of the new course this year. Some difficulty was found by Mr. W. B. Sutliff in obtaining a satisfactory system of nomenclature to properly describe the various

sections and years of these students in arranging the school program, but a cabalistic combination of letters and numerals was decided upon and is gradually becoming familiar to both teachers and students.

The new course promises, on better acquaintance with its details, to prove most satisfactory.

## A New Departure

The Faculty, at a recent meeting, determined on a course of action which has aroused much outside attention and favorable comment.

The title of Professor, as applied to the men of the Faculty, has for a long time been considered as improperly used in a school not of college rank and for that reason it has been decided that this term shall no longer be used at Bloomsburg with the sanction of the Faculty.

In spite of the objection of local members of the Alumni who have expressed their disapproval of the change quite warmly it will be plain "Mister" on Normal Hill hereafter.

## Alumni.

---

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No 203.

Miss Mary E. Bell, who was a member of the Faculty and office force of the Bloomsburg State Normal School for a period of twenty-two years, died of paralysis at the home of her sister, Mrs. Charles H. Albert in Bloomsburg, Saturday evening, June 10, 1911.

The Faculty of the school at a meeting held June 17th, gave the following expression of their appreciation of her services and worth and directed that the same be recorded in full in the minutes.

"To every man upon this earth  
Death cometh soon or late."  
says MacCanlay. But a recognition of the truth of these words does not make us feel any the less keenly the shock that comes when one is taken from our immediate circle.

By the death of Miss Mary E. Bell we, the members of the Faculty of the Bloomsburg State Normal School have lost a most faithful and trusted friend and associate. Her life was a blessing to those who knew her, and an influence for good to all who came into contact with her. She was one of those of whom it may truthfully be said :

"The world is better because of her having lived in it."

But even as we deplore our loss, we cherish her memory ; and we are comforted as with our thoughts of her we recall the assuring words : "In the way of righteousness is life ; and in the pathway thereof there is no death."

---

The following clipping from a "down east" paper will interest many former students :

Wellesley, Mass., April 23rd.—Miss Clara Smith, instructor of mathematics at Wellesley College, has been elected a fellow of the American Association for the advancement of Science, partly because of her genius in solving a problem in mathematical science, which for nearly a century has puzzled and perplexed sage college professors and other learned savants.

Miss Smith after several years' work has discovered that S. Abel's theorems could be used to do Bissell's problems in a quicker and simpler manner than hitherto known.

By this discovery she has given to physicists and mathematicians a labor saving method that only scientists can fully appreciate.

Mr. A. Bruce Black, the very efficient and successful teacher of penmanship in the Normal School, left immediately after Commencement last June for Europe where he spent

the summer vacation. He devoted very much of his time to the British Museum and Library where he carefully examined the many ancient books therein contained, more especially those pertaining to the works of Shakespeare. In the near future Mr. Black will publish a book.

'74, Mears, Dr. Geo. V. of Fon du Lac, Wisconsin, made a flying visit, early in September, to this his native county. He spent a few hours in Bloomsburg and then hastened on to visit his brother, Dr. D. W. Mears '80, of Scranton. The doctor is a loyal son of "Old Normal," and his wife, formerly Miss Lucy E. Perkins '74, is equally as loyal a daughter.

,78, Evans, L. Wallace, for many years has been a resident of Galveston, Texas, where he has greatly prospered and ranks as one of its most prominent and influential citizens. He is a merchant and has built up a very large business. He has devoted much time to the civic interests of his adopted city, and has been prominently identified with the religious and social activities of the Presbyterian Church south. He is worthy of his success.

'80, Smith, Rev. N. H. has been pastor of the Diamond street M. E. Church, Hazleton, Pa., for several years and has been eminently successful in the administration of the affairs thereof, so much so that a new church edifice has become a necessity. On Saturday, Aug. 19,

Mr. Smith celebrated his birthday by breaking ground for the foundations of a new and larger church. A song and prayer service was conducted in the presence of a big throng of people.

'80, Blum, Lotta, is now living in San Francisco, Calif. Her address is 476 8th Avenue. In a recent letter to Mrs. Celeste Kitchen Prutzman, she says: "Fear of a nervous breakdown was the cause of my resigning from the Seattle schools four years ago and I am now living with relatives in this city. I am very fond of this western country and its climate and have no desire to ever again reside permanently in the east, so you see my chance for a sight of old scenes and familiar faces is very slight. Will you therefore, when an opportunity is afforded you, extend the warmest greetings of this far away member of the class to all, instructors and classmates, together with my earnest wishes for their happiness and welfare?"

'85, McNiff, M. Katharine. In the January, 1911 number of the High School *Argus*, an interesting journal published by the students of the Harrisburg High School appears a finely written and well prepared article on Naples, Capri and Pompeii, from the pen of Miss McNiff. It is an instructive as well as an interesting article and is given to us first hand, as she is relating what she herself saw and heard when visiting that country. The production is just what those who know Miss McNiff would expect from her. Miss McNiff is never satisfied with present attainments, she is ever continuing advanced work. At the September convocation of the University of Chicago she received the degree of Bachelor of Philosophy. The educational and literary world will hear still further from her.

'86, Glover, David L. The following appeared among the Mifflinburg items in the Williamsport *Sun* of April 13: "David L. Glover, Esq., of this place, former district attorney of Union county, and Miss S. Elizabeth Kurtz, daughter of Mr. and Mrs. Luther D. Kurtz, were united in marriage at the home of her parents on Walnut street on Wednesday at 10 o'clock a. m. Luther Daniel Kurtz,

a nephew of the couple, and Louise K. Glover, daughter of the groom, served as flower boy and girl. To the strains of Lohengrin's wedding march, the party marched to the north end of the parlor before a bank of ferns and Easter flowers, where the bride's pastor, Rev. William M. Rearick, of the Lutheran church, assisted by the groom's pastor, Rev. Dr. M. H. Calkins, of the Presbyterian church, united them in marriage. On their return from a wedding trip they will occupy a newly-furnished home on Market street.

He has taken an active interest in Masonic circles and is now the Most Worshipful Grand Master of the District of Columbia. He made an address at the recent celebration in Philadelphia, of the 125th anniversary of the Independence of the Grand Lodge of Pennsylvania. We notice in this connection that Dr. Gilbert B. Pfouts, an eminent physician and surgeon of Salt Lake City, who pursued a college preparatory course here in 1880-81 is the Grand Master of Utah. He also made an address on that occasion.

'86, Maurer, James, a very successful dentist in Philadelphia, is located at No. 2827 Diamond street.

'86, Snyder, Annie. We take the following from a local paper, July 5.

In a quiet home wedding Wednesday morning, Miss Annie Snyder, daughter of John Snyder, of East St., became the bride of J. Elmer Mausteller, of North Dakota, and immediately after the ceremony they left for Niagara Falls, where they will spend a week and then go to North Dakota, where they will reside for several months.

The wedding of Miss Snyder will come as a surprise to her many friends. The beautiful ring ceremony was performed by the Rev. J. E. Byers, pastor of the Lutheran church, of which the bride is a member. The couple were unattended and the wedding was witnessed by only the immediate friends of the two parties.

'94, Evans, William W. At the meeting of the School Directors of Columbia County last May, Mr. Evans was re-elected, by acclamation, County Superintendent of public schools and given an increase in salary amounting to \$1000. This is tangible evidence of the county's appreciation of the work he has done during the nine years he has been in that office.

'96, Wilson, Jessie. The *Harrisburg Telegraph*, Aug. 3, has this: "Mrs. David Wilson of 601 Briggs street, has sent out cards announcing the marriage of her niece, Miss Jessie Campbell Wilson to George Black Stewart, Jr., Tuesday, Au-

gust 1, at Aleik, Syria.

Both young people were residents of Harrisburg during their childhood, but never met until two years ago when Miss Wilson went to Beirut, Syria, as instructor to the American children of the faculty at the Protestant College, Beirut, of which Mr. Stewart is Treasurer.

The romance began, of course, with Harrisburg reminiscences, and as mutual friends were found the courtship progressed, culminating in a wedding on Tuesday at Aleik, Syria, a summer resort in the mountains.

The bride is a graduate of the Central High School, class of 1895, and an unusually beautiful as well as clever young woman. Following a course at Bloomsburg Normal School, she was a member of the Central High School faculty, later taking her bachelor of arts degree at Cornell University.

She taught at the Verkes Collegiate Institute, Grand Haven, Mich. and then studied at Columbia University, N. Y., receiving a master of arts degree, following which she sailed for Syria.

Mr. Stewart is the second son of the Rev. George B. Stewart, D. D., president of Auburn Theological Seminary, and spent his younger years in Harrisburg while his father was pastor of the Market Square Presbyterian Church. Immediately after his graduation from Princeton, Mr. Stewart was appointed teacher in the Protestant College at

'98, Pursel, Josephine. The wedding of Miss Josephine Pursel, daughter of Mr. and Mrs. Jonathon Pursel, of Fernville, and Marvin E. Conner, son of Mrs. Elizabeth Conner, of Benton, was solemnized at the home of the bride's parents, Wednesday morning at 9 o'clock, only the immediate families of the couple being in attendance.

The ceremony was performed by the Rev. S. C. Dickson, pastor of the First Presbyterian Church, of which the bride is a member, the beautiful ring ceremony being used.

After a short trip to Niagara Falls, and up the St. Lawrence River, the newly wedded couple will take up their residence in Benton.—*Daily Sentinel*, Aug. 30.

'99, Ziegler, I. A. who has been in very poor health for three or four years is now somewhat improved. Owing to dizziness and nervousness

he is not able to walk very well. He is doing much reading, studying and writing, and at present is engaged on an article, consisting of five parts, entitled The Inside of the Animal Mind. Bidlack, pastor of the First Methodist Episcopal church, of Espy, of which the bride and bridegroom are members, officiating. The beautiful ring ceremony was used.

The couple were unattended and immediately following the ceremony left in an automobile for Berwick where they boarded a D. L. & W. train for New York City. After a few days stay in that city they continued their wedding trip visiting various cities along the Hudson river and the Catskill mountains. Upon their return after spending a short time at Ocean Grove, they made their residence in their newly furnished home in Espy.

'00, Teple, Nettie. From the *Morning Press*, July 17: "A belated wedding announcement that will come as a surprise to their many friends is that of the wedding of Miss Nettie Teple, daughter of Mrs. William Teple of Catawissa, and a teacher in the county schools for the last ten years, to James Hile, of Franklin township, which was solemnized at Wilmington, Delaware, July 28, 1910, the day following the wedding of her brother, James Teple, secretary of the African Ostrich Farm, and Miss Helen Mausteller of town.

Miss Teple had already accepted a position as teacher in the Rupert schools and the young couple kept their secret well. None of their friends had an intimation that they were married, Mrs. Hile making her home with her sister, Mrs. McClelland Shultz, of Rupert. She is a graduate of the class of 1900, Bloomsburg State Normal School,

and has since taught in the schools of Catawissa and Franklin township."

'00, Hassler, Blanche. The following clipping from the Wilkes-Barre *Record*, January 20, 1911, was received by the QUARTERLY too late for the last issue, in April: "Eugene F. Cowell, local manager of the Western Union Telegraph Co., and Miss Ada Blanche Hassler, daughter of Mrs. Margaret A. Hassler of 16 Mallery Place, were married yesterday morning at 9 o'clock at the bride's home. The ceremony was performed by Rev. Dr. C. E. Mogg, pastor of Central M. E. church, assisted by Rev. and after Feb. 15 they will be at home at 16 Mallery Place."

Mrs. Cowell has been teaching in the Wilkes-Barre city schools since her graduation in 1900.

'01, Ridge, W. W. was elected Supervising principal of the Centralia public schools, attached thereto is a very substantial salary.

'01, Snyder, Clark, who was practicing law at Au Sable, Mich., lost everything except the lives of himself, wife and baby, in the disaster that destroyed the town in the recent forest fires that devastated a wide area in the north west. He is as plucky as when he was a star in Normal athletics, and has opened an office in Tawas City, Mich.

'01, Albertson, E. Joe. The Normal QUARTERLY has received an exchange of more than ordinary interest in the receipt of the Manila High School Annual, which is dedicated to E. Joe Albertson, a former town boy and a graduate of the Bloomsburg State Normal School, now superintendent of the schools of Manila. The annual contains a fine likeness of Mr. Albertson and the dedication reads: "To the generous friend of boys and girls." The publication is filled with interesting data, including articles on the various classes, debating societies, etc., with reproductions of the school buildings and the pupils. A rather interesting fact is that all the boys are dressed in white.

'01, Mordan—Oman (Special '08). Myron D. Mordan and Della Agnes

Oman were married Wednesday, Aug. 9, at the home of the bride's parents on Light Street Road, Bloomsburg. The officiating minister was Rev. Alexander Scott of Orangeville. A local paper says:

The home was artistically decorated in palms and cut flowers, while a trailing mountain vine added much to the beauty of the decorations.

Both the bride and groom are well and favorably known in this section, the groom being a graduate and post-graduate of the Bloomsburg State Normal School, after which he took a special course at State College. For the last few years he has been engaged in teaching, filling the position as principal of the Orangeville High School and instructor in the Benton Summer School.

The bride is a former student of the Normal School and has since filled the position as book-keeper and cashier for the Bell Telephone Co.

Byers, pastor of the bride, assisted by Rev. T. E. Jepson, pastor of the groom. Mr. Little is employed by the State Live Stock Board and is now stationed at Johnstown where they will make their home.

'02, Menhennett, Grace, or rather Mrs. Robert Hugo Vorck, resides at No. 16 Sherman Street, Brooklyn, N. Y.

'03, Hayes, Thomas (Sp.Course). An invitation to attend the commencement exercises of the medical class of the University of Vermont at Burlington, received by Thomas D. Powell of Plains, carries with it the glad news that Thomas Hays, the well known Bloomsburg ball player is now a full fledged physician.

Mr. Hays' graduation shows what sheer pluck and stick-to-it-iveness will do. Ten or twelve years ago, Dr. Hayes never heard of the "isms" and "ologies" of

modern day education. His was a meagre training, gathered in a few short years in the schools of Plains. He later became proficient as a ball player and was given an opportunity to attend Bloomsburg Normal School. He spent four or five years here, and although he was given flattering offers to play professional ball he stuck to his determination to complete his college course.

Dr. Hays, while at Normal, was assistant "gym" instructor and going to the University of Vermont took up the same work in winter and played base ball in the summer. After six years of diligent application, "Tom" Hays is graduated an M. D. His father and family live in Hudson and they, too, are sharing the many messages of congratulations.—*Morning Press July 16.*

'03, Gresh, M. Edith, has been doing very satisfactory work in the schools of Orange, N. J. She has an Italian class of forty. '04, Ikeler, Irene, was married Wednesday, Oct. 4, at high twelve, to David K. Sloan, '05, (Special College Preparatory.) The marriage was solemnized at the home of the bride in Millville amidst a mass of autumn foliage. We take a few extracts from a local paper:

"The ceremony was indeed a

beautiful one. To add to the happiness of the occasion the sun burst through the lowering clouds as if in a benediction just as the bridal party entered the parlor.

The bride was beautifully attired in a white marquesette gown over satin duchesse trimmed with pearl ornaments and Irish point lace-train. Her veil was caught up by lilies of the valley. Her dress was a beautiful creation and was entirely hand made. She carried bride's roses and lilies of the valley. Her traveling suit was blue.

A wedding breakfast followed the ceremony, at which Mrs. Dodson of Bloomsburg, catered. The bride's table was decorated with chrysanthemums and smilax, the bride's bouquet being suspended over the table.

The groom is a very popular fellow. He attended the Orangeville High School, Bloomsburg Normal School, and Penna. State College from which latter institution he graduated in 1910.

The bride has many friends throughout the county. She is a graduate of the Bloomsburg Normal School and has taught school in the county.

All of their many friends join in wishing them a very happy and prosperous life. Several congratulatory telegrams were received during the wedding breakfast.

The gifts were many and costly and came from all directions.

After an extended trip to New

York, up the Hudson and across to Boston, they will be at home at Pottstown, where the groom is located. The first part of their trip will be by automobile to Scranton."

Miss Stella Crossley, sister of the bride, was maid of honor. Joseph Oliver, a college friend of the groom, was best man. Four brothers of the bride were ushers. The bride was given away by her father. The ceremony was followed by a reception at the home of the bride, No. 371 West 120th street.

Mrs. Pickett is a graduate of the Bloomsburg Normal School and the groom is teacher of mathematics at Cooper Union. Mr. and Mrs. Pickett will spend several weeks on a wedding trip, and after September 1st will be home at No. 200 Wadsworth avenue, New York City.—*Danville News*.

'04, Goyituey (Canfield) Anna. We received, late in June, a very delightful letter from Anna whose post office address is Copperton, New Mexico. We know she will pardon the liberty we take in telling you a few of the things she told us; she said among other things: "And where can my class-

mates be and what have they done in the last seven years to improve and better themselves or others? I should like to be present at the class reunions of 1911 and once more see my friends, teachers and class mates.

As for myself I have been in the Indian service since my graduation from the Normal, holding the position of teacher, housekeeper and boys' matron.

In March, my husband and I left the Indian service and my husband entered the Forest service, as Forest Ranger on the Zuni National Forest.

We have a beautiful place to live in, in the midst of a pine forest and we are also blest with two of the dearest children.

Our oldest girl, Helen, is just three years old to-day and our boy is just one and one-half years old. We are a very happy family of four.

While home this spring I saw Susie Rayos Marmon, '06, and her two babies; the youngest a girl, was just a month old.

My best wishes go to my Alma Mater and its students.

Please send the B. S. N. S. QUARTERLY to Copperton, New Mex."

'05, Howell (Richart) Margaret, is now located at Mansfield, Pa. Her husband, L. Lester Richart, is instructor in Higher Mathematics at the Normal School located there.

'06, Vollrath, Rosa, Lancaster. At the home of Mrs. Christiana Vollrath, this city, at noon yesterday, her daughter, Miss Rosa E. Vollrath, became the bride of Mr. Edward C. Buchheit of Indiana, Pa., the marriage culminating a romance that started when the bridegroom was a student at Franklin and Marshall College. Rev. H. M. Smith of Delmont, Pa., officiated, and the attendants were Mrs. William Smith, sister of the bride, W. F. '06, Weimer, John (Sp. Coll. Prep.) The *Morning Press*, Sept. 1st, says: Mr. and Mrs. John Weimer arrived in Bloomsburg yesterday and will take up their residence at 428 E. Third street, with Mr. Weimer beginning his work as head of the physical department of the Bloomsburg State Normal School at the opening of the Fall Term. Mr. and Mrs. Weimer came to Bloomsburg upon their return from their wedding tour, the ceremony being solemnized at York, August 15, with the bride, Miss Sarah Shaffer, a highly esteemed York girl.

"Chief" Ernest Schmaltz is the assistant physical director. These announcements will be gladly received by Normal alumni and the friends generally for it is realized

that with John Weimer head of the physical department, and Mr. Schmaltz as his assistant, there will be a combination that will bring back to Normal much of the prestige in the athletic world that the school enjoyed during the Aldinger regime.

Both the head of the department and his assistant are among the best athletes Normal has ever turned out. They were classmates and teammates and after leaving Normal both figured prominently in the athletic world. They were members of some of the best base ball teams Normal ever had, back in the days when the Bloomsburg Normal team had something on nearly all the college teams in the country.

It looks as though a more ideal combination could not have been secured and it is a practical certainty that athletics will have a big boom at the Normal.

'06, Creasy, R. C. Some one writes: R. C. Creasy has strayed away—lost in medicine. Some one after a search has found him. '07, Harter, Grace D., was married in the Emanuel Lutheran Church, Nuremburg, Pa., to Mr. Scott A. Klinger, Thursday, June 29. Rev. A. Pfeuger, the bride's pastor, officiated.

The church was beautifully decorated with potted plants, ferns, eight spruce arches entwined with rhododendrons and numerous other flowers making it a bower of beauty. The bride, groom and attendants met at exactly 12 o'clock, noon, under a large floral marriage bell and the pastor pronounced the ceremony in a beautiful and impressive manner. More than two hundred relatives and friends were present. At the conclusion of the ceremony the bridal party and the invited guests repaired to the home of the bride's parents where a reception was held and a bounteous repast served. The house decorations were white and pink flowers, and the effect was most pleasing.

The wedding presents received by the newly married couple were numerous, handsome and valuable.

Mr. and Mrs. Klinger left Fern Glen station on the 3 o'clock train for Kansas. The groom is assistant station agent and operator at Fern Glen station, has a wide acquaintance and is admired for his good qualities. They are at home at Fern Glen. The best wishes of a host of friends accompany them as they start out on life's voyage.

Morgan, a Bloomsburg girl and a graduate of the Bloomsburg High School and of the Bloomsburg State Normal School of the class of 1908, since which time she has been engaged in teaching, being employed the last year in the Atlantic City schools.

Cupid captivated another public school teacher Saturday, when Miss Laura W. Morgan, who taught last winter at Texas avenue, became the bride of Vincel G. Stein. In company with several friends the young couple repaired to the residence of Rev. Herbert M. Gesner, of the First Presbyterian church, where the ceremony was performed.

Miss Annie Gordon of London attended the bride.

Indeed so successful has he been that he wears a medal and also carries a gold watch which was presented to him as a reward of merit. Mr. Solleder expects to go to State College this fall and finish his course in Civil Engineering. We have no doubt of his success.

'09, Barrow, H. R. The following item was taken from the *Republican News* of Hamilton, Ohio, March 27, 1911.

The many friends of Bessie Sharkey were surprised to hear of her marriage to Harrison R. Barrow of Ringtown, Pa., in Cincinnati on Saturday afternoon at the elegant new home of the bride's aunt Mrs. Wm. Worley.

The ceremony was performed by the Rev. Brughn of the Presbyterian Church in the presence of a few relatives and immediate friends only. The affair tho unpretentious was quite pretty. The bride was dressed in a beautiful gray tailored suit. After the ceremony an elaborate course dinner was served after which the couple left for their home in Hamilton.

The bride is one of Hamilton's most estimable women while Mr. Barrow who is a recent graduate of the Cincinnati College of Embalming has taken an interest with the C. W. Gath Co. of this city. Mr. Barrow comes highly recommended and the acquisition of him with this reliable and up-to-date undertaking establishment will add greatly to its already well equipped force.

'09, Major, Kathleen. THE QUARTERLY has received the following: "Mr. and Mrs. Isaac Major announce the marriage of their daughter Kathleen to Dr. Harry A. Brown, Wednesday, September sixth, 1911, Lehman, Pennsylvania," and this is all the information we can give you.

'09, Pooley, Edith. Because the congregation wanted a married man for a pastor, Miss Edith Pooley, daughter of Mr. and Mrs. William Pooley, will be wedded early this morning, several months before she had originally intended being a bride.

At the home of her parents, Mr.

and Mrs. Wm. Pooley in Fernville at 6 o'clock this morning, she will wed Rev. C. M. Griffith, and the newly wedded couple will leave on the 7:31 a. m. D. L. & W. train for Narrowsburg, N. Y., where the groom is pastor of the Methodist Episcopal church.

The young man is a student at Drew Theological Seminary and while a student there, the opportunity came to serve the Narrowsburg congregation, providing he was a married man, giving the church three days a week and devoting four days to study.

He quickly wired his fiancee the situation and she agreed to advance the wedding day, with a result that Rev. E. R. Heckman will officiate at the ceremony that will unite them in marriage early today.

The bride is a most highly esteemed county teacher, having taught the Fernville school for several years.—*Morning Press*, Apr. 14. And the event came off on schedule time.

'10, Tobin, Jennie E. is teaching in the E. A. Steven public school, Camden, N. J., having work in the fourth grade. Her sister, Teresa '09, is teaching third grade in the Lincoln school, same city. The family have removed from Mt. Carmel to Camden, and reside at 938 Cooper street. The Normal has no sons or daughters more enthusiastic or loyal than these two.

'10. Longenberger, Hazel. Miss Hazel Longenberger, daughter of

Mr. and Mrs. W. M. Longenberger, of Mainville, and H. A. Persch, of Philadelphia, were quietly wedded Friday, by the Rev. E. R. Heckman, pastor of the First Methodist Episcopal church, of town. The ceremony was performed at the parsonage and was witnessed by only the bride's parents.

Mr. Persch is general manager of the Mutual Realty Company, of Philadelphia, where they will reside. Mrs. Persch has a large number of friends in the county who extend their congratulations and wish her a long and happy life.—*Sentinel*, Apr. 22.

'10, Brill, Julia, has been unanimously elected assistant principal of the Huntington township High School, Luzerne county. Miss Brill was not an applicant for the position, but was expecting to teach the same school in that township which she taught last year. This unsolicited promotion is very gratifying.

'10, Koser, Josephine. We clip the following from the Nanticoke items in the Wilkes-Barre *Record*, April 26: "At noon yesterday at the bride's home on Walnut street occurred the marriage of Miss Josephine Koser and Byron Fairchild, two popular and well known young people of this town. The ceremony was performed by Rev. William Harrison Decker of the First Presbyterian church, and was witnessed by immediate relatives and friends only. Attired in a becoming gown

of white marquisette over silk, the bride looked very handsome. She was unattended and was given in marriage by her uncle, Judge John M. Garman of Wilkes-Barre. The lavish use of palms, ferns and cut flowers provided a charming setting for the nuptial group. A wedding breakfast followed the ceremony, after which Mr. and Mrs. Fairchild left on a wedding journey. The bride, who is the daughter of Mrs. Florence Koser, is possessed of many attractive qualities, a graduate of the Nanticoke High School and of Bloomsburg State Normal and for some time taught in the public schools. The groom is a son of the late William Fairchild and is employed by the Valley Trust Co."

'10, Gilner, Grace A. From the Scranton *Tribune-Republican*, October 11: "Miss Grace A. Gilner, daughter of Mr. and Mrs. P. W. Gilner, and Frederick W. Zane, of Empire, Panama, were married at the home of the bride's parents, Sterling, Pa., Wednesday afternoon of last week at 3 o'clock, by Rev. W. E. Webster. Mr. and Mrs. Zane left immediately for Philadelphia, where, after a short visit at the home of his parents they will go to Panama, where the groom is employed as an electrical engineer."

'11, Sharadin, A. J. and Georgena McHenry, '10, a teacher in the Hazleton city schools, were married November 26, 1910, by Rev. J. E. Doerr, in St. Stephen's Lutheran church, Wilmington, Del. The

wedding was kept a secret until June of this year. Mr. Sharadin and wife are residing at 27 S. Shillingford street, Springfield, Mass. He has entered upon a course in the Springfield Training School to prepare himself for a physical directorship for which he possesses natural qualifications. He will be missed at the Normal School, where he has long been a star.

'11, Steiner, L. May, was married at high twelve, Thursday, June 27—the day after Commencement—to Geo. E. Gamble, Jr., of Philadelphia, at the home of the bride's mother, in Bloomsburg. The beautiful ring ceremony was performed by Rev. J. E. Byers, pastor of the Lutheran church. Mr. Gamble is a noted violinist. They will reside in Philadelphia.

'11, Ericson, Carl, (sp. course), has matriculated at Ursinus College, Collegeville, Pa., and is a member of the foot ball team of that institution. He appeared in the game on Saturday, October 7, against the Pennsylvania University team.

'11, Boyle, John. Scarcely had the happy scenes, and the echo of the joyous acclamations of Com-

mencement week passed away when the wires brought the startling information that John Boyle—"our Jack"—had passed to the Great Beyond, after a brief illness of appendicitis. The following is from the *Hazleton Daily Standard*, Thursday, July 27:

"John Boyle is dead!" This was the sad and shocking news that vibrated through McAdoo and vicinity late last evening, and in consequence the entire community mourns. Several days ago the young man was stricken with appendicitis. The best medical attention available was promptly secured and the disease responded to treatment. The patient held his own for a few days and up to yesterday morning showed an improvement. A sudden change for the worse came in his condition and scarcely before the anxious watchers at his bedside had time to realize, he had passed peacefully away at 8:30 o'clock last night. The deceased was the youngest son of Daniel C. and Mrs. Boyle, and was an exceptionally bright young man, who gave every promise of making his mark in the world had he been spared. Only a few weeks ago he graduated with high honors from the Bloomsburg Normal School. He was a dutiful son and brother, and a most exemplary young man. He was energetic and a sincere temperance worker.

The funeral was held Friday morning, and was the signal for the

assemblage of a vast outpouring of friends, many of whom came long journeys to pay a last tender tribute of respect to his memory. The cortege moved from the parental home at 9 o'clock, and proceeded with slow, respectful tread to St. Patrick's church, where a high mass of requiem was offered up by Rev. Father McConnon, at the conclusion of which interment was made in St. Patrick's cemetery.

The Alumni of the Bloomsburg State Normal School, of which he was a member, attended the final obsequies. "Peace to his memory."

The following members of the Bloomsburg Normal School Alumni served as pall bearers: James Corrigan, 1911; Cormac Kennedy, 1911; Daniel Carr, 1911; Joseph Lorenzetty, 1911; John Skweir, 1910; Aloysius Costello.

Previous to the funeral, the Alumni Association—six of whom were members of the class of 1911—met and took the following action:

Resolutions adopted at an informal meeting of the B. S. N. S. Alumni Association, at McAdoo, Pa., in memory of the late John J. Boyle:

WHEREAS, It hath pleased Almighty God to remove from our midst, our late Alumnus, John J. Boyle; be it

*Resolved*, That we, the members of the Class of 1911 and other members of the Alumni Association of the Bloomsburg Normal School,

express our sympathy at having lost so promising a member of our Association. Be it further

*Resolved*, That the members of Alumni Association remember him in their intercession to Almighty God, beseeching Him to have mercy upon his soul. Be it

*Resolved*, That we extend our heartfelt sympathy to his parents, brothers and sisters in their sad bereavement. Finally, be it

*Resolved*, That a copy of these resolutions be sent to his parents, a copy sent to the annual meeting of the Alumni Association, a copy sent to the Philologian Literary Society, a copy sent to the registrar to be published in the next issue of the QUARTERLY, and a copy sent to each of the local presses.

## ALUMNI ASSOCIATIONS—REUNIONS

Special preparations in nearly all places interested are being made for the annual meeting which will be held generally during some evening of the County Institute week. We are advised that alumni are getting busy in the counties of Dauphin, Luzerne, Lackawanna, Lycoming, Mifflin, Schuylkill, Sny-

der, Susquehanna, and Wayne county. It is also expected that associations will be organized for Hazleton and vicinity, and Union county. In only very few instances are those who have attended one of these meetings missing at subsequent ones. They are social feasts, rich in companionship and reminiscences. We heard some one say last winter: "Why can we not have two or three of these affairs during the year?"

The alumni residing in the vicinity of these meetings ought not only to be present, but aid, so far as is possible, the committees in perfecting the arrangements by promptly responding to notices and by inducing the inert to get under headway.

The editor of the Alumni department of the QUARTERLY realizes that many items in these columns read like ancient history, but we can not help that. No QUARTERLY was issued in July, the Catalog taking its place; again, accounts of several events happening many months ago reached us only recently. However, we propose to give you all the news, old or new, respecting former students that we can get hold of, provided it has not heretofore appeared in these columns.

We hereby thank the many old students who favor us with interesting items. We are not able to write to each of you. Please ac-

cept this as a big hearty THANK YOU.

## FOOT BALL.

The foot ball team is showing decided improvement under the direc-

tion of coach Weimer. The large number of inexperienced men and the desire to give each candidate a chance has made smooth team work hard to secure in time for the early games. From the side lines, the material looks good.

The defeat by Lafayette on Sept. 23 at Easton, was a foregone conclusion. The tie with Wilkes-Barre H. S. on Sept. 30, is not so easily explained. The defensive work of both teams was fair but the offensive plays were not sufficiently well executed to gain consistently.

The following is the line up for the game Sept 30th.

#### REMAINING GAMES ON NORMAL SCHEDULE.

The remaining games on the schedule of the Bloomsburg State Normal team for this year are as follows :

Oct. 14, Dickinson Seminary at Williamsport.

Oct. 28, Bucknell Academy at Lewisburg.

Nov. 11, Lock Haven at Lock Haven.

Nov. 18, Wyoming Seminary at Bloomsburg.

Nov. 25, Bellefonte Academy at Bloomsburg.

Nov. 30th, Thanksgiving Day, Gettysburg College Res. at Bloomsburg.

Oct. 7th, in a hard fought game, on Normal field Saturday, the Carlisle Indian Reserves won over the lighter Normal team in a rattling contest, by the score of 5-0, a blocked Normal kick, attempted from near the Normal goal, permitting the only touchdown of the game, one in which, with the exception of this fluke, Normal outplayed their opponents, showing greatly improved form over a week ago, executing forward pass in good shape, but still manifesting a pronounced weakness in their tackling.

Coach O'Bryan of Carlisle, who, by the way, was a member of the Harrisburg basket ball team when they played against Bloomsburg last winter, expressed himself as pleased with both the work of the officials and the treatment the team received. The lineup :

## Philo Society

The work for Philo. this year is very promising. A large number of talented students have been taken in.

The Society has no debts and the treasury fund is near the \$100.00 mark.

Reunion night, Thanksgiving, the society will present the drama, "Alabama."

The programs have been of a musical nature. Oct 21st opera Faust will be presented, the next week 11 Trovatore.

Those who wish to secure Philo. pins may obtain them by sending their names with enclosure to Warren Jones, chairman of pin committee. The prices are : Gold filled 75c., gold plated \$1.25, solid gold \$2.00. The quality is good and the design neat and attractive. They have the safety clasp.

## Calliepien Society

The Calliepien Society seems more prosperous than ever. Many new members have been received.

On the evening of September 16,

1911, the reception in honor of the new members was given. While the society misses the old members, who helped make it what it is, those remaining are greatly encouraged to find some of the new members taking an active part in the programs, and endeavoring to make Callie a bigger, better, brighter-than-ever society. An interesting private program has been given at every regular meeting this term.

The society intends to remodel the hall and to make the final payment on the piano this year.

The various committees are busy planning work for a most successful year.

The society has not fully decided whether it will engage a company or give a drama on the evening of its anniversary Feb. 22, 1912, but it hopes to see every old Callie here Feb. 22, 1912.

## Y. M. C. A.

The work for this year has started and is moving along in a pretty satisfactory manner.

In the membership campaign a fairly large percentage of all the boys were enrolled.

The annual Fall Reception for new students was held the first Saturday night after school opened, and was well attended.

The Bible study work was begun at a joint meeting the first week of school. "The Life of St. Paul" will be the subject this year.

At the next three mid-week meetings there will be reports and short talks from our Northfield delegates. Delegates will go to the Eastern Union of Student Volunteers Conference, which will be held at Lafayette College, Easton, Oct. 20-22.

## Y. W. C. A.

The Christian Association girls came back to Normal in time to greet the new students.

We begin the year with one hundred and twenty-three members, and the prospects of a very healthy general interest in association affairs.

A band of twenty-seven girls is studying Russell's "Parables of Jesus" and finding the work full of interest.

Preparations are being made for a masquerade social on Hallowe'en and for a bazaar to be held just before the holiday vacation.

### COMMENCEMENT ITEMS

The following items of belated news are entered here for purpose of record in default of our usual July news number.

The Commencement season of 1911, brought the usual large number of friends and alumni to enjoy what was pronounced by all to be one of the most interesting and satisfactory term-closings within their experience.

The Baccalaureate sermon was delivered to the graduating class by Dr. D. J. Waller.

The Class of 1912 presented as its drama, Shakespeare's "As You Like It." This was an unusual undertaking but its great success proved the effort worth while.

The graduating class was one of the very best that has ever been sent out from this school. Their Ivy Day and Class Night programs were particularly well presented.

The classes whose reunions came this year were very enthusiastic, and only those who have attended such reunions can appreciate the pleasure these occasions bring.

The Commencement Address was delivered by President William Anthony Granville, L. L. D. of Pennsylvania College at Gettysburg.

### NEW MEMBERS OF THE FACULTY

Seldom has it fallen to the lot of the QUARTERLY reporter to chronicle so many changes in the teaching force of the school as have taken place since our last issue. No less than eight new members have been added to the Faculty this fall.

The Rev. William Brill, a teacher of ability and experience has taken charge of the work in History. Mr. Brill comes to us from the Bloomsburg High School where his services were highly appreciated and relinquished with reluctance.

Mr. John Weimer, who needs no introduction to our readers, is the new Physical Director with Mr. E. R. Schmaltz as his assistant. There is already some of the aforesaid "ginger" in the doings on Mt. Olympus under his leadership.

We are glad to welcome as the new instructors in our Music Department Mrs. Florence Hall Clague of Chicago, Ill., and Miss Elizabeth Wildman Dorchester, of Brooklyn, N. Y.

Mrs. Clague is a graduate of Oberlin Conservatory, Oberlin, Ohio, in Organ, Piano, Harmony, and Musical History, and has a wide and successful experience as a teacher. She is accompanied by her daughter Helen, who is registered as a student in the College Preparatory Department.

Miss Dorchester comes especially well prepared for her work as a teacher of vocal music. She has had broad training under various masters among whom are Richard T. Percy, organist of Marble Collegiate Church, New York City, and William L. Whitney of Boston, Mass., son of Myron Whitney and founder of the Whitney International School of Vocal Music.

Miss Virginia McQuiston, a highly gifted graduate of Shippensburg Normal School and of the Philadelphia Art School is the new instructor in drawing.

Mr. Geo. D. Cronan a graduate of the Oswego, N. Y. State Nor-

mal School reigns supreme in the Manual Training Room.

Mr. John Shambach comes to us from college to take the work of his brother, Jesse, who leaves to enter upon his own college course at Ann Arbor.

Mr. F. B. Cotner has entered upon his duties as assistant in the Biological Department.

### THE FIRST WIRELESS MESSAGE

The wireless station installed at the school last spring has again been put into shape for work and is now able to intercept messages from many points in the eastern part of the country. About 40 stations have so far been heard, among which may be mentioned such widely separated points as Buffalo, N. Y., Wellfleet, Mass., Newport, R. I., Cape Hatteras, N. C., Philadelphia, Atlantic City, New York, Washington, etc.

The first message specifically directed to Bloomsburg was addressed to Mr. J. H. Dennis and was received on October 13th. It was sent from the Wanamaker station at Philadelphia and was readily received at the local station.

Much interest has been aroused by the installation of this station and a number of young men at the school are actively engaged in learning the details of this fascinating work.

## Bloomsburg Students at College.

As usual at this season reports are coming in of the work done by our former students at the various colleges, and as usual the report is that Bloomsburg trained students stand up well at college.

This is true of representatives of the Normal as well as of the College Preparatory department of the school, though the latter have of course the advantage, and the ever increasing flow of former students toward college opportunities is evidence that this Normal School at least is not unfaithful to its duty in leading the way to higher educational opportunities and ideals.

## A Chemistry Tea.

A very pleasant and unusual event in the social life of the school was the "chemistry tea" on Saturday, January 20. Invitations had been issued in unusual form on filter papers to all members of the Faculty by the laboratory assistants, Miss Mary Good and Miss Harriet Waller. Arriving members

of the Faculty were served with tea and coffee and various other unusual but satisfying "chemicals" in laboratory utensils in a very novel way.

## The New Course of Study.

The new course of study provided for by the School Code is smoothly under way for a second term at Bloomsburg. Some anticipated difficulties have not materialized, and the unexpected ones which have arisen have not proved serious obstacles to overcome.

Mr. W. B. Sutliff, who amuses his less serious hours with matters pertaining to the school program, has had numerous problems to solve in various individual cases occasioned by the lack of uniformity of preparation by various high schools of the state, but that so radical a change as that promised by the provisions of the School Code should have gone into effect with so little apparent disturbance of the life of the school is quite remarkable.

The principal unsettled feature of the new course appears to be the

names to be applied to its various classes. It is hardly to be expected that class spirit and contests can flourish under the discouraging labels of "First Year" and "Second Year" and a change of some sort in class nomenclature is certain to be expected.

---

### Students' Theater Party.

---

A pleasant feature of the Christmas holidays was the concerted attendance of certain Wilkes-Barre students of the school at one of that city's theaters. The box occupied by the party was appropriately decorated with B. S. N. S. pennants and aroused considerable interest on the part of the other attendants of the theatre.

An interesting incident of the evening's enjoyment was the presentation of a bouquet of flowers tied with the Normal colors to the star of the play, the display of the colors plainly identifying the senders of the flowers.

### Athletics.

---

The foot-ball season closed on Thanksgiving Day with a well earned victory over Gettysburg College Reserves by a score of 11-0. The game was marked by excellent team work showing that the fine record of the last half of the season in comparison to the poor showing of the first, was due to the fact that the inexperienced material composing the team had at last

responded to the excellent coaching of Weimer. The successive victories over Bucknell Reserves, Wyoming Seminary, Bellefonte Academy, and Gettysburg Reserves simply showed that the team had merely needed time to learn the game. The splendid showing made in the Indian game, which but for a block kick would have been a no score game, gave the first evidence of the team's latent power.

The climax of the season, as usual, came with the Wyoming Seminary game. November 18th was the date and the mud covered field at Bloomsburg, lined upon the north side by the Normal cohorts and banked upon the south by Wyoming's train load of students and followers, was the setting for the crowning athletic event of the year.

Wyoming won the toss and chose to defend the west goal with a strong wind at their backs.

The Seminary team full of confidence showed their most aggressive form during the first quarter. Behind splendid interference they skirted the ends for good gains. But with equal determination the Normal boys began smashing the interference and secured the ball on a fumble by Pauxtis. Realizing that the Seminary team was not so formidable as was feared, the Normal boys became aggressive. Miles relieved the strain by a 20 yard run, soon followed by a 40 yard kick by Dobson. Near the close of the first quarter Davis tried a

drop kick from the 35 yard line but failed. It was Wyoming's ball on their 5 yard line when the quarter closed. Each team had been penalized 15 yards for hurdling, while Normal got 5 more for off side playing.

The second half ended with the ball in Normal's possession on their own 25 yard line. No score.

After a march around the field headed by the Bloomsburg band, the students again massed to continue to cheer their favorites to renewed efforts in the second half.

Dobson kicked off, Stookey running the ball back 30 yards. On the first down Seminary fumbled, and a Bloomsburg man had the ball. Then Normal began her series of brilliant forward passes which brought the ball within striking distance of Wyoming's goal. From the 35 yard line Davis executed a splendid drop kick, the sphere sailing high above the cross bar and cutting its very center. Nothing more spectacular has ever marked the long series of games between these two rivals than this play, which not only gave the Normal team victory, but threw the balance of the many contests in Bloomsburg's favor. The third quarter soon ended with the ball in Wyoming's possession on their 5 yard line.

With defeat confronting them the Seminary team started the last quarter with a rush. A delayed

pass and fake play around the end netted 20 yards for Wyoming. A few more rushes brought the ball to Normal's 22 yard line. It was at this point that the Wyoming team really lost its chance, for on the first down Pauxtis attempted a field goal. It failed and the ball was Normal's on the 50 yard line. Dobson kicked out of danger. It was so for but a moment. Something went wrong with Normal's defense. Stung by her lost opportunity Wyoming had rushed the ball to Normal's 5 yard line. It was first down and two minutes to play. A crash into the line and three yards more were gained. The play was near the corner of the field and in full view of scores of spectators. Capt. Pauxtis was called upon for another line plunge. It was a play into which each man put his last ounce of strength. It was met by a stonewall defense. The Normal boys responded nobly to Capt. Miles and the attack dropped in its tracks. When the players were untangled the ball was in the outstretched arms of a Wyoming man blocked on every side by Normal players, while over a foot of space lay between the ball and that coveted white line.

It was Normal's ball. A forward pass to Davis netted fifteen yards. Then Dobson kicked beyond the center of the field and here the game ended. Score, Normal 3, Wyoming 0.

## A WORD OF EXPLANATION.

A good deal of unpleasant feeling was aroused by what was assumed to be a Wyoming version of the game which appeared in the Wilkes-Barre papers. A letter from Manager Wolf of the Seminary team disclaimed any part in inspiring such an unsportsmanlike article.

I shall answer the many queries brought out by this article by quoting from the published words of an unbiased spectator who had the privilege of the side lines. This writer has been a keen follower and critic of foot-ball since his own playing days and has never in any way been connected with the Normal School. He says:

"The writer was directly over the play in the closing minutes of

the game in which the article claims Wyoming scored. It was a mass play upon which Wyoming attempted to score and was met in the same manner. The two teams met and dropped to the ground and when the players were dislodged the ball was in the field of play, a Wyoming man holding it and Normal men blocking him on every side. Wyoming scored no touch-down then or at any other time."

"Coach Quay of the Seminary who was never at a loss, throughout the game, to express his opinion of any play, stood beside the writer when the play in question was made. He had no word of protest to offer, for there was no ground for complaint." The fact that the ball was in the arms of a Seminary player, more than a foot from the goal, and he stretched to the limit, was so plainly seen by dozens of spectators that there was no question about it until some overzealous youth from up the river relieved his feelings by writing the article in question.

## ODDS AND ENDS.

Dobson is the best man ever seen on Normal field in making long forward passes.

The defeat of Bellefonte Academy was really the greatest achievement of the season. They have a great team.

A victory at Kingston last year and another this year at Bloomsburg puts us one ahead of Wyoming.

Capt. Miles played in every game and was always a tower of strength to the team.

Capt. elect Smith has played a splendid game in the line during the past two years.

Quarterback Williams ran the plays well and gave some fine exhibitions of running the ball back through a broken field.

McDonald and Yerg added immensely to the strength of the team by their aggressive playing. Both were kept out of the game during the early part of the season by school duties.

Stark's work at center was first-class.

### Philologist Society.

The society held its annual reunion on Thanksgiving day. This was one of the most successful reunions ever held by the society. The gymnasium was so decorated as to represent a large arbor. The lattice work, consisting of blue and white crepe paper, extending across from railing to railing of the track and down at the sides forming arches. In the morning a meeting was held in Philo hall at 10:30. A program "Mignon" was well rendered. The features of the afternoon were the music by the orchestra and dancing. In the evening many persons witnessed the play "Alabama," given by members of the society. The play was very well rendered. Many old Philos showed their loyalty to the society by being present at the reunion. The class of 1911 was well represented.

The society has been following a regular line of work in their programs. Last term they studied some of the leading operas. This term they are studying various countries, their government, customs, art, literature and songs. The

programs are very interesting as well as beneficial.

Several improvements have been made in Philo hall. The fire escape, memorial fund of class of '11, has been finished. New curtains same design as old ones, were put up at the windows. The walls, which were in a bad condition, were repaired. On account of the large attendance, more new seats have been ordered. These improvements add greatly to the hall.

### **Calliepian Society.**

Callie still continues on her bright and prosperous way. New members are being continually added, many of whom are taking active parts in the work of the society.

Interesting private programs are being prepared and rendered at each regular meeting. The society will make a particular study of the life and works of Chas. Dickens, this term.

Preparations are being made for the anniversary of the society on February 22nd, which we hope will excel all former anniversaries. A good company will furnish the evening's entertainment.

### **Y. M. C. A.**

The most noticeable advancement made in any department of our work since our last writing has been in Bible study. Two new bands have been organized since vacation. It is very gratifying to

note that although the membership of the Association is not very large this year, practically all the fellows are enrolled in Bible study. Together with the Y. W. C. A. we held a leap year party in the gymnasium the eve of January 13th, which was well attended and enjoyed by all.

The outlook for the Y. M. C. A. Basket Ball team is very promising, and we are pretty confident of again taking the series from the strongest team which ever represented the Faculty.

### **Y. W. C. A.**

Miss Mary C. Baker, Territorial Student Secretary, paid us a most pleasing visit just before the close of the fall term. Her coming was a real help to the Association, particularly to the cabinet members.

The series of meetings held during the week of prayer was most successful in attendance and in interest. The union services were addressed by Rev. Dickson, Rev. Byers, and Rev. Heckman of Bloomsburg, and Judge Hinckley of Danville. The girls' special services, also, were marked by a spirit of earnestness and sincerity.

On December 4th the girls conducted a bazaar and candy sale that netted the conference fund nearly twenty-five dollars. It was a very encouraging first attempt.

The mission study class, under the direction of Prof. Hartline, is finding much of interest in a com-

parative study of the great religions of the world.

## Alumni.

---

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No 203.

---

We find the following in the *Journal of Education*, Dec. 7, 1911: "Mary L. Hastings of the Castine (Me.) Normal School specializes on training students to form the habit of using books. There is real art in leading even Normal School students to acquire this habit." We presume this refers to the Mary L. Hastings who was a member of the Faculty of this school during the years 1877-84. She is very graciously remembered by the students of that period.

---

Miss Clyde Bartholomew, who for several years has been principal of a School for Girls in the Philippines, is now in this country on a furlough. She will soon return to her work in the Islands. In the fall she addressed a meeting in the First Presbyterian Church of Bloomsburg and gave a most interesting talk on the educational development, religious growth and general prosperity since the United States has taken control of the country. Miss Bartholomew is a pleasing talker and her address was well received.

Readers of the QUARTERLY will remember that in the last issue reference was made to the fact that hereafter the men of the Faculty will be plain "Misters." Not so however—one of them has been elected Lieutenant Colonel of the Patriarchs Militant I. O. O. F. of Pennsylvania, and now it is Col. J. H. Dennis.

'70, Hill, Dr. Frank P. (sp. course) one of Berwick's well known citizens and physicians, died at his residence in that place January 1st. Dr. Hill had been ill of paralysis for a period of three years. The direct cause of his death was a stroke of apoplexy. He was always active in the political and educational interests of his town and county. He was for twelve years a member of the School Board.

'70, Eyerly, William L. (sp. course) died Nov. 27 at Harrisburg, Pa., of valvular disease of the heart. For a number of years he practiced law in Columbia County, but since the establishment of the Bloomsburg *Morning Press* he has been on the staff of that paper.

'73, Neal, Jas. B. (coll. prep.) a medical missionary located at Tsinanfu, China, under the Presbyterian Board of Foreign Missions, sent the following cablegram to the Board about the middle of November: "Peaceful revolution. All safe." We know of no word received from him since the revolution ceased to be peaceful.

'73, Brown, Samuel C. (special course) died at the home of his sister, Mrs. Geo. W. Hess, in Bloomsburg, Thursday, Nov. 9. He had been ill since Christmas eve 1905, when he suffered a stroke of paralysis. He was greatly respected by all who had the pleasure of his acquaintance.

'73, Clark, H. Bruce (sp. course) a familiar figure to all students who visited the Clark & Son store, died very suddenly in the early evening of Oct. 18. He was conversing with a friend on the porch of his home when stricken with cerebral hemorrhage. Death was instantaneous. He was the treasurer of the Board of Trustees since the death of his father, the late Henry J. Clark.

'75, Cole (Bittenbender) Ada M., is a lawyer in Lincoln, Neb. She is also an authoress of considerable note. Her latest work "Tedos and Tisod" has been received with very great acceptance. A review of the book, speaking of Mrs. Bittenbender says: "Professionally Mrs. Bittenbender is a lawyer. She was the first woman lawyer in Nebraska, of State and Federal courts, and third woman admitted to practice before the Supreme Court of the United States. She represented women lawyers at the First International Council of Women, and served the National Woman's Christian Temperance Union several years at Washington as the Superintendent of Legislation and At-

torney of the Union. She is a Pennsylvanian by birth. Her American ancestors, of Puritan English, were among the early New England colonists with patriotic descendants in the Revolution. Her father and brother were union soldiers during the civil war. She is a graduate of the Pennsylvania State Normal School at Bloomsburg, and of the Froebel Normal Institute at Washington, D. C. She was a school teacher before her marriage and a newspaper editor after, till she entered the legal profession and became her husband's law partner." Mr. Bittenbender is also a former Normal student, leaving here in 1870 to enter Princeton College, Class of '74.

'75, Hughes, Richard M. (sp. course), a student here during the years 1873-75, died at his home in West Pittston, Monday morning, Nov. 20. He was among the best known men in Luzerne Co. While a student here he had a host of friends not only among the school people but in the town as well.

'76, Clark, Edward B. (sp. course) died at the Medico-Chirurgical Hospital, Philadelphia, Nov. 13. Mr. Clark had been under treatment at the hospital for about seven weeks. His home for several years had been at Quakertown, Pa., where he was employed.

'79, Bakeless, O. H. At the annual meeting of the State Library Association last fall, Mr. Bakeless was elected vice president of the

Association, an honor that is well merited.

'81, Sharpless, Harry B. is Treasurer of the "Assets Financing Company" of Seattle, Wash. He finds time in his busy life to fish and hunt. In an account of a recent hunting trip at the mouth of the Skagit river, he says—but no, we withhold. An account of the number and varieties of wild ducks and wild geese procured might cause the Nimrods of the Faculty much uneasiness until they had secured a "leave of absence" in order to exhibit their skill.

'81, McCay, M. D., Mary A.—and that now is the correct way to address her—is at the head of the Licensed Maternity Hospital, Sunbury, Pa., of which her son Robert B. McCay, M. D., is Business Manager. Her address is No. 228, Chestnut St.

'82, Hidlay, Wm. H. (sp. course) Cashier of the Bloomsburg National Bank, has been elected Treasurer of the Board of Trustees of the Normal School to fill the vacancy created by the death of the late H. Bruce Clark.

'84, McDonough (Mrs. Frank W. Dodson) Margaret, is serving her ninth year as County Recorder of Polk County, Iowa. She says: "Women do not vote in Iowa, but they are eligible to the offices of County Superintendent and County Recorder. She further says: "Some time I am coming back to see you all." She will be most heartily

welcomed.

'86, Hughes, S. Elizabeth, on Thursday evening, Nov. 9th, was married to Mr. Geo. B. Raser of Ashtabula, Ohio, at the home of her brother, Dr. W. P. Hughes in Pittsburg. Mr. and Mrs. Raser are now at home at the Summerlea Apartments, Pittsburg.

'86, Kline, Marion I. A card from "Mari-an" indicates that he easily survived that twenty-fifth reunion, safely reached his home and offices at Cheyenne, and has had a very successful year.

'90, Nagle, Chas. R. (sp. course) who has been successfully teaching in the public schools of Columbia County since leaving the Normal School, has been appointed Deputy Treasurer of the county, a position for which he is well qualified.

'93, Traub, Rev. Frank, mention of whom was made in a recent issue of the QUARTERLY, safely reached his mission field, Monrovia, Liberia, Africa. A very interesting letter from him was recently published in one of our local papers.

'94, Evans, W. W., Superintendent of Columbia county, has been elected President of the County Superintendents' Association of the State for the ensuing year. This is quite a flattering recognition of the county and her Superintendent's enterprise in school affairs.

'96, Knittle, Rev. John F. who has been pastor of the Lutheran Church of the Redeemer at Williamsport for several years, resigned the pastorate of that church to accept a call to the church at Manheim, Lancaster County. This church is known throughout the country as the "Church of the Red Rose."

C., they took up their residence on Meridian street.

'97, Dennis, Lindley H. has been appointed expert assistant in the State Department of Public Instruction. He will have charge of Agricultural Education. Our school

was signally honored in that another one of the three expert assistants is also a former pupil of the Normal. Miss Rose M. Fetterolf (sp. course) '97, was appointed expert assistant in Drawing. Miss Fetterolf recently attended a teacher's meeting in Bloomsburg, and by her presence and addresses greatly pleased all present.

'98, Corcoran (Oastler) M. Rachel, died at New Albany, Pa., Wednesday, September, 27, 1911. A friend in writing of her said: "When she was marked for an early grave, even Death, so accustomed to destroying the "shining mark," shrank from a task so revolting. The angel plead for time to accomplish the distasteful work, and so the 'great white plague' spread his wings over the sunny life, and slowly, inexorably, year after year, reeled in the golden cord until at vesper tide her sweet spirit passed from the loving care of her home circle to the arms of her Redeemer." Funeral services were held at the home of her parents in New Albany and at the St. Francis church in Overton. Rev. Father Morrison paid a very high and sincere tribute to her life and character. Interment was made in St. Francis cemetery.

'00, Kashner, Benj. F. is located at Polson, Mont., where he owns a farm of 160 acres which he was suc-

cessful in drawing when the Government threw open several thousand acres a few years ago. He is not doing the farming himself but has two men working for him. This season's crop of wheat amounted to over 900 bushels. At the present time Mr. Kashner is employed as a bookkeeper for a large concern in Polson and is doing well.

'00, Newberry, A. Mae, as she again writes it, has been elected Superintendent of Schools of Knox County, Nebraska, having a safe majority. Her home address is Winnetoon, Neb.

'01, Millette, Arline. A Scranton paper Nov. 9, says: "James DeLancey Burdy and Miss Arline Millette, both of this city, were married yesterday morning at the home of the bride's parents, Fisk street, Green Ridge. Rev. A. K. Fuller, D. D., pastor of the Green Ridge Baptist church, officiated.

They were unattended. After the ceremony they left on a honeymoon tour of New York and on their return will reside on Fisk street.

'01, Weigley, Lizzie R. A friend has sent the following: Jacob Kohr, of Lebanon, and Miss Lizzie R. Weigley, were married Aug. 5, '11, at the home of the bride's mother, Mrs. Emma Weigley, by Rev. H. J. Welker. Following a wedding trip to Philadelphia and Atlantic City, the couple will make their home with the bride's mother at Stouchsburg, Pa.

Street, performing the ceremony. A feature of the bride's attire was a wedding veil which was worn by her grandmother.

cultivation of their two ranches, each of 160 acres in addition to looking after a "bush" ranch of 800 acres they possess.

'04, Knorr, Kimber, was married in October to Miss Catharine Helwig, but news of the same reached us too late for the last issue of the *QUARTERLY*. The marriage took place at the home of the bride's parents in Numidia, and was solemnized by the Rev. J. M. Bachman, pastor of the Reformed Church. They make their home at Staunton, Virginia, where Mr. Knorr is conducting a mercantile business.

'05, Elwell, G. Edward, and Sara Milleisen, both of '05, were quietly married at the home of the bride in Bloomsburg at 6 o'clock on Tuesday morning, December 12th. The Rev. Dr. Flavel Sweeten Luther, President of Trinity College, assisted by Rev. S. C. Dickson, pastor of the Presbyterian church, and Rev. J. W. Diggles, rector of the Episcopal church of Bloomsburg, officiated. There seems to be no doubt as to their having been fully married. They took an extended wedding trip "down east". They will reside in Bloomsburg where Mr. Elwell is associated with his father, Geo. E. Elwell, conducting the Columbian Printing House, an extensive printing establishment.

'06, Frey, Winnie A., was married to Charles S. Gary of Elmira, N. Y., Tuesday afternoon, Nov. 28. The marriage was contracted at the home of the bride's father in Catawissa, Rev. J. H. term there having expired he has decided to practice medicine in that city and has leased an office at No. 15 West Main Street where he is now located.

'06, Osuna, Jose, is on the "honor list" of the senior class at State College, having received the John W. White Scholarship. L. H. Dennis, '99, secured the Louise Carnegie Scholarship. As a rule our Normal boys take high standing in the several colleges attended, and we are reasonably proud of them. We have others in the colleges from whom you will soon hear.

'06, Longenberger, Myrtle—Messersmith, Chauncey P., were married at Mainville, Pa., January 3, at the home of the bride's parents, Mr. and Mrs. W. M. Longenberger, Rev. J. W. Woerhle, pastor of the M. E. church, officiating. The marriage took place at 8 o'clock in the morning. After a wedding breakfast at Hotel Yetter they took the train for Aetna, Indiana, where Mr. Messersmith holds a responsible position as chemist in the Aetna Powder Works.

'06, Barr, Anna, is not satisfied with her present attainments and has been pursuing special lines of work looking forward to a degree.

'06, Mellet, Catherine. On Dec. 2, in the Lady of Rosary church, Philadelphia, Catherine Mellet of Shenandoah became the bride of Ambrose Toole of Philadelphia. Mrs. Toole was a teacher in the public schools of Shenandoah. The

couple have the best wishes of a large circle of friends and are "At Home" to all friends at 2617 Seltzer street, Philadelphia.

'07, McHenry, Earl K. (sp. course) is a student at Peekskill Military Academy, N. Y., and has been honored by his fellow students this term. This is his senior year and he has been made captain of Co. A, captain of the foot ball team, manager of the track team, president of the Y. M. C. property near Berwick. They are now at home to their friends.

'11, Fitch, Pearl was taken to the Joseph Ratti Hospital at Bloomsburg on Oct. 21 and was operated upon for appendicitis. The operation was a success and she was enabled to leave the hospital Nov. 4. Her many friends most earnestly wish for her a speedy and complete restoration to health.

'11, Naugle, A. K. is teaching in Dunellen, N. J. and is greatly pleased with his school and with the Jersey people. He gives great credit to the training he received in the professional department of the Normal School.

## Alumni Reunions

### DAUPHIN COUNTY.

The annual banquet of the Dauphin county Alumni Association

was held at the Metropolitan Hotel, Harrisburg, Pa., and was an exceedingly interesting and enjoyable occasion. The faculty was represented by Dr. Waller, Mr. and Mrs. Wilbur, Mr. and Mrs. Jenkins, Mr. and Mrs. Bakeless, Mr. and Mrs. Sutliff, and Mr. Cope.

A short business session followed the banquet at which Dr. Grace Wintersteen was elected president. Miss M. Katharine McNiff, Vice President; Miss Margaret Sullivan, Treasurer; Mrs. Fleda Barnes Gottschall, Secretary; Miss Lorena Evans, Dr. W. B. Mausteller, and Miss Clara Swank together with the officers forming the executive committee.

A delightful social time and dancing to music by Updegrove's orchestra concluded the happy evening. Several letters of regret were read.

### LUZERNE COUNTY.

Nearly three hundred members of the Luzerne county Association met in the Hotel Sterling, at Wilkes-Barre, Thursday evening Nov. 2. The entire second floor of the hotel was given over to the Alumni Association and even then more room was necessary and an overflow banquet had to be conducted in the regular dining room. A short reception preceded the banquet and the menu, one of the best that Landlord Capwell has served in some time. The event was presided over by Attorney G. J. Clarke, the president of the local Alumni Association. He proved an able toastmaster.

er and the committee in charge acted wisely in making the event a purely school function with no set speeches but only short, timely talks, and then the floor was cleared and for several hours dancing was enjoyed.

Dr. D. J. Waller, principal of the Bloomsburg State Normal School, opened the banquet by offering a blessing and then Toastmaster Clarke made a few remarks, when the following officers were reelected for the ensuing year: President, G. J. Clarke, of Luzerne Borough, '83, having filled the office every year except one; secretary, Miss Nancy Wintersteen of Plains, '98; treasurer, B. Frank Myers, Wilkes-Barre, '88.

Members of the Faculty present were Messrs Waller, Cope, Wilbur, Jenkins, Albert, Misses Smith, Sutphen, Good, Kresge and Jenkins, Messrs Jenkins and Wilbur were accompanied by their wives.

Oppenheim's orchestra furnished a delightful program of music during the entire affair.

#### LACKAWANNA COUNTY.

From the *Tribune - Republican*, Thursday, November 23.

The annual banquet and dance of the Bloomsburg State Normal school Alumni association of Scranton was held last night in the Scranton Bicycle club. The event was one of the most successful in the history of the association and was marked by the presence of Dr. D. J. Waller, principal of the school and

a number of the members of the faculty. Addresses were made by C. R. Powell, president; Dr. Waller, J. C. Foote, George E. Wilbur and Superintendent of Schools George Howell. Following the banquet there was a dance for which Bauer's orchestra furnished the music. The officers of the association are: President, C. R. Powell; vice president, Walter H. Jones; secretary, Miss Mamie Morgan; treasurer, Richard Lewis; executive committee, T. E. Cule, Harold Jameison, Misses Margaret Lewis, Stella Evans and Bessie Evans.

#### MIFFLIN COUNTY.

From a Lewistown paper:

The second annual banquet and business meeting of the Bloomsburg State Normal School Alumni Association of Mifflin county took place at the Crystal Cafe between the hours of 6 and 8 last evening. Twenty members of the association enjoyed the elegant feast. After leaving the dining room a short annual business meeting was held in the cafe parlor. Following this all engaged in hearty conversation about the past, present and future of their dear old Alma Mater. Eight o'clock arrived entirely too soon for all. At this time they very reluctantly adjourned for another year, most of them going to the concert in the court house.

Messrs Cope and Bakeless and their wives and Mrs. Lindley Dennis represented the Normal.

## WYOMING COUNTY.

The graduates of Bloomsburg Normal School living in Wyoming county held their first annual banquet at the hotel Graham, Friday evening, Dec. 15, 1911. A first-class banquet had been prepared and its excellence was proved by the hearty manner in which it was enjoyed.

Mr. Asa S. Keeler who spent some time there as a student in the early days of the school spoke for a few minutes about the school as he remembered it. Mr. C. H. Albert then took charge and after a few words of greeting to the assembled alumni and friends the election of officers was taken up. Mr. Chas. H. O'Neill was chosen president, Mrs. Adelaide McKown Hawke was chosen vice president and Dennis D. Wright, secretary-treasurer.

## NORTHUMBERLAND COUNTY.

Sunbury *Daily Item*, Dec. 22.

More than a half hundred graduates and former students of the State Normal School at Bloomsburg, now located in this vicinity, held a meeting at the Masonic Temple last evening, to form a permanent Alumni Association and enjoy a feast.

An organization was effected by the election of the following officers: President, Myron Geddes, Northumberland; secretary, Miss Sarah Russell, Watontown; treasurer, Benj. Apple, Sunbury. Plans for the future were discussed but

as the time was limited, the working out of the details was left for another time, so that all could enjoy the feast which was in waiting. The banquet was prepared and served under the personal direction of caterer C. W. Stahl, which is assurance of its excellence.

Dr. D. J. Waller, principal of the school, acted as toastmaster and responses were made by Mr. Wilbur. Mr. Foote, Mr. Cope, Mr. Sutliff of the school; County Supt. I. H. Mauser, Supt. Ellenberger, Sunbury; Supt. Dean, Mt. Carmel, and Dr. Hubble. Their responses were brief but scholarly and entertaining.

It was a merry gathering and many fond recollections of the Normal School days were recalled and discussed, the only regrettable feature of the evening being that the hour for departure came entirely too soon.

## UNION COUNTY.

Thirty members of the Union County Association and their guests met around the banquet table in Mifflinburg on the evening of Dec. 21st. The occasion was greatly enjoyed by all present. A season of social intercourse and the recalling of scenes and events of school days made the hours slip away all too quickly.

Mr. Bakeless and Mr. Hartline did the honors for the Institution. Among the guests present were Judge-elect A. H. Johnson, Dr. S. L. Krebs of Swarthmore College and Supt. Evans of Columbia Co.

## The New Term

As the QUARTERLY goes to press the work of the Spring Term, the homestretch of the school year, is well under way at Bloomsburg. The school duties of the term began March 26th with the usual heavy spring enrollment. Each week brings additional students, as the country schools are now closing and many of their teachers are making good use of the opportunity to secure the advantages of the Normal School training.

The dormitory accommodations of the school have been taxed to an unusual degree by the increased attendance, but under the capable management of our ever busy Registrar, Mr. F. H. Jenkins, all applicants have so far been satisfactorily cared for.

## Office Changes

The ever increasing business of the school has for some time taxed the present office arrangements of the institution until it has been found necessary to completely remodel the public business office of

the school. Changes have already been approved by the trustees which will be made during the present term so that it is expected that Commencement visitors will find office equipment and surroundings much more business like and convenient for the transaction of business with the general public.

The private offices were remodeled some time ago and the present changes will make the office equipment of the school thoroughly up-to-date.

The changes for which orders have already been given include a complete new equipment of office furniture, a new counter with metal grill work, the installation of three telephone booths, new electric wiring and fixtures and the redecoration of the office.

It is expected that these changes will be completed and in use by the first of June.

## State Board Examinations

The State Department of Education has appointed Monday, June 17th as the date of the State Board

Examinations at Bloomsburg this spring.

The Faculty preliminary examinations will begin Thursday, June 13th.

## Athletics

The crack of the bat on the Normal Field again makes music for the lover of base ball. Prospects are good for a team of average merit. One never can tell amidst the shifting scenes of school life, just what a body of new men may contain in the way of future stars. One thing is certain. With Weimer and Schmaltz on the job there will be afforded a rare opportunity for the boys to learn up-to-date, inside base ball.

The following excellent schedule has been arranged by Manager John Shambach.

## Philologist Society

The attendance at Philo. last term was exceptionally good, and new members were taken into the society at nearly every meeting.

As usual, the society has been following a regular line of work in their private programs. Last term the studies of Operas were taken up. They consisted of the life of the Author, synopsis of the play, and musical selections rendered by the Philo. chorus and individuals. A few of the Operas studied were Cavaleria Rusticana, Martha and Tannhauser.

Much important business was transacted during the winter term in which every member of the society took an active part.

The society has decided upon a new departure, that of buying books and placing them in the school library for the use of all students. In the purchase of these books care will be taken to select only such books as will aid the society in preparing their private programs.

Last Saturday evening new officers were elected to office and we the members of Philo. wish them a most successful administration thru-out the term.

Since last the readers of the *QUARTERLY* heard from her, Callie has been doing good work.

The annual Reunion took place as usual on the 22nd of February and also as usual was a success. The Gym was decorated with thousands of paper flowers in the society's colors, giving a very beautiful Japanese effect. The entire room was roofed with branches and to these the flowers were fastened, while from the gallery portieres made of the flowers were hung. The usual Callie badges were distributed by two children from the Model School, costumed as George and Martha Washington.

The program in Callie Hall was given at 11 o'clock and is generally conceded to have been the "best ever."

The hour was devoted chiefly to Dickens. The program was as follows: President's address, Edson Stark; The Three Fishers, Lera Farley; Dickens, The Man, Myra Campbell; The Lass with the Delicate Air, Esther Root; Reading from Dickens, Kimber Kuster; The Legend of the Chimes, Callie Chorus; Dickens Characters, Marguerite Seibel. During Miss Seibel's reading David Copperfield and Dora, the immortal Micawber, Mrs.

Micawber and the twins, Uriah Heep, Little Nell, Mr. Pickwick, Fannie Squeers, and several other old friends made their appearance in full costume.

Music for dancing was furnished thruout the afternoon by Low's Orchestra, and light refreshments were served in the middle of the afternoon by Callie girls in colonial costumes. In the evening Dr. Gabriel Maguire, the African explorer, lectured very acceptably.

Since the Reunion work has been carried on as usual and several excellent programs have been rendered.

Through the kindness of one of our charter members, Mr. C. B. Robbins of Bloomsburg, the society last fall came into possession of one of our early pins. The pin is a monogram in gold of the Greek letters Kappa and Epsilon, the initial letters of the words from which the society's name is derived.

The cut which heads this column is the work of one of Callie's most talented members, Mr. Frank Titman. It was used to head the programs for the Reunion.

### Y. M. C. A.

The Y. M. C. A. of B. S. N. S. has been very successful during the past year, under the leadership of Clarence Barrow, President. There was an exceptionally good attendance at Bible study. Four classes were organized studying the life of Paul, and were carried through

The term social to be held on April 13th, is to be in keeping with the season. Its holding has been delayed so that as many new students as possible may be present.

### Wayne County Alumni Meeting and Banquet.

THE QUARTERLY regrets that the following was inadvertently omitted from the January number.

The Wayne County Alumni Association of the Bloomsburg State Normal School, held its annual meeting in the parlors of Mrs. Briggs, caterer, Honesdale, Pa., Wednesday evening, November 15. To those present it was the most enjoyable event of Institute Week. This organization met and elected its officers 2 years ago. No banquet was held that year. Last year a banquet was served at which there were thirty-three members present and four of the Normal School Faculty. This year we are happy to report that the Association has grown and was represented at the banquet by thirty-four members and six members of the School Faculty. The County Superintendent, J. J. Koeh-

successfully under the leadership of Messrs. Clarence Barrow, J. R. Jones, L. B. Savige and Ray Watkins.

The following were elected as officers, for the year: President, Chas. L. Hess; Vice President, Chas. Hendershot; Secretary, William Smith; Treasurer, Carl Atwood.

---

## Y. W. C. A.

---

At the annual election before vacation, the following officers were chosen for the coming year: President, May Byington; Vice President, Nellie Seidel; Secretary, Anita Clark; Treasurer, Ruth Nicely.

The new cabinet members are taking hold of the work vigorously and we anticipate a successful year.

The recent basket ball game between the Y. W. C. A. team and the ladies of the Faculty, besides affording endless amusement for the spectators, netted the Conference fund twelve dollars. In the opinion of all—except the defeated team—it was money easily earned.

The Association has purchased a hundred "penny strips" to be filled by friends of the organization, as a

ler and wife were also present. The fame of these enjoyable and profitable meetings is being spread throughout the county, and the attendance at the meeting in 1912 will, no doubt, be very largely increased. Miss Irene Curtis, '10, Waymart, is the new Secretary and Treasurer, succeeding Miss Alma Noble, '07, who declined re-election.

### Class Reunions, Next Commencement.

There is evidence that the reunions this year will exceed in number and spirit those of any previous year. We know that this is a great undertaking, but the committees of several of the classes have been busy for some time, and think and say: It can be done.

We understand that preparations are being made by nearly all the classes that properly hold reunions, this year. They are: '72, '77, '82, '87, '92, '97, '02, '07.

The class of 1910 is planning to make its reunion this year the "largest second year reunion ever." Every member is urged to come. Only the absolutely indifferent will miss this occasion, unless conditions impossible to avoid or change prevent. No trivial excuses will be accepted by those loyal to the class, and to the school, who are present. Do not fail to be on hand early.

All reunions will be held Tuesday afternoon, June 25th. Please communicate with the Registrar, Mr. F. H. Jenkins, that arrangements may be perfected.

'76, Kline, I. Clinton, (special course) is a candidate for the Republican nomination for congress in this the Sixteenth Congressional District, and at this writing, April 15th, it appears that he has secured the coveted prize. Mr. Kline is a prominent member of the Northumberland County Bar. His opponent on the Democratic ticket will be John V. Leshner, '90, (Sp. Course) who had no opposition for the nomination. The district is normally democratic, but on two occasions has been represented by a republican. There will be a battle royal between these two old Normal boys, but it will be a clean contest, and he who gets the greater number of votes will be a worthy winner.

'77, Robbins, (Grimes) Honora, M. D., is spending several weeks in Florida this winter. She is accompanied by her young son.

'79, Lepley, Rev. Wm. A. At the recent Central Pennsylvania Conference of the M. E. Church, Mr. Lepley was stationed at Newton Hamilton. Other appointments of former Normal boys are as follows: E. H. Witman, '78 (Sp.) Curwensville; N. H. Smith, '80, Burnham; Marion J. Runyan, '82, (Sp.) Half Moon; N. E. Cleaver, '83, Mount Carmel; W. Wade Hartman, '88, (Sp.) Tyrone, and Harry E. Crow, '93, Conyngham.

'79, Lowenberg, Louis (Sp. C.) who has been in the clothing business in Milton, Pa., for several

years, has become the manager of The Milton, the leading hotel of that borough.

'80, Butler, Harry C. (Sp. C.) died at his home in Carbondale, Pa. early in April. Mr. Butler was one of the leading lawyers of his home city and for a time was the City Solicitor. We do not have the particulars of his illness and death.

'83, Karschner, Rev. Lloyd W., was stationed by the Wyoming Conference, M. E. Church, at the session recently held in Scranton, at Wyalusing, Clark Callender, '90, at Nanticoke, and B. M. Johns at Factoryville.

'84, Dengler, Anna, has been appointed Supervisor of Music in the public schools of Newark, N. J. This appointment is all the more appreciated in that it was secured through a competitive examination in which there were a large number of applicants.

'85, McNiff, M. Katharine, (Sci. Course '89.) We find the following in a January issue of the *Harrisburg Telegraph*:

"After school on Thursday afternoon, Miss McNiff, instructor of Latin at Central High School, gave an illustrated talk on "Rome and the Roman Forum" for the benefit of the pupils of Latin of the High School.

Miss McNiff with crayon sketch gave her audience a clear guide map of Rome, showing the interesting sections of ancient and modern Rome. The intricacies of Cæsar's

bridge, the "testudo" of the Roman soldiers, the plan of a Roman military camp as well as everyday scenes of ancient and modern Roman life were well explained and illustrated by Miss McNiff in her usual clear way.

The excellent pictures were thrown on the screen by Professor Henshen, who assisted Miss McNiff in her effort to make less the difficulties of Latin and the study more attractive and interesting. Miss McNiff's audience was large and earnest and the pupils showed a keen appreciation of their teacher's broad knowledge of her subject."

'85, Knorr, (Smith) Mildred, (Sp. Coll. Prep.) Bloomsburg friends and relatives will be interested in learning that Ethelbert Talbot Smith, son of Dr. E. F. Smith and Mrs. Mildred Knorr Smith, both former Bloomsburg residents, and a Junior at Trinity College, has been awarded first prize in English composition. His parents are residents of New York City—*Morning Press*.

'88, Wendt, Mary S., has studied and holds credits in German, Psychology and English from the Universities of Pennsylvania and of Pittsburgh. In recognition of her work as a student and as a teacher, Susquehanna University has conferred upon her (causa honoris) the degree of Master of Arts.

'90, Schening, John B., Druggist, S. W. corner 29th and Huntingdon streets, Philadelphia, recently made

a flying visit to Bloomsburg and the Normal School. John looks prosperous, and appears to enjoy life as of old.

'93, Penman, Minnie. We clip from a local paper: "Miss Minnie Penman, who for some years has been a very successful teacher in the public schools, has been elected a teacher in the State Normal School to take the place of Mrs. L. H. Dennis who retires at the end of this school year in June. This is a worthy promotion for Miss Penman."

'93, Fahringer (Dennison) Effie, writes to Mr. Jenkins: "I want to inform you of my change of address. We have come to merry old England to make our home, for awhile at least, and I do not want to miss the "Normal Quarterlies" and Annual Reports." Her address is Mrs. W. N. Dennison, Botwell Lodge, Hayes, Middlesex, England.

'94, Buckalew, Louis W. (Sp. C.) was married Wednesday, January 31st to Miss Sophia Nelson of York, Pa. The marriage was solemnized at the home of the bride by Rev. Arthur Russell Taylor, rector of St. John's Episcopal Church, York.

They are now at home in Bloomsburg, occupying one of the very desirable new flats in the Farmers National Bank Building.

'97, Moran, John A., a rising and able young Mt. Carmel attorney-at-law, has been appointed Solicitor for county auditors of North-

umberland county. He will serve for the year 1912. Mr. Moran read law in the office of Wm. Chrisman in this town and has many friends here who note his success with pleasure.—*Daily-Sentinel*.

'97, Milnes (Roberts) Mary, presented her husband with a little daughter early in April. They reside at Atlanta, Georgia. Mr. Roberts is the general manager for the southern states of the W. H. Baker Chocolate Company.

'98, Robbins, Auber J. On motion of attorney C. L. Robbins, Judge Strauss, Monday, admitted attorney Auber J. Robbins, of Bloomsburg, to practice law in the several courts of Luzerne county. Attorney Robbins was admitted to the Supreme Court in 1903 and practiced law in Columbia county for some years. He is well qualified to take up the practice of law in the local courts.—*Wilkes-Barre Record*.

'98, Morgain, U. Grant, has disposed of his business in Bloomsburg, and taken up his residence in Columbus, Ohio. We understand that he is a general salesman for a large manufacturing company of the east, making fine confectionery, cakes, crackers, etc.

'98, Styer, George R. The *Daily Sentinel*, February 8th, says:

"George Styer, of Berwick has been elected to fill the position as teacher in the commercial department in the High School made vacant by the resignation of H. A. Sykes. Mr. Styer was assistant

principal in the Berwick High School, and comes to Bloomsburg highly recommended. His place will be filled by Mrs. Kimber Hartman, formerly Miss Deighmiller, a graduate of the Normal."

'99, Dennis, Lindley H., who has been appointed expert assistant in agricultural education in Pennsylvania, under the new State Board of Education, left yesterday for Harrisburg to take up his work. He will leave upon his arrival at Harrisburg, for Washington, D. C., on matters pertaining to his work.—*Morning Press*, March 8th.

'00, McCollum, Harry, has been spending several weeks in Espy, prior to going out in vaudeville for the summer in a David Belasco vaudeville sketch, the itinerary of which will extend to the Pacific coast and will continue to Fall. Mr. McCollum has just completed a tour with Robert Edeson.

'00, Evans (Eves) Elizabeth. A local paper, March 16, has the following: Mrs. A. H. Eves and children have returned to their home at Ladysmith, Wis., after visiting the former's mother, Mrs. Evans on Third street, following the death of a child, whose body was brought here for burial. Mr. Eves had previously returned home.

'00, Crossley, Bertha M. On Wednesday evening, January 31st, Miss Crossley, while in the act of giving her room-mate, Miss Blian of Rhode Island, an alcohol bath in their room at Perth Amboy, N.

J. before an open fire, was terribly burned by a sudden explosion of the alcohol, the details of which will never be learned for both young ladies were frightfully burned. The clothing was burned off both and Miss Crossley never had a chance for recovery, her entire body being terribly burned. She lingered until 4:30 o'clock Thursday afternoon, when death relieved her frightful sufferings. Miss Blian was slightly less seriously burned and she has a chance, although a slight one, for recovery, her condition being extremely critical.

The body was brought to Danville, Saturday, Feb. 3rd. The funeral services were held at Long's Church, near Danville, Sunday, Feb. 4th. Following her graduation at the Normal, Miss Crossley taught in the Hendrickson and Strawberry Ridge schools in Montour county, and later, when the family moved to New York City, taught in the schools of that city and suburban towns. For the last four years she has been teaching at Perth Amboy.

'00, Allen, Rebecca (Sp. C.) now residing with her mother at Hagerstown, Md., is taking a course for a trained nurse in a maternity hospital in Baltimore.

'00, MacFarlane, Mary W. At the home of her mother on Gaylord Ave., Plymouth, November 1, 1911, Miss Mary MacFarlane was married to Hon. Howard Nelson

Wilcox of Bristol, Conn. The house was tastefully decorated with palms, cut flowers, and vari-colored ribbons. Rev. A. M. Brown, pastor of the First Presbyterian Church officiated. Mr. Wilcox is one of the leading druggists of Bristol, Conn., and a member of the House of Representatives of that state. He is also president of the Business Men's Association.

They reside at 228 High Street, Bristol, Conn.

'01, Dennis, Fred. On account of ill health, Fred, some time ago, went to the Pacific coast hoping that the change of climate would be of benefit, but the conditions were such that his friends were literally "hoping against hope." Now the cheering and gratifying news comes that he is steadily improving, gaining in strength and vitality, and able to engage in light out-door employment. There is now every hope of complete restoration to health. He has just been joined by his wife and two children in San Dimas, Cal., where they will make their home.

'01, Keller, Edith, was married January 30th, to Verus T. Ritter, formerly of Bloomsburg, but now residing at Huntington, W. Va. The marriage was quietly solemnized in St. Michael's Protestant Episcopal church, New York City, by the Rev. Mr. McCandless, and took place at high twelve. The bride and groom were unattended, and the ceremony was witnessed by only a few near relatives. They are at

home at Hotel Frederick, Huntington, W. Va.

'04, Richart, Bessie, is now in the Joseph Ratti Hospital ill of typhoid fever. At this writing all indications point to her recovery. A local paper makes the following statement:

"An abrasion of the finger is thought to have been responsible for the attack of typhoid fever with which Miss Bessie Richart, a trained nurse, is now suffering. Miss Richart was caring for Miss Florence Houck, a Normal student suffering with the disease, at the home of Calvin Girton, when she contracted the disease. The only reason that can be advanced for her contracting it is, that she suffered a cut finger while on the case."

'04, Eister, A Bertram is in Ohio, working on automatic signals. He is employed by the Pennsylvania lines west of Pittsburg on the Western Division as Signal Foreman. His address is 311 South Sandusky Avenue, Upper Sandusky, Ohio.

'04, Turner, Ruth T., has a delightful position as Secretary in the Castilleja School, Palo Alto, California, a school for young ladies. She greatly enjoys her work, the people and the climate.

'05, Burgess, Lee W., was married Tuesday evening, April 2, in Denver, Colo. to Miss Pearl J. Woodward of that city. The Grand Junction, Colo. *Daily Sentinel*, says:

"Miss Woodward is the daughter of Mr. and Mrs. A. F. Woodward,

the former being a prominent mining operator of Cripple Creek and Denver. The family is well known in social circles, the bride-to-be being particularly active in Denver society.

Mr. Burgess is senior member of the firm of Burgess & Kinard, attorneys, and is a son of W. L. Burgess, proprietor of the Grand Junction Seed company of this city.

He came to this city in August of 1910 and was joined later in the year by J. M. Kinard, and these two young barristers have built up a splendid legal clientele during their stay. They are known as lawyers whose future is assured and of whose ability there is no question "

'05, Brooke, Walter S. The Bloomsburg friends of Walter S. Brooke will be glad to learn he was recently promoted to the position of assistant manager of the art department of the Pennsylvania Railways Advertising Company, one of the largest concerns of the kind in the country, all of which is gratifying evidence of the fact the young man's ability is being recognized. —*Morning Press*, Jan. 31.

'05, Sloan, David K. (Sp. C. P.) and wife (Irene Ikeler, '04) of Pottstown, will make their home in the near future at Berwick, Pa.

'06, McBride, Charles, principal of the Hemlock Township High School, has accepted the position of general superintendent of the "Uncle John" farm, owned by Geo. B. Markle of Hazleton. Mr. McBride,

who is a native of Buckhorn, is a graduate in agriculture at State College. He entered upon his duties April 1.

'06, Osuna, Jose, now a senior at State College and who expects to enter Princeton Seminary next year, going from there to the ministry in Porto Rico in three years, spoke at the service in the First Presbyterian church, Sunday morning, February 18th, the address being considered a fine, attractive condensed account of conditions in Porto Rico before and after 1898.

'06, Creasy, Raymond C., is now a full-fledged M. D., and has opened offices at 31 South Washington street, Wilkes-Barre, Pa. The doctor can be relied upon implicitly to faithfully meet the demands of his profession.

'07, Llewellyn, Llewellyn N. We heard the other day, perhaps *sub rosa*, that the engagement of Mr. Llewellyn and Miss A. Louise Slocum, '08, had been announced.

'09, Bierman, Ethel, has gone to Wilmington, Del., where she has accepted a position as teacher in household economics at the Delaware Industrial School for Girls.

'09, Ruhl, Jessie, and W. McKelvy Reber (Sp. C. '99) were married at the home of the bride's parents in Bloomsburg, February 22d. The ring ceremony of the Presbyterian church was read by Rev. Spencer C. Dickson, pastor of the First Presbyterian church of town.

Added impressiveness was given

the ceremony by reason of its simplicity, which was witnessed only by the immediate families of the bride and groom and a few intimate friends. The bride and groom were unattended.

After an extended wedding trip they returned to Bloomsburg and have gone to housekeeping at 139 West Fifth street.

'11, Leister, Marion (Sp. C.) Word has been received in Bloomsburg of the engagement of Miss Leister, now of Norfolk, Va., to Mr. Walter C. Sanders of that city. The wedding will probably take place in April.

Mr. Sanders is the son of Mr. and Mrs. M. C. Sanders, of Colonia, a fashionable suburb of Norfolk. He is a graduate of Eastman College, New York, and with his father, is associated in many business interests in Norfolk.

'12, Young, Hannah, (Music.) The sad news came to the Normal about the last of January of the death of Miss Hannah Young, of Hazleton, a music student at the school during the school year of 1910-1911 and who was a student at the school until the Christmas vacation. She had expected to return after Christmas to complete her music studies here, but illness prevented her return. Funeral services were held at Seigfried, January 29th.

It has been decided that the Alumni List will not be included in

the school catalog this year, and in consequence copies of the catalog will not be sent to graduates except upon request. Those specially desiring copies of the catalog will therefore address the Registrar who will be glad to supply their needs.

In the absence of the Alumni List, a news number of the QUARTERLY will be mailed to all graduates in July, and a specially good Alumni number is promised for this time, *if you will send us the news*. Changes of address are particularly desired.

## Commencement

---

The closing ceremonies of the school year just ended were especially interesting, and in every case well attended. From the Senior Music Recital of the Saturday evening preceding, to the close of the Alumni Banquet on Commencement Day itself, everything swept smoothly and swiftly to the very final minute.

The Baccalaureate Sermon was preached to the Senior class by Dr. D. J. Waller, Jr.

The Middlers presented "Pygmalion and Galatea" for the usual drama, and acquitted themselves with great credit to themselves and their instructress, Miss Ellis, and contributed much to the pleasure of the commencement crowd.

The usual Alumni Reunions, reported on a later page, marked Tuesday of commencement week.

The Seniors held the annual Ivy program on this day also, and planted ivy liberally along the north end of the chapel building.

The Class Night program embraced the usual numbers with much originality in evidence in the productions of those responsible for the History and Presentations.

One hundred and ninety-two students received certificates of graduation, of which number one hundred and sixty-two completed the teachers' course, ten the college preparatory, fourteen the commercial, and six the music course.

The commencement address was very acceptably delivered by City Superintendent James M. Coughlin of Wilkes-Barre, a former teacher of the school, and no stranger to a Normal audience.

## Prospects for Next Year.

---

"The king is dead, long live the king!" Close upon the hurry of a closing year begin the plans for the coming one. Mr. F. H. Jenkins, the ever busy Registrar, reports that advance engagements of rooms for a fall term have never been so numerous as at present.

## Paint and Plaster.

"What an awful mess!" Yes, to be sure, the ceiling's off and the floors are up and wires and pipes are dangling. But the first floor main entrance corridor will be in harmony with the business offices and the new dining room, before vacation days are over. That's why things are so torn up just now. Have to be up-to-date at Bloomsburg.

## BLOOMSBURG BOYS AT COLLEGE.

From the various colleges reports came in last month that were most gratifying concerning college honors and credits gained by Bloomsburg trained students. Those boys must have worked hard, but it made everyone feel good just when the trying duties of the spring term were driving us the worst. Well done, boys, but another crop will be heard from later. It's a habit the Bloomsburg boys have.

## CLASS OF 1910 SCHOLARSHIP FUND.

The class of 1910 celebrated their first reunion by leaving in trust to the school the sum of \$100 as a scholarship fund for the assistance of worthy individuals desiring Normal School training.

## Alumni.

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No 203.

## General Alumni Meeting and Banquet.

At precisely 1 o'clock in the afternoon of Commencement day the Alumni Association was called to order by President Geo. E. Elwell '67, in the Auditorium. This was unquestionably the largest annual meeting of the Association, about three hundred being present. It is particularly gratifying to the trustees, faculty and members of the Association to note the increasing interest taken in the annual meeting. The usual order of business was first attended to, and the class of 1912 in all departments was admitted to membership without the payment of current dues.

Election of officers resulted in the election of the following: President, George E. Elwell; vice president, Dr. D. J. Waller; recording secretary, S. J. Johnson; corresponding secretary, George E. Wilbur; treasurer, H. G. Supplee; executive committee, O. H. Bakeless, C. H. Albert, Mrs. F. H. Jenkins, Miss Maude Smith and Miss Hattie Carpenter.

In response to calls of the president

the following responded : Dr. H. Bierman, '82; Miss Mattie Vaughn, '82; Supt. C. W. Derr, '95; Geo. H. Webber, '05; Miss Hannah Breece, '79; Charles Hendricks, '92; William Shaffer, '92; Miss Jessie Gilchrist, '97. Others were scheduled for speeches, but the announcement that the Alumni banquet was about to be served necessitated adjournment. All the addresses were excellent and greatly appreciated. A very delightful hour was passed, the members declaring the meeting to be the best ever held.

#### THE BANQUET.

With accommodations provided for five hundred guests, so great was the interest that a last minute hurry call for additional seats was sent out, with twenty accommodated on the porch adjoining the dining hall—and thus the largest banquet in the history of the Alumni Association was held.

Then followed the serving of the banquet, with the following toothsome menu discussed while the orchestra played :

#### SEASON OF SPEECHMAKING.

George E. Elwell, president of the Association, presided over the session of after dinner speechmaking, and it required little of his wit to keep the ball a-rolling. Such as was necessary, however, was forthcoming, as always.

William E. Traxler, '05, discussed "Our Science Department ;" Miss Margaret Lewis, '87, Scranton, had for her subject "Normal's Honored Guests," Miss Marie L. Diem, '02, of Scranton, dwelling especially upon "The Class of 1902;" "Our Dramatists and Orators" was the subject of the response of Miss K. Maude Smith, '87, while James C. Brown, one of the trustees, very appropriately discussed "Our Domestic Science Girl," with Miss Marguerite Seibel speaking in behalf of the "Class of 1912."

Altogether, it was a delightful affair.

#### CLASS REUNIONS

On Tuesday afternoon, June 25th, the class reunions were held and were exceptionally enthusiastic and largely attended. The colors of the various classes were profusely used in the decorations. Among the alumni present, entertained by older classes holding reunions, were Lorena G. Evans '75, Alice E. Wilson '75, Anna Bittenbender (Jenkins) '75, Frances E. Searle (Hayes) '78, Hannah E. Breece '79, Louisa Robbins '79, and others. To the class of 1882 went the hon-

ors of being the oldest class back for their reunion. They were entertained at a 6 o'clock dinner by Nora Finney (Sterner).

'87. Yellow and white bunting, the class colors, with imitation snow flowers made beautiful decorations in Room A where the class of '87 held forth. Twenty of a class of forty returned for their twenty-fifth reunion. The class poem, read 25 years ago, was again read by Mary Mathias (Hermany). Solos were sung by Maud Smith and Orval Yetter, and the Class President, W. C. Johnston, made an address. Toasts were responded to by C. H. Reynolds, R. T. Farver and Charles Taylor.

'92. No formal program was carried out by the class of 1892, the afternoon being given over to reminiscences and impromptu addresses, with solos by Hattie Ringrose (Knies) and Mabel Westover (Huff). Letters were read from many absent members, and plans made for a big twenty-fifth reunion in 1917 with the committee of arrangements consisting of Dr. T. L. Deavor, Syracuse, N. Y., C. G. Hendricks, Selinsgrove, and Anna Stair, Wilkes-Barre. This class proposes to take care of its department in the Alumni columns of the QUARTERLY.

'97. This enthusiastic class had a royal good time, midst its colors of red and blue, in relating personal experiences, recalling incidents

of Normal life and pledging anew loyalty to the class and activity for "old Normal." The present officers were continued as life officers and are: President, Leslie B. Sealey, Secretary, Sue Bodmer, Treasurer, Ralph Sands. There was a fine attendance.

'02. There was no formal program carried out by this class, but its informal doings were very enjoyable and delightful. They arranged for their fifteenth reunion in 1917, which, one member of the class said, "Will be a hummer." There was a large attendance.

'07. Members of the class of 1907 were back in force for their fifth year reunion, with Miss Margaret Dailey, of Steelton, presiding in the enforced absence of the president, Harry DeWire. The following were named a committee to arrange for the ten-year banquet in 1917: Misses Gertrude Gross, Gertrude Vance and Helen Moyer, of Bloomsburg; Miss Margaret Dailey, of Steelton; Miss Ada Mitchell, of Parsons; Dudley C. Levan, of Catawissa, and William Moyer of Bloomsburg. Officers were re-elected as follows: Harry DeWire, president; Miss Margaret Dailey, vice president; Dudley Levan, treasurer; Miss Bertha Bacon, secretary. The members sang the class song beneath the class colors of blue and white, and several informal addresses were made. Among those present from a great distance were W.

C. Levan, Kirkwood, Mo., Antonio Rodriguez, San Juan, P. R., Lillian Wendt (Webber) Summer-ville, S. C.

'10. Always the most largely attended of all reunions is that of a class back after two years, and this year was no exception, for 1910 members were to be seen on all sides, while their program was the most elaborate of any attempted during the day. The "gym," where they held forth was beautifully decorated in red and black bunting and streamers, with class pennants prominent, while the following post prandial was enjoyed: "Our Class," Charles Morris, president; solo, Miss Blanche Brown; "Old Friends," Miss Mary Lowry; piano solo, Miss Margaret Oliver; "Gentlemen," Miss Sarah Bond; "Ladies," Charles Potter; solo, Miss Ethel Andrews; "Being Happy," Miss Agnes Freas. During the serving of the menu an orchestra furnished music.

'11. Although the class of 1911 was not scheduled for a reunion, their love for the school brought them back, almost a hundred strong and to Columbia Park they hied themselves Tuesday afternoon and had a delightful picnic.

The menu served at the various banquets was as follows:

#### THE MENU.

| Oranges with Cherries |          |

|          | Coffee          |               |

In these reunions one class ought not to be omitted. It has a reunion each Commencement, and always has 66 $\frac{2}{3}$  per cent. of its membership present. It is the class of 1867. The members are David J. Waller, Jr., and Geo. E. Elwell of Bloomsburg, and Charles Unangst of New York. This class was the first one to complete the course at the Bloomsburg Literary Institute in June, 1867, and all of its members entered college that fall.

The privilege of joining in the reunion of any or all classes is cheerfully accorded them.

We regret that in the foregoing accounts of the reunions we have not the space to publish the names of all who were present, but the number has become so large that it is impracticable to do so. These reunions are the most pleasant and joyous of the functions of Commencement Week.

The classes to hold reunions next commencement are '73, '78, '83, '88, '93, '98, '03, '08, and '11, and in several of them committees are

already busily engaged preparing therefor.

'05, Gunton, Jean, (sp. course.) With a very elaborate wedding Miss Jean Gunton was married June 8th to Mr. Theodore Alexander, of

Wilkes-Barre. The marriage was solemnized in St. Matthew's Lutheran church, Bloomsburg, at 6:30 o'clock p. m., Rev. J. Edw. Byers, pastor of the church, officiating. While on their wedding trip Mrs. Alexander was taken ill necessitating an immediate return to her former home, where her illness developed into typhoid fever. We are very glad to state that at this writing, July 11, she is convalescing, and complete recovery seems to be assured. Mr. Alexander is a son of the well known Prof. J. I. Alexander of Wilkes-Barre, and is assistant teller in the Wyoming National Bank of that city.

'05, Wolf, Mae H. On Wednesday, June 19, at high noon, Miss Mae Wolf became the bride of Mr. Jacob K. Klegman. The ceremony was performed in Mosebach's Parlor, Philadelphia, by Dr. Henry Berkowitz of that city, only the immediate families of both sides being present. Following the ceremony a private family dinner was served, after which the happy couple left for a short trip. They make their home at 128 N. Rock street, Shamokin, Pa.

'06, Girton, W. Raymond, was married May 11th to Miss Bertha May Nordike, daughter of Dr. and Mrs. J. L. Nordike of Watkins, N. Y. The ceremony was performed at 8:30 o'clock in the morning at St. James Episcopal church. Mr. Girton is a valued employe of the

International Salt Co. They reside at Watkins, N. Y.

'06, Masten, Christella F., is meeting with splendid success as a teacher in the Binghamton schools. She has been re-elected and will have an appreciated increase in salary.

'06, Roadarmel, Ada. The following clipping from the *Mt. Carmel Daily News*, January 2nd, was received May 6th: "Herman Knoblauch and Miss Ada Roadarmel, accompanied by Mr. and Mrs. H. H. Tobias, went to Sunbury this morning and were married by the Rev. Dougherty. The newlyweds then continued on to Hope, N. D., where Mr. Knoblauch is in the tailoring business.

The bridegroom came home for Christmas and left this morning to go back west. Nobody knew of the intentions of the couple until this morning. It comes as a complete surprise to the hosts of friends of both parties, who are well and favorably known about the region. The bride was one of our public school teachers, and sent her resignation to Secretary John this morning."

'07, Wallace, Agnes, is teaching the seventh grade in the grammar school at Livermore, California. She has been spending much time in the study of drawing, and finds it very interesting. She has had an offer to go to Shelton, Wash., and teach drawing in the schools there.

She greatly appreciates the coming of the QUARTERLY.

'07, Rittenhouse, Laura, who taught for five years at one place, was married last fall, to William H. Yohe, and is now housekeeping on Kramer avenue, Berwick, Pa.

'08. Smith, Merrill, (Coll. Prep.) graduated this year from the Wharton School of the University of Pennsylvania in the course of Finance and Commerce. He will probably spend the summer in Bloomsburg.

'09, Mather, Ray, took first honors in his junior year at Williams College, Williamstown, Mass. He with several college chums embarked on the Parsian, at Boston, Mass., for a trip across the Atlantic, and will spend two months sight seeing in Europe.

'09, Smith, Blanche (sp. course) and Harry Hess of Bloomsburg, were married Thursday, May 16th, at the home of the bride's mother on Penn street, by Rev. E. R. Heckman of the First M. E. church. Mr. Hess, a young man of estimable character, is employed as clerk in the post office. They reside in Bloomsburg.

'09, Hess, Geraldine. A beautiful home wedding was solemnized at the residence of C. W. Hess at Grassmere Park, yesterday afternoon, when his daughter, Miss Geraldine Hess, became the bride of George E. Follmer, son of Dr. J. B. Follmer, of Berwick.

As. Rev. J. M. Diehl, pastor of the Methodist church at Jamison City, pronounced the marriage ritual with the ring service, the bridal chorus from Lohengrin was played by Miss Alice Converse, of Sonestown. The parlor was profusely decorated with plants and flowers.

Both young people are well known throughout the county, and have the best wishes of a host of friends. The bride was graduated from the Bloomsburg Normal in the class of 1909 and has been teaching in the West Berwick schools during the past year. Mr. Follmer is employed as an electrician by the American Car and Foundry Company at Berwick.—*Morning Press*, June 27.

'10, Edwards, Effie. We give an extract from a local paper regarding the doings of a school in Columbia County which are worthy of commendation and imitation. We consider it of sufficient importance to accord it more space than would otherwise be warranted.

"From Sugarloaf township high school there was graduated a class of thirteen, eleven girls and two boys, and this class will go into history as one unique in the school history of the state, for each of the eleven girl graduates wore gowns exactly alike and ten of the girls made the gowns, beautiful in themselves, and at an actual cost of \$2.70, gowns it is stated, that could not be purchased for a cent less than \$25.

The gowns were designed by their teacher, Miss Effie Edwards, and they were made at recess, noon hours and Saturdays, with not a moment lost from their regular school work during the two months they were engaged in the task. In fact, during that time their school work even showed an improvement and the interest taken by the girls, some of whom had never before taken a stitch, was remarkable.

Each was a fine white batiste, and trimmed in hand-embroidered lace and insertion. They were made with kimona sleeves and cut decollette, with panels at the front and side.

It is stated upon the authority of a state inspector of schools, who recently visited the schools, that it was the first time in the history of education in the state that any graduating class has attempted this.

The Sugarloaf high school is a remarkable school in many ways, for it is in this school that practical agriculture is taught as it is in few schools.

Then, too, the zeal of the young people in that section in pursuit of an education is remarkable. Two of the members of the class, Miss Ruth Hess and Leona Harrington, walked eight miles each day, through all kinds of weather, in order that they might have the honor of being graduates of the class. Others walked six miles each day and comparatively few of the class

lived in proximity to the school, which is located at Central. Under Prof. Fritz and Miss Effie Edwards the school has made wonderful advancement, and nowhere is a deeper interest taken in the cause of education.

'10, Keeler, Charles W. At the residence of the bride's father, Mr. Fred J. Richards, on Normal Hill, Miss Jennie Richard became the wife of Mr. Charles Keeler of Benton. The ceremony was performed by Rev. E. R. Heckman of the M. E. Church, on Wednesday morning, May 15th.

The bride is a graduate of the Bloomsburg High School and has been employed for some time in the office of the Richard Manufacturing Company, while the groom is a prominent county teacher having been engaged as principal of the Locust Township High School the past year.

'10, Corey, Louisa (sp. conrse) was married Wednesday evening, May 15th, at the home of her parents in Uniondale, Pa., to Mr. Henry L. Bayless of Forest City. Miss Vida Sturdevant, '11, was the maid of honor. Mr. Bayless is teller of the Farmers and Miners Bank of Forest City.

'11, McHenry, Jay (commercial) and Miss Irene Fox of Numidia, were married June 7, at the home of the bride's parents, the Rev. Mr. Bachman officiating. Mr. McHenry is book keeper and stenographer in

the town office of the McHenry Distilling Co., Benton, Pa.

'11, Hippensteel, Edw. E., who under the instruction of Mr. Bruce Black has become one of the finest all-around penman in the country, has accepted a position with the Scranton Business College. Lillian Cole, '11, and Glen Pursel, '12, have also been doing high grade work and several very desirable positions are open to them.

Mr. Black has done almost marvelous work in his department at the Normal School.

'11, Faust, Ethel. From the *Morning Press*, April 25. "Rev. S. C. Dickson, pastor of the First Presbyterian Church, officiated at the wedding yesterday morning at 9 o'clock at the home of the bride's parents, Mr. and Mrs. Faust of West Main Street, of their daughter Ethel to Frank Hagenbuch of Berwick. The ceremony was performed in the presence of only the immediate families of the bride and groom. They left on the 10:41 D. L. & W. upon a wedding tour and upon their return will reside at Berwick.

'11, Nelson, Elna, has been doing gratifying work as a member of the faculty of Dickinson Seminary, Williamsport, Pa. He has been re-elected with an increase in salary.

'12. A very large number of 1912 class have secured excellent positions. We regret that our space does not permit us to refer to them in detail.

We repeat the notice appearing in the April QUARTERLY: It has been decided that the Alumni List will not be included in the school catalog this year, and in consequence copies of the catalog will not be sent to graduates except upon request. Those specially desiring copies of the catalogue will therefore address the Registrar who will be glad to supply their needs. In the absence of the Alumni List this issue of the QUARTERLY is mailed to all graduates.

The editor of the Alumni department desires to thank those who so kindly aid him to secure information concerning old students. He finds it practically impossible to acknowledge each communication. Please accept this statement as an expression of his gratitude. Continue the good work and enlist others in the enterprise.

## Athletics.

"A bad beginning makes a good ending," is a hopeful old adage to give heart to the fellow who has made a bad start. The truth back of it was never better exemplified than in the way our base ball team went through the season just closed.

The material for a team did not seem to be of even ordinary experience and skill at the opening, but the closing series saw a well balanced team, capable of winning

from teams of repute. To win eleven out of eighteen, to hold Gettysburg College to a 2-1 score upon Gettysburg's own field, to defeat Wyoming Seminary, East Stroudsburg Normal School, Lock Haven Normal School, Shippensburg Normal School, to say nothing of several semi-professional teams, is an accomplishment worthy of the school and its splendid records of the past.

The track team showed better form than has been seen here for several years.

In the meet with Dickinson Seminary our team was defeated, but the showing was considered a very good one as Dickinson devotes all of her energies during the Spring to track work. The score of 71 to 60 shows the sterling character of the contests.

At the close of the base ball season, June 24, Wm. Clark, the best catcher the school has had in years, was elected captain for 1913.

The base ball B was awarded to the following men: Capt. Clemens, Clark, Tyson, Brown, Williams, Redlhamer, Austin, Gorham, Tubbs, Wagon seller and the aBa to Whitesell.

#### ATHLETIC TEAMS BANQUET.

The banquet given by the school to the base ball and track teams on Saturday, June 22nd, was a very enjoyable affair. The tables were tastefully decorated with wild roses and ferns. A menu, ample in quantity and of a variety to suit every taste, was given a thorough trial, and immediately took its place with the team, although no formal contract was signed. No bat boy was

needed to clean the plate and not a home run was recorded until the last man was out.

The track men worked the relay all through the meet and not a hurdle was necessary to get the china discus off in good form. No hammers were allowed, and although some tall stories were told the pole vaulters had no trouble to follow.

More of this could be pitched in, but lest some one catch our signals and accuse us of making a too base hit we will come to a short stop and strike out on another curve.

Speeches of varying length, variety and quality, were made by various members of the Faculty. Coach Weimer came in for some well deserved praise for his fine work in developing the base ball team, while Mr. Foote, the moving spirit of the track events, was complimented for his untiring interest in that department.

Manager Leonard announced gratifying progress in arranging a first class foot ball schedule for the fall term.

### Locals.

---

Vacation days.

---

Mr. J. C. Foote is with the State Chestnut Blight Commission for the summer with headquarters in Philadelphia.

Mr. C. H. Albert will do Institute work in the state of Indiana during the month of August.

—

Mr. D. S. Hartline is one of the counselors in charge of a large boys' camp at Lake George, N. Y.

—

Dr. D. J. Waller, Jr., and family are spending the summer in Europe. Italy, it is understood, will be the main objective of their trip.

—

The refitting of the school business office, reported in our last number, was completed before Commencement. The office is now a most attractive place and representative of the ever increasing business of the school. Further changes in the corridor at the entrance are now in progress which will complete the improvements on the first floor of this building, the kitchens, dining rooms and principal's office having been completely refitted and decorated during previous summers.

—

The class of 1882 Memorial Fountain on the lower campus, ill treated by the weather of recent years, was torn out and completely rebuilt during the spring term. The concrete basin of the new fountain is hexagonal in design instead of round and forms a most pleasing decoration to the campus.

## A NEW DEPARTMENT.

The trustees of the school have provided for the work of a new department for the coming year. The New School Code specifies Domestic Science as one of the branches to be taught by the Normal Schools and as half-way measures are not popular at Bloomsburg radical changes are being made in the Science Hall to provide proper accommodation for this work. A number of partitions on the ground floor are being removed to make large rooms for kitchen, dining, sewing and class rooms for the new department.

Miss Fannie Mitchell, a lady of broad training and wide experience in Domestic Science has been engaged by the trustees to take charge of this work.

—

## 1912 MEMORIAL.

The class of 1912 has left its class fund at the disposal of the school for the erection of a memorial walk and steps on the upper campus. The design promises a memorial which will be a very attractive addition to the campus. The steps will be flanked by low pedestals at top and bottom with large metal eagles and lions as decorative features. The memorial will be put in place during the present vacation.

Fall Term begins Tuesday, September 3rd.

## The New Term.

The first term of another school year opened with the usual rush and hurry on September 3rd. The effect of the new course of study on the school's attendance had been a subject for discussion for several weeks and Mr. W. B. Sutliff in arranging the program for the new term consumed much grey matter and not a little midnight oil in his efforts to correctly balance the number of sections required for each of the new classes. With the old course waning and the four year course not yet fully started in all classes during the previous year it was a great satisfaction to find, as the various classes assembled and went to work, that the preliminary estimates had been reasonably correct and even fewer changes in the program proved necessary than in some previous years when no similar problem had to be solved.

New students have made their appearance almost every day since the opening of the term, and at present writing the registration for the year is almost exactly the same

as for last year at the same time. Some of the problems it was anticipated the change of course might cause, have not developed and the new four year course is in successful operation at Bloomsburg with good sized classes for every year of the course.

## 1912 Memorial Steps.

The steps provided for by the Class of 1912 Memorial Fund were finished a few days before the opening of school and add greatly to the dignity and appearance of the approach to the upper building. The metal lions and eagles which are to form a part of this class monument have not yet been put in place, not having arrived though ordered early in the summer. They are expected to arrive at any time, however, and will be promptly placed. Conduits for electric wires were laid underground to provide for the proper lighting of the steps at night, and temporary lights are already in use. When completed the lights will hang from the eagles' beaks on the upper pair of pillars.

In connection with the steps a new concrete walk extends from the top of the steps to the office entrance and the stones of the former walk have been laid to provide a walk for the Model School entrance through the little grove of evergreens. These improvements add greatly to the effect of the upper campus.

### **Domestic Science Department.**

The trustees of the school during the summer vacation made alterations in the first floor of Science Hall to provide accommodations for the Domestic Science work required by the new course of study. A commodious kitchen with a most modern equipment including a combination gas and coal range of the latest and most improved pattern, tables with individual gas stoves and dishes for a class of twenty students, a fully equipped and furnished dining room and sewing room make up the present provision for the department, and a large class has already taken up the work prescribed for the Senior year. It would be treason to relate how the jelly for some of the boys absolutely refused to "jell" while that of the girls, arranged in carefully locked closets, has stirred the envy of old time house keepers. It is expected that classes will be arranged in the early future for a number of townspeople who have manifested great interest

in the work of this new department.

## **Alumni.**

---

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No 203.

### **COUNTY ALUMNI ASSOCIATIONS**

Information comes to us from many counties that arrangements are well under headway for these meetings in the several counties where organizations exist. The reunions and banquets are held, as a rule, on some available evening of the week of the County Institute. All former students, whether graduates or not, are considered members of these associations, and if the meeting in your own county is not convenient either in location or time, you are at liberty, and indeed are urged to attend the meeting in the adjoining county.

The Luzerne County Alumni Association will hold its reunion on Thursday evening, October 24, and an unusually large attendance is expected. We have not received information as to the dates fixed for other counties. Organizations exist in the following counties: Dauphin, Lackawanna, Lycoming, Mifflin, Northumberland, Schuylkill, Snyder, Susquehanna, Union, Wayne and Wyoming.

## CLASS REUNIONS.

The interest in Class Reunions at Commencement has greatly increased in the last few years. Those held last year probably exceeded in numbers and enthusiasm those of any previous year. Several classes are now making arrangements for reunions next June—it is not too early. The following classes are supposed to celebrate the anniversaries of their graduation: '73, '78, '83, '88, '93, '98, '03, '08, '11. The classes of '88 and '03—twenty-five years and ten years—will be the guests of the school. Each of the classes in its turn will thus be honored. B. Frank Myers, Esq., No. 12 N. Franklin St., Wilkes-Barre, desires the members of the class of '88, to send, at once, their correct address to him. These re-unions will be held Tuesday afternoon, from 2:00 to 5:00 o'clock, June 24th. Mr. F. H. Jenkins, the Registrar, will very willingly give any information desired respecting these occasions, and will cheerfully aid in the arrangements.

Inquiries are occasionally made in reference to Prof. Henry Carver, founder of the school and its first principal—and also members of his family. Prof. Carver died Feb. 20th, 1889, at Glenwood Springs, Colorado.

Rev. W. Henry Schuyler, Coll. Prep., '69, Center Hall, Pa., has kindly furnished the QUARTERLY

the following information:

“With the exception of one daughter who was not with the family at Bloomsburg, the following are the only members of Prof. Carver's family living: Mrs. Alice Greene, 4th Station, Denver, Colo. R. F. D. Mrs. Della Barnes, Mt. Rose, Colo.' Mrs. H. G. (Jean) Wolff, 3000 Newton St., Denver, Colo.”

Prof. H. D. Walker—a member of the faculty during the years 1869-70, having charge of the work in Rhetoric and in the Higher Mathematics, and one of the old-time educators, passed away on Tuesday, August 27th, 1912, near McKendree Church, Luzerne County, where he had been living for several years. Prof. Walker's death was due to old age, he being 95 years old at the time of his death. His step never lost its elasticity and his eye its luster. He was a man of wonderful vitality.

He was a graduate of Brown University, and an ordained minister of the Baptist Church. Two daughters, with whom he resided, Pauline and Luella, and one son, M. E. Walker, Esq. of Wilkes-Barre are the only survivors.

A local paper, Aug. 19, has the following: “Announcement has been received in town of the marriage of C. A. Leonard, instructor in Mathematics at the Normal, to Miss Lillian Florence Leonard of

Syracuse, N. Y. The ceremony was performed in Syracuse on the fifteenth of the month."

'73, Waller, (Hand) Julia (sp. course) died at Brooklyn, N. Y., Monday, Aug. 19, of rheumatism and a resultant affection of the nerves. Mrs. Hand was a resident of Bloomsburg until her marriage, since which, except for a few years in Honesdale, Pa., she has resided in Brooklyn, N. Y., her husband being president of the Underwood Typewriter Company. Four daughters also survive: Laura, who is married and resides in Brooklyn, N. Y., Charlotte, Julia and Dorothy at home. Also surviving are the following named brothers and sisters: Dr. D. J. Waller of town, L. E. Waller, Esq. of Wilkes-Barre, Dr. George P. Waller of Los Angeles, Cal., and Miss Laura, Washington, D. C.

'73, Keeler, Asa (sp. course) is a prominent attorney at Tunkhannock, Pa. About the middle of August legal matters calling him to Danville, he stopped for a short time in Bloomsburg to shake hands and renew acquaintances with schoolmates of by-gone days at the Normal. Great were the yarns that were told.

'75, Lowery, Dr. J. Lacey (coll. prep.) died in Lincoln, Ill., late in July. He was a prominent citizen of the section in which he lived. We do not have the particulars of his last illness.

'75, Thompson (Snyder) Carrie

has gone west. She is a teacher in the public schools of Oklahoma and is located at Hooker where mail will reach her.

'79, Herring, Grant S. This community and in fact this entire section of the state was startled when on Sunday, Aug. 26th, the wires brought the intelligence that Judge Herring had died at Berchtesgaden, Bavaria, Germany of cancer of the stomach. His death occurred Aug. 1. At his own request his body was interred in the cemetery at Berchtesgaden. His daughters Laura and Mildred were with him at the time of his death. His son Donald was touring with his wife in Switzerland. Miss Laura has been studying music in Germany for some time and it was with the object of paying his daughter a visit and benefiting his health that Judge Herring went abroad. His son Donald is an instructor in Princeton University. His daughters Laura and Mildred will make their home in New York City. His father, Geo. A. Herring, and a sister, Miss Ida, reside in Bloomsburg.

'79, Breece, Hannah E., whom so many were delighted to see last Commencement, started for her work in Alaska on Saturday, Aug. 24. She will be stationed as a government teacher at Fort Yukon, Alaska, a point on the Arctic Circle, and although much farther north than her former location it is much easier of access, and instead of get-

ting mail only once in six months at certain times of the year, it is expected mail will now reach her once each month. A card written Sept. 9 on S. S. Casca says: "I have had a beautiful journey on my way back to my new work. It will be exactly on the point where the Yukon touches the Arctic Circle. The climate is ideal at this time of the year. Will reach Dawson tomorrow." Her address is Fort Yukon, Alaska.

'80, Cobleigh, Dr. B. J. (sp. course) died at his home in Kingston, Pa., Sunday morning, Sept. 22. He graduated in medicine twenty-eight years ago. For several years he practiced medicine with marked success until he entered the coal business as assistant to his father-in-law, the late Hon. Daniel Edwards, president and general manager of the Kingston Coal Company. Surviving him are his widow, a daughter, Mrs. Charles O'Boyle, a grandson and a sister, Mrs. Jonathan Davies of Plymouth.

'80, Vannatta, Benjamin P., died in Philadelphia Sept. 2nd of heart disease superinduced by a heavy cold. Very few particulars of his last illness and death have been given. He was a member of the Episcopal Church. The body was brought to Bloomsburg and interment made in Rosemont Cemetery.

'80, Albert, M. F., is cashier of the First National Bank of Payette, Idaho, and actively interested in many civic and business affairs of

the community. He has four children, three sons and one daughter, the youngest, Marjorie, is twelve years old. The oldest son is a graduate of the Idaho State University and is now engaged in electrical engineering.

'82, Moore, Dr. E. J., is now located at St. Louis, Mo. He is State Supt. of the Missouri Anti-Saloon League with offices at 923-925 Syndicate Trust Building.

Foot-ball again holds the center of the stage. A wealth of eager candidates responded to the call of Coach Weimer. Plenty of weight and speed is available but as is usual in a Prep. School, the coach must teach the rudiments of the game and spend the first half of the season drilling first principles into the minds of willing but inex-

perienced candidates. The outlook is promising for a strong finish. Keep your eye on the November scores and see how we succeed in predicting the fortunes of the team.

The schedule started off with two games which were not real tests of the sterling qualities of the team. High scores resulted. Overconfidence and the Columbia Co. Fair were the first real set backs encountered by the team. The day after the Fair came Dickinson Seminary with one of the best teams in her history; so said the wise ones—result, no score.

The game was hard fought from start to finish. A heavy shower during the second quarter made the field so wet that the absence of costly fumbles was most remarkable. Mud and water soon had both teams at a disadvantage but did not seem to lessen the dash of the attack nor the sterling qualities of defense.

A large crowd witnessed the contest. The teams were so evenly matched that the tie score shows not only the comparative merits of the teams but is an accurate showing of the relative gains made by each team during the game.

The tie game leaves the two rival schools at a deadlock, each having won five games during the last ten years.

## Philo Society

We take pleasure in accepting this opportunity to talk to our alumni, and tell them what we have done and what we hope to do.

First, we extend to you all a personal request to attend our reunion at Thanksgiving. We expect to have the best possible time. In the morning there will be a program, characteristic of our regular programs given in Philo Hall. The Gym will be decorated and used as a "Social Hall" As usual an orchestra will be there a great part of the morning and all afternoon for dancing. In the evening Oliver Goldsmith's comedy "She Stoops to Conquer" will be produced in the Chapel by members of the society. The cast has been at work upon the play for a couple of weeks and judging from present attainments, the production will be very good. If you are thinking of com-

ing we would suggest that you arrange for your tickets beforehand. We also expect to have pins and pennants of the new designs on sale in the Gym.

In our regular private programs we have been studying writers, their lives and works. The musical programs have been based upon the literary programs as far as possible. By the time you receive the "QUARTERLY" we will have had a debate. It is our aim to have debates occupy more of the programs.

The society has taken in about one hundred and thirty new members this term. Among these are a number of good workers.

Our treasurer has done splendid work and has collected the great majority of back dues and initiation fees. This, of course, is a gratification, and places the treasury in fine condition. According to the last report there were nearly two hundred dollars in the treasury.

On Sept. 28 the society gave a reception to its new members. After the regular business meeting a short program was rendered. The evening was then given over to a social time. The members gathered in groups, each group was placed in charge of a person to conduct various games. After the games came the refreshments, followed by adjournment. It was a pronounced success and enjoyed by all. Great credit is due the committee in charge.

Altho we have been in a measure

successful so far this year, we expect to continue our efforts and keep "Old Philo" up to the standard. Our aims for its future are high and—but, just drop around to the Reunion and see for yourself what we have accomplished by that time.

### Calliepian Society

The Calliepian Literary Society had its first meeting for the Fall Term 1912 in their hall Sept. 7, 1912, Chas. L. Hess being president.

A goodly number of names were proposed for membership at the first meeting, and our number is still increasing.

A reception was given to the new members Saturday, Sept. 21, 1912, a large number of the faculty being present.

The work of the Society has consisted principally of recitations, violin and piano solos, readings and debates. For our future work we intend to add to the above a study of the works of renowned men and women of the world.

Saturday, Oct. 6, 1912 the following officers were elected :

President, Louis Kreiger; Vice President, Edith Miller; Recording Secretary, Estella Callender; Treasurer, Frank Titman; Assistant Treasurer, Frances Dodson; Critic, Bernard Kelly; Corresponding Secretary, Ralph Culver; Marshall, Thomas Williams; Registrar, Mary Brower; Assistant Marshal, Robert Seltzer.

### Y. W. C. A.

With a membership of one hundred and thirty and a live cabinet, the year's work is beginning well.

The Bible Study Class is taking up *The Social Message of Jesus* by Edward S. Parsons. The course promises to be interesting.

The devotional and missionary committees are already planning for the special meetings to be held during the week of prayer. Many of the girls are hard at work on *The Missionary Pageant* which is to be presented on Monday evening of that week. Special speakers will be secured for all the other services.

The members of the Social Committee are actively engaged in soliciting contributions and making plans for the bazaar to be held early in December. Will not the loyal alumni send in articles and orders?

The Finance Committee is this year introducing a new feature known as PAY DAY. It reverses the general custom of such a day in that instead of receiving wages each member of the association is expected to visit the pay office at the appointed time and pay in her term's dues. We expect the experiment to give us a full treasury.

### Y. M. C. A. Notes

We have enrolled 55 members. Last year there were only 26. Many of our members are fellows

who play on the foot ball team. Bible bands are held every Sunday in the students' rooms. We are studying "The Will of God and A Man's Lifework."

In the Spring term we are to have a mission study class, studying "The Challenge of the City."

A new Student Secretary has been elected, Mr. E. W. Thomas who is expected to be with us Oct. 16th and 17th.

### Locals

"Dick" the front campus squirrel, is busy these days getting ready for winter.

In the school this year are students from Russia, Ecuador, Cuba and Porto Rico.

Prof. Sutliff thinks it is far easier "to find the L. C. M." than to find a name for the new little girl that has come to his home.

Prof. Leonard did not explain that his new bride would be returning with him this Fall, so that those teachers were not blamable who offered their assistance to properly classify the new student (?)

Last month the Trustees of the school gave an informal reception to the Faculty, in the gymnasium. The place was decorated with autumn leaves and furnished so as to make an attractive welcoming appearance. The reception was a novel feature that was highly enjoyable.

Mr. E. W. Thomas, the Students' Y. M. C. A. secretary for Pennsylvania, visited us on Wednesday, Oct. 16. His visit was timely, coming on the day of the boy's regular mid-week prayer meeting, which meeting he conducted. Mr. Thomas is a Princeton man.

Professors Jenkins and Sutliff, Miss Smith and Miss Good attended the Susquehanna county alumni banquet held at Montrose, Thursday evening, Oct. 17. Montrose is the home of Mrs. Larabee, who is known by hundreds of Bloomsburg graduates through her labors here as preceptress.

The 1912 memorial walk and steps were completed in time to welcome the students at the beginning of the Fall term. The steps lead from the lower campus, above Institute Hall to the upper campus, before the Main Dormitory. The walk extends from the steps to the main entrance to the offices. The work is of concrete. Bronze eagles and lions will mount the four step posts.

The annual meeting of Pennsylvania State Normal School principals will take place the day after the November election, Nov. 6. Since the last meeting, five new principles have entered upon the duties of office. The Normal Schools that will be represented by new heads are: Lock Haven, Clarion, Edinboro, California and Millersville.

The Faculty Educational Club which is composed of the entire Faculty, will have a chestnut hunt and marshmallow roast on Tuesday afternoon, after the day's work. The committee in charge promise that the scene of activities will be in the locus of points two miles distant from here with the Normal School as a center; whatever that means. Further than this information they are non-committal.

—o—

On Saturday, October 19, Prof. Hartline, Dr. Arment, Dr. Macdonald, Messrs. Goodwin, Leonard, Cotner, Cronan and Shambach will start on a two days' hike, leaving the B. & S. R. R. station at Central, this county, and striking over North Mountain by way of Grassy Hollow, across the mountain by Painter Den Pond, to the town of Ricketts, Wyoming county, then back by a route that has not yet been decided upon. The party expects to see the forests in their prettiest colors of the year, and to find some rare specimens of plant life, for this region, that are known to be along the contemplated route. The trip is educational and inspiring to anyone who enjoys outdoors.

—o—

Miss Olga Mooney, a student here last year, and in attendance this term until a few weeks ago, passed from this life on Sunday, Oct. 13. Miss Mooney's health was impaired for some time, and as we understand, death was due to valvular affliction of the heart. Miss

Sutphen, attended the funeral services, representing the school, and about half a dozen girls represented Miss Mooney's many friends among the students.

—o—

Dr. Waller and family left Bloomsburg last June to tour Southern Europe and other Mediterranean countries. The party set sail for Naples, touching the Azores, Maderia, Gibraltar and Algiers. From Naples they went to Rome, then Pisa, Florence, Venice and Milan, in succession. Crossing the Alps by the Simplon Pass they came to Interlachen, visited Lucerne, crossed over to Insbruck, Austria, then over to Munich, Germany, back to Vienna, Austria, journeyed down the Danube, visited Budapest, Belgrade and Bucharest, reaching the Black Sea at Constanza. Then they took ship across the Black Sea, down through the Bosphorus to Constantinople.

On account of the Turkish-Italian war, the Turks had the Dardanelles planted with mines so that ships had to be towed through a tortuous path for fear of striking a mine.

The party spent five days in Constantinople, then sailed to Smyrna, thence to Athens, down the Corinthian Canal to Corinth, then visited Delphi, the rocky abode of the oracle; Mycene, the home of the wealthy Agamemnon; and Olympia. From here they left by way of the Tyrean Sea, through the Straights of Mycena, the region of earthquakes, north to Naples.

The return trip to America was completed September 11th.

under the Act of July 16, 1894."

NO. 2

## The Winter Term.

At the close of the holiday season the students of the school resumed their duties with a highly commendable degree of promptness. Seven fifty A. M. of the very first day found practically the entire student body at work in the class room and the routine of the school moved off with scarcely more interruption than might have been in evidence on any Tuesday of the school year.

The registration of the present term is well over the 700 mark and the work of the year is advancing systematically and smoothly as in previous years.

## School Colors.

In the January number of the new student publication, the "B," much valuable space is devoted to a discussion of the official school colors. Mr. J. G. Cope is there quoted as declaring that the school colors are not and never have been "lemon and maroon." This statement is strictly in accordance with the facts, but it does not follow as

the "B" seems to demand, that action of any sort is necessary to make changes in the colors used for many years.

Lemon and a dark shade of red, deep garnet to be exact, were adopted a dozen or more years ago after a most exciting campaign. This shade of red is sometimes called "maroon," though incorrectly so, as reference to the page of standard colors in the Standard Dictionary will show. The color there shown as the scientifically exact "maroon" is very different from the shade of red officially adopted by the school. However, "maroon" sounds much better than "garnet" and rhymes with "tune" and "moon" and various other words of poetical suggestion, so the QUARTERLY is disposed to believe that no harm will be done if the present custom of calling our dark garnet "maroon" shall continue. No possible doubt can exist as to the official colors actually in use. The only question is one of nomenclature simply, which seems to us hardly worth discussion, though the facts are as above stated.

## The "B."

Since our last issue three numbers of a new school periodical, which its founders trust to make a permanent feature of the school life, have made their appearance. The "B" as this magazine is entitled, is entirely the result of student efforts and initiative and the numbers so far issued have been interesting and attractive. As the QUARTERLY makes no effort to cover the strictly local side of school affairs the "B" is able to meet an apparent need, and it is to be hoped the editors of the new paper may be successful in their journalistic efforts.

### Students' Lecture Course.

A very attractive course of entertainments has been provided this winter by the management of the local lecture course.

The course was opened on January 10th by the Dixie Chorus Co., and the remaining numbers of the course included a stirring debate by Hanly and Hobson on January 11th, the Neapolitan Concert Co. on January 28th and the Impersonation of Lincoln by Benjamin Chapin on March 26th.

The appreciation of the townspeople has been shown by an unusually large attendance, and the course as a whole is considered one of the most successful of recent years.

## Alumni.

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No 203.

Col. John G. Freeze, with the exception of a few years, has been a trustee of this institution since its acceptance as a Normal School in 1869. Coincident with the celebration of the eighty-seventh anniversary of his birth he appeared in Court on Nov. 4 last, the first in several months, and presented the usual petition of the Lehigh Valley Coal Company to take over the road building in Conyngham township in lieu of the payment of road taxes, a practice that has prevailed there for many years.

Col. Freeze was in better health than he has been in a long time and the return to the court room, in which for several decades he played such a prominent part, evidently afforded him the greatest pleasure.

As Col. Freeze presented his petition to Judge Evans '76, the latter cordially congratulated him upon his having reached his eighty-seventh mile-stone and expressed the wish that he might live to present many more petitions upon similar anniversaries.

Col. Freeze accepted the congratulations with his characteristic old-school courtesy, but remarked

that he had no such expectations.

More than sixty-four years have passed since Col. Freeze was admitted to practice, sixty-four years during which the Colonel has seen many generations of lawyers come and go, and to the members of the bar who extended their congratulations yesterday the picture of this time-beaten frame and his snow-white locks evoked expressions of sentiment that were heart-felt.

Prof. Silas Wright, who in the early seventies was a member of the faculty of the Bloomsburg State Normal School, and who has been prominently identified with the cause of education throughout his entire life, died recently at the home of his son, D. W. J. Wright, of Skippack, Montgomery county. —*Morning Press Nov. 29.*

---

Miss Gertrude Slayman. We find the following in a local paper, Dec. 28, 1912:

Miss Gertrude Slayman, a former teacher at the local Normal School was wedded to William L. Brennan, of Akron, Ohio, on Thursday evening. The ceremony was performed at the home of the bride's mother, Mrs. Amelia Slayman at Shamokin and was witnessed by a number of relatives and a few intimate friends. Rev. A. H. Straub, pastor of the Lincoln street Methodist Episcopal church officiated. The bride is a graduate of the Shamokin High School and

also of the Millersville Normal School. She taught drawing in the local Normal School in 1908-9. Mr. Brennan is superintendent of the General Electric Company at Erie and the newly wedded couple will reside in that city.

'76, Dillon, Emerson, (sp. c.) a student at the Normal for several years pursuing academic work, died at the Hahnemann Hospital, Scranton, Pa., Tuesday evening, January 28, of acute Bright's disease. He had been seriously ill for about two weeks. He was a jeweler by trade but for many years had been devoting himself to photography and painting. He was nearly 54 years old. Funeral services were held in St. Luke's church, Scranton, Friday morning; the body was brought to Bloomsburg, interment, which was private, being made in Rosemont Cemetery, the Rev. F. O. Musser, rector of St. Paul's Episcopal church, officiating.

'78, Strauss, I. Hess, has again received promotion. He is General Agent Penn'a. R. R. Pittsburgh, Pa. His address is 432 Ross Ave., Wilkinsburg, Pa.

'81, Sharpless, Harry F. one of the wealthy and foremost citizens of Seattle, Washington, passed a week or ten days here in November, visiting relatives and friends in Bloomsburg and vicinity. The latter part of the month they sailed from New York for an extended trip through Europe.

'83, McCollum, William L. (sp course), sporting editor of the Wilkes-Barre Record is an exceedingly busy man these days. He's a grandfather and as proud as a peacock. In addition to doing the honors of a new grandfather which keeps him exceedingly busy during the hours that he is not grinding out "copy" for the Record, there is talk of rejuvenating the Susquehanna Base Ball League of which "Bill" has been the honored and efficient president. So says a local paper.

'84, Limburger, Anna R. We take the following from the *Morning Press*—Oct. 17, '12:

Miss Seesholtz, of Sunbury, and Miss Fisher, of Selinsgrove, teachers in the Protestant Mission School at Pueblo, Mexico, visited the Normal School yesterday. Word was brought by them that when news of the death of Miss Anna Limburger, of Danville, who was one of the teachers in the school, reached Mexico, people throughout the entire country were shocked. Steps were at once taken to erect a suitable memorial to Miss Limburger, who was the leading spirit of the institution. Money was contributed by natives throughout the country--Catholics and Protestants alike. With the large sum that was raised, a library was built, which is known as the Anna Limburger Memorial Library.

Miss Limburger was a graduate of the Normal in the class of '84.

When she went to Mexico to take up her work as a missionary she did so in the face of criticism. Conditions at the school where she taught were of the most discouraging, and it was only with the most difficulty that she was able to secure pupils at all. At the time of her death, not long ago, the school was the most prosperous of its kind in Mexico; and at present it is forced to turn away pupils for lack of room. This phenomenal growth was largely due to her efforts.

'85, McNiff, M. Katharine—Sci. Course '89, read a very interesting paper on Method of Teaching Latin, before the Pennsylvania State Educational Association. We give a portion of a notice of the paper taken from the *Harrisburg Telegraph*. We regret that our lack of space prevents a more extended clipping.

"Since the sessions of the Pennsylvania State Educational Association in Harrisburg last week widespread interest has been aroused in the method of teaching Latin in the Harrisburg High School, introduced by Miss M. Katharine McNiff and ably conducted by her. Miss McNiff teaches by the oral or conversational method, which is very unusual now, although in general use previous to the year 1800. During the time her classes are before her neither she nor the pupils use a word of English. Everything is spoken in Latin. Instead of

merely reading and translating, the pupils ask all questions and conduct all conversation in that language.

Miss McNiff gave a practical demonstration of her methods before the Latin section of the convention here and created little less than a sensation. The freshman class at the High School, which is the only one to use exclusively the conversational method, recited and Miss McNiff told in Latin, for the benefit of the class and the teachers assembled, the story of Little Red Ridinghood, illustrating unusual words, such as basket, etc., with objects. The teachers were so impressed that it is likely that many other teachers will adopt Miss McNiff's method.

'88, Pohe, H. Seymour (sp. c) At the last election Mr. Pohe was elected assessor of Lyons county, Nevada, by nine votes. The office there takes with it a substantial salary. The congressman elected in that district won out by one vote.

'90, Hartman (Vanderslice) Effie, expects soon to have her residence in Youngstown, Ohio. Her husband, Robert F. Vanderslice—sp. c.—'85, who has been a valued employee, book-keeper, of the First National Bank of Bloomsburg, resigned his position Jan. 1 and accepted a position with the Pennsylvania Railways Advertising Company. His headquarters will be at Youngstown, Ohio.

'91, Harman, John G. A local paper of Nov. 29th, says: "No Bloomsburger has ever returned to town who has found a warmer welcome awaiting him than did John G. Harman upon his return from Philadelphia Wednesday night, with Mrs. Harman to spend Thanksgiving with his brother-in-law and sister, Dr. and Mrs. C. S. VanHorn. Looking well and wonderfully improved in health, he was kept busy yesterday accepting congratulations of his friends—and who isn't his friend?"

With Mrs. Harman, he will return to Philadelphia to-day or to-morrow. He stated last evening that he expects to soon be back to town to resume his practice."

'92, Nyhart, Harry U., the efficient superintendent of the Newport Township, Luz. Co., schools is also president of the Glen Lyon Bank. This bank, according to the Wilkes-Barre *Record*, has had a phenomenal growth. The bank was opened April 1st, '12, in May the deposits amounted to only \$22,000, but by the first of November the deposits amounted to over \$189,000, thus in about six months increasing its deposits nearly nine fold—"a record," so says the paper, unprecedented in banking circles in this section of the state. Excellent pictures of the banking house and of Supt. Nyhart appear in the paper.

'93, Peifer (Lenhart) Kate, now residing at 229 McKinley Ave.,

Canton, O., visited Bloomsburg relatives and friends in the early fall. She appeared to be enjoying life. Ohio atmosphere surely agrees with her.

'95, Patton, Robert, a prominent physician of Danville, Pa., had a narrow escape from death early in December. Answering a call at 1:30 o'clock in the morning, hastening with horse and carriage to his patient, when on the dangerous railroad crossing on Bloom Street, a "pusher" running backward at a high rate of speed, struck the carriage practically destroying it and hurled the Doctor fully thirty feet into the public park near by. He was picked up unconscious and for a time it was feared that he could not recover. His many friends will rejoice to know that he is again able to resume his practice and will probably fully recover.

'97, Robison (Butzner) Bessie. On January 15th a son was born to Dr. and Mrs. J. D. Butzner of 815 Electric Street, Scranton, Pa. The young man's name is William Boyd Butzner.

'98, Rizzo, Marion B. The *American Musician* of recent date contains a cut of the Montana Elks' Band and its leader, Marion B. Rizzo, formerly a student at the Bloomsburg State Normal School, where he was prominent in music, and the son-in-law of Dr. F. W. Redeker, also formerly of town. The *American Musician* says: The band is under the direction of Marion B.

Rizzo of Kalispell, one of the most able bandmasters and musical directors of the country. He is an eminent musician and writer, known as Jean Marion Boncie, the renewal of whose activities in musical circles in the West will be welcomed by Montana musicians. The band represents the pick of Montana musicians and was organized primarily for the Montana State Elks Convention, and for the National Elks' Convention at Portland, Oregon.—*Morning Press* Nov. 16, '12.

'98, Balliet, Blanche is at Cornell University taking advanced work leading to a degree. She is making the major portion of her work, at present, in Physical Geography, Geology and Zoology. Her address is Sage Cottage, Ithaca, N. Y.

'99, Carpenter, Perry A., is the professor of Higher Mathematics at Genesee Wesleyan Seminary, Lima, N. Y. He was the Prohibition Candidate for Congress in the recent election. He made a hustling campaign and ran well; but the returns do not indicate his election.

'99, Williams, Mabel, is assistant teacher of Commercial Branches in the Genesee Wesleyan Seminary, Lima, N. Y.

'00, Cope, A. P., is principal of the Ashley High School. Last fall at a meeting of the Luzerne County Teachers' league Mr. Cope was elected President for the ensuing year. Among the other offi-

cers, graduates of B. S. N. S. appear the names of Mae Black, Theresa Pace, Mary McHale, Geo. Wilner, A. W. Marvin, Philip Clarke, T. B. Harrison and others.

'00, Wilbur, G. Elmer. The *Morning Press*, Dec. 14, has the following:

The Florida Times-Union of Jacksonville, Fla., has the following commendatory words to say of the work of G. Elmer Wilbur, now vice-principal of the Jacksonville high school,— words that will be appreciated by his many friends in town:

"Coach Wilbur has every reason to feel proud of his 1912 champions. Speaking of Prof. Wilbur, he is the man who put the foot in football at Duval High. When Prof. Wilbur first came to Jacksonville the Duval High was practically unknown as a contender for gridiron honors. In former years they had had football teams, but prior to the arrival of Prof. Wilbur sport had been a dead issue at the school for several seasons. And, believe me, it was no easy task for Prof. Wilbur to build up a team. He had only the rawest of material when he started, but he has now instilled the spirit into the Duval students which insures the institution of a representative foot ball team every fall. Again I say Prof. Wilbur should feel proud of his team and Duval High should feel congratulated at having secured a man of Wilbur's calibre to

handle the athletics of the institution."

'00, Withers, Samuel C., is now teaching Mathematics in the Friends' Select School of Philadelphia. Graduating at Haverford College in 1904 with a Phi Beta Kappa label he taught two years at the Moses Brown School of Providence, R. I., and is now planning to enter High School Work in N. Y. City. In the qualifying examinations for this purpose he was one of the 44 successful candidates out of a total of 253 examined and was high man in his Mathematical section.

'00, Skeer, Charles O. (sp. c.) died at Lockport N. Y., December 30, after a brief illness of pneumonia following an attack of la grippe. The news came to Bloomsburg as a decided shock, for few knew of his illness until the day before the news of his death. His body was brought to Bloomsburg where funeral services were held at the home of his mother, Mrs. Laura Skeer. Interment was made in Rosemont Cemetery. His whole life was wrapped up in music and realizing that music held for him his future he gave himself a thorough musical education. As a director of choral work, Mr. Skeer scored remarkable successes in both Bloomsburg and Berwick, and under his direction these two choral societies came to occupy a high plane.

For several years past he has been supervisor of music in the Lockport, N. Y. schools, a position

in which he was signally successful. He was slated for a position in similar work in a large city. His zeal in church work was unusual and in Bloomsburg his death has left a big vacancy.

His bereaved widow — Marion Johnson Skeer, '02 — has the deepest sympathy of the hundreds of old students who knew them both so favorably and so well.

'01, Aikman, Henry B. From the *Morning Press*, Dec. 26. At the Baptist parsonage, Tuesday evening at 7 o'clock Miss Clariinda E. Jones, daughter of Mrs. W. E. Tubbs and Henry B. '04, Riddle, Silas S., is on the staff of the *North American*. The following lines from his pen appeared in the Thanksgiving issue of that paper:

#### WAR AND PEACE.

With the Turks a gettin' walloped  
in their European land  
And the turk's a gettin' slaughtered  
over here,  
Seems this holiday, Thanksgivin',  
is a purely Christian custom,

If a rather festal epoch in the year.  
Oh, the Balkan chiefs are busy  
'crost the foam,

A keepin' parts of Turkey in a  
stew ;

While French chefs and cooks in  
kitchens nearer home

All approve of roastin' turkey  
through and through.

Ah, the Turks of fez and gobble  
have a sort of common woe,

And might aptly stretch their  
hands acrost the sea,

For the Moslem's plight is sim'lar to  
the native fowl's distress,

And neither have much cause for  
jollity.

Though restaurants may innocently  
offer

Us, turkey on the "European  
plan,"

Maybe there's no hidden malice in  
their proffer,

Tip the waiter ! He's a Greek  
Grand Army man !

He called attention to the present prosperity of the institution, its standing and progress and its past success measured by the standard of achievements of its graduates. Prof. G. E. Wilbur spoke on the toast, "My Class." He modestly claimed membership

in every class of the school during the past forty years. T. B. Harrison of Huntington township responded in a happy vein to the toast, "The class of 1912." In his apt manner Judge John M. Garman answered to the toast, "I sing to the glories of B. S. N. S."

After the speaking the dining room was used for dancing for an hour. It was one of the most successful and enjoyable meetings ever held by the association. The officers were continued in office for another year. They are: President, G. J. Clark; secretary, Miss Nancy Wintersteen; treasurer, B. Frank Myers.

#### DAUPHIN COUNTY, HARRISBURG, THURSDAY, NOV. 23.

The Bloomsburg State Normal School annual reunion of the alumni of Dauphin county and vicinity Thursday evening, was a great success. The chicken and waffle supper was held at Paxtonia Inn in good old-fashioned country style; the tables set with fifty covers fairly groaned beneath their burden of toothsome viands. The decorations of yellow and white chrysanthemums blended nicely with the maroon and gold of the pennants on the wall.

Speeches were made by the president, Dr. Grace Wintersteen, Dr. D. J. Waller, principal of the school and Mr. Geo. E. Wilbur, teacher of mathematics, in their usual happy vein. A reception followed replete with reminiscences of "Ye goode olde Normal days;" then music and dancing.

The officers elected for the coming year were: President, Dr. Grace Wintersteen; vice-president, Miss Katharine McNiff; secretary, Mrs. E. Gottschall; treasurer, Miss Margaret Sullivan; executive committee, Dr. Mausteller, Miss Lorena Evans, Miss Swank,

TUESDAY, NOV. 26.

Graduates and former students of the Bloomsburg State Normal School, numbering more than a score, met last evening in the parlor of the Crystal Cafe, and after a short business session called to order by the president, Mrs. A. A. Orr, were invited to the dining room where D. W. Nichols had prepared a turkey dinner such as has made the Crystal famous. Owing to the entertainment in the court house, to which many present desired to go, it was necessary to dispense with all speechmaking, but sufficient time was spent in the dining room to administer a crushing defeat to turkey. The following represented the school: Messrs Cope and Albert and Mrs. O. H. Bakeless.

WYOMING COUNTY, TUNKHAN-  
NOCK, WEDNESDAY, DEC. 11.

At 6 p. m., Wednesday evening,

Dec. 11th, 1912 the Grange Hall at Tunkhannock presented an unwonted appearance of festivity and gaiety. Thirty graduates and friends of the Bloomsburg Normal School had gathered there to celebrate the second annual banquet of the Wyoming County Alumni Association.

The dainty and substantial viands which soon made glad the inner man had been prepared by the Ladies' Relief Corps of the G. A. R. The menu was so well prepared and served as to have done credit to any high class caterer and everyone was well pleased.

Mr. Asa S. Keeler acted as toastmaster and the following men responded to toasts: Mr. Leonard, Mr. Shambach, Dr. E. F. Bigelow, Dr. Stanley L. Krebs, and Dr. Schaeffer. The following officers were re-elected for a term of three years: Pres. Dr. Chas. H. O'Neill, V. Pres. Mrs. Adelaide M. Hawke, Sec'y.-Treas. Dennis D. Wright.

NORTHUMBERLAND COUNTY, SUNBURY, THURSDAY, DEC. 19.

The banquet of the Northumberland County Alumni Association of the Bloomsburg State Normal School, held in the banquet hall of the Masonic Temple at Sunbury, Thursday evening, proved a most delightful affair, and was attended by more than 50 graduates of the school, as well as the following members of the Normal Faculty : Dr. Waller, Prof. G. E. Wilbur, Prof. O. H. Bakeless and Prof. D. S. Hartline. These, in addition to Dr. Ritchie of McKeesport, Rev. E. B. Bailey of Baltimore, County Superintendent Ellenbogen and Supt. Dean of Mt. Carmel, responded to toasts.

Officers were re-elected as follows : Myron Geddis, Northumberland, president ; B. F. Apple, Sunbury, treasurer, and Miss Russell, Sunbury, secretary.

LYCOMING COUNTY, JERSEY SHORE, DEC. 18.

The members of the Lycoming County Association did not hold a formal reunion and banquet this year. They however, met and effected or completed the organization, electing the following named officers : President, Mary Truckenmiller, '98 ; secretary and treasurer W. J. Farnsworth; '05. They send out through the QUARTERLY an earnest appeal to all graduates and former students of the Normal School living in Lycoming

county to join the Association and assist in having a "rousing meeting" during the week of the County Institute next winter.

The editor of the Alumni column again thanks those who have kindly aided him in securing items of interest for this department of the QUARTERLY. He regrets that he cannot write to each one expressing his gratitude, and trusts that this statement will suffice. Please continue the good work.

### Philologist Society.

The big event of the year, the reunion, has passed into history. After it we find the chronicler has written "very successful," and we affirm his statement.

The success was due to the untiring efforts of those in charge, and the faithful work of the committees. The decorating committee worked hard, and the result of their efforts was greatly admired. Arches were employed in the Gym to support the balcony. The space between and above the arches was occupied by a blue and white lattice work of crepe paper. The base of each arch was formed of spruce. Above, blue and white streamers of crepe paper hung alternately to within eight or nine feet of the floor, relieving the high, "barny" effect of the Gym, and producing a more congenial attitude.

"Callie Booth" occupied one corner of the Gym and signified the

friendly relationship existing between the two societies. The mission furniture from the boys' and girls' recreation halls occupied places under the balcony, and lent themselves to the furthering of the social side of the occasion.

The regular literary program was rendered in Philo Hall in the morning at 10 o'clock. Dr. Waller made an address and a number of the alumni spoke.

A great part of the interest, however, centered in the Gym. We were glad to see so many of the alumni back. They all had their varied experiences to tell one another, and, of course, the "lots of things I've got to tell you" had to be told. In the afternoon "Prof" Pace and his orchestra made their appearance, and likewise with their arrival the wax mysteriously found its way upon the floor, and dancing was enjoyed by all who cared to indulge.

After supper the orchestra was again in the Gym and dancing was resumed for a short time before the drama.

The Chapel was simply but artistically decorated. Blue phis and sprays of spruce were arranged alternately around the balcony upon a white background. The posts were covered with blue and white bunting, and the big, blue electric phi again hung above the stage.

The last and greatest event of the day, the production of the drama "She Stoops to Conquer,"

was a decided success. All the parts were well taken and the stage settings were fine. The whole production reflected the ability and work of Miss Slifer. But the day did not end with the falling of the curtain on the last act, for the drama "feed" came immediately after, and all who enjoyed it appreciated the efforts of the committee in charge. This over, the big day was called done.

We are again back to our regular society work. A number of new members have been received and the treasury stands above the two hundred dollar mark.

We are going to have a couple of public programs this term, in which three or four light Irish plays will be presented. We also hope to have debates occupy more of our time, and expect to get the new members to work.

The following officers were elected Dec. 7, for the ensuing year: Pres., Mr. Myron P. Rishton; Vice Pres., Miss Martha Cortright; Rec. Sec'y., Miss Elizabeth Pugh; Asst. Rec. Sec'y., Miss Anna L. Reese; Cor. Sec'y., Miss Catherine Bone; Treas., Mr. Jacob F. Wetzel; Marshal, Mr. Geo. M. Yerg; Asst. Mar. Mr. A. Leerea White.

### Calliepien Society.

From the beginning of the school year Callie has been advancing. The Society is now entirely free

from debt, with a nice surplus for the Reunion.

Much work has been done; the accomplishment has been with a true and loyal spirit. Much work remains which cannot be taken up until after the Reunion, Feb. 22. At that time we hope to see many of the Alumni back so that we can make this Reunion bigger, better, brighter than ever.

Orders for pins and pennants have been sent in by the committee. The programs rendered are worthy of notice, they being rendered in an artistic and effective way. The good support which has been given the officers is also deserving of credit.

The Reunion Committees have been appointed, and each committee assigned its special work. The Drama Committee has been at work and so far has obtained successful results. We hope to make the Drama the best ever. After our return from vacation practice was immediately started with our loyal coach, Miss Slifer.

### Y. M. C. A.

The Y. M. C. A. is still progressing. Various things indicate a strong organization for the future. We have good reason to believe that a room will be secured for the association's headquarters.

The financial standing is in excellent condition. We expect to send four delegates to the Northfield Conference next June.

The members are to be congratulated for their cooperation in every thing that has been undertaken.

The Bazaar conducted by the two organizations was a grand success, over \$60 being realized.

A Y. M. C. A. basket ball team is to be organized after vacation. This team is to play a series of games with the Faculty.

Bible study is conducted in the students' rooms from 2:00 to 3:00 p. m. on Sunday. We expect to continue this work until Spring vacation after which we hope to form a mission study class.

Election of officers will take place before the spring vacation.

Mr. Evan W. Thomas, the student secretary, has been with us and gave us many encouraging suggestions which we hope will be the means of inspiring us to greater efforts and success.

---

### Y. W. C. A.

There are two especial events that are just now keeping the Association and its work prominently before the minds of the students; they are the re-decorating of the Association room, and the coming of Miss Eleanor Richardson, the student secretary.

Not all of the members of the school realize how much use is made of the Y. W. C. A. room. It is a place not only for meetings of the cabinet and the committees, but it is used for rest, or reading,

or study, by girls who at times find the library too restrictive and the recreation room too lively. It is with much pleasure, therefore, that we survey the newly papered walls, the carpet, the curtains, and the various other holiday-made improvements. We trust that the added attractiveness of the room may mean also increased usefulness.

For some time past the officers of the Association were in communication with Miss Richardson, trying to perfect arrangements so that her visit might be of greatest benefit to all the members of the organization. She was with us Jan. 17th, and we trust her welcome was such as will induce her to repeat her visit.

### Athletics.

The Basket Ball Season has started auspiciously. The first four games have been tucked away in the games won column. A good schedule of games has been arranged. We are all glad to see Bucknell Uni. again upon the list.

The schedule :

Mar. 10. Hazleton H. S. at Bloomsburg.

Mar. 14. Pittston at Pittston.

Mar. 15. Scranton Tech. H. S. at Scranton.

Bloomsburg Normal School won from Hazleton on the Hazleton Floor by Decisive Score of 34-18. That the Bloomsburg Normal basket ball team promises to make something of a record for itself this season was again proven at Hazleton last night when they downed the Hazleton team by the score of 34-18 and turned the trick without trouble. The Normal boys threw 16 field goals as against five thrown by the Hazleton team, which shows conclusively how easily the Normal team won. From called fouls Hazleton scored eight of their points. Normal scored two points from fouls. The line-up :

HAZLETON. BLOOMSBURG.

## A New Normal Course

The Board of Normal School Principals in conjunction with representatives of the Department of Education at Harrisburg have arranged a further modification of the course of study to be offered by the Normal Schools of the state in preparation of teachers. This course has not as yet been finally adopted, but it seems likely that it or some similar course of study will ultimately be approved.

In this new arrangement the Normal course is specifically arranged as a two year course, all of which must be completed by attendance at a Normal School, and entrance to which shall be by certificate from a first class high school or upon examination after the completion of a full four year high school course.

Absolute uniformity of preparation is not required for entrance as provision is made for the presentation of credit in various elective subjects. Of 15 units required for entrance 1 is required in History; 3 in English; 2 in Science; 2 in

Mathematics; 4 in Foreign Languages, and 3 elective.

The course itself, as arranged, confines its efforts strictly to Professional and Method work, except for Drawing, Domestic Science and Agriculture, and has absolutely no provision for Academic Science or Language work except incidentally as electives. In the latter case the work specified is mainly that of the grade taken in the Freshman year at college.

In our opinion the new course is a move in the right direction, although it seems to us that the entire omission of all academic work in Science and Foreign Languages is a trifle too radical at present. We would suggest, too, the desirability of provision of at least a limited amount of Method work in each of these departments. It is a well known fact that students entering college from Pennsylvania Normal Schools, because of the method work now being done in various academic subjects, are able to make good use of what is sometimes otherwise a defective college entrance preparation. The average

High School course is not planned to give its graduates the teacher's view point of its various subjects, and a brief method course in Science and Languages is as necessary and as helpful to the prospective teacher as one in Arithmetic or Geography.

In direct contrast to the spirit of progress manifest in the planning of the new course of study a bill now before the Legislature proposes a step in educational matters which, if adopted, will immediately lower educational standards and put Pennsylvania far in the rear of other states educationally. Briefly it is proposed to permit any High School without special equipment or special professional training of its teachers to add a "Normal" course as a side issue, and grant permanent certificates to students completing such courses.

It is hoped that the Legislature will see that the introduction of such courses by the High Schools would be suicidal and most highly detrimental to the educational interests of the state.

## Alumni.

---

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No. 203.

Miss Helen W. Bryant who was teacher of Reading and Literature

during the years 1906-09 has taken, since leaving the Normal School, her Master's Degree at Columbia University and has been doing private work. She is about to take the New York City examinations for High School English, and no doubt will be successful.

'69, Clark (Neal) Eleanor, (sp. course) died very suddenly at her home in Harrisburg, March 28th, the result of hemorrhage of the brain. Mrs. Neal was one of the best known women of Harrisburg, and was prominently identified with all civic movements. She was the first chairman of the educational committee of the Civic Club and a pioneer in that work in Harrisburg, and was also a member of the board of managers of the Children's Industrial Home of Harrisburg. A member of St. Stephen's Episcopal church of Harrisburg, she was active as well in church work.

Surviving are her husband and two sons, Robert and Harold, and the following named brothers and sisters: John M. Clark, of Bloomsburg; Geo. A. Clark, of Holidaysburg; Arthur A. Clark, of Harrisburg, and William, of Florida, and Misses Mary and Martha Clark, of Bloomsburg.

The body was brought to Bloomsburg, March 31st, and the funeral services were held at the Clark home on Market street. The Rev. Frederick O. Musser, rector of the Episcopal church officiated. In-

terment was made in Rosemont cemetery.

'71, Ailman, Jerome T., was prominently mentioned and largely endorsed for Assistant Secretary of Agriculture under the Wilson administration.

'75, Lantz, D. E., is now connected with the Bureau of Biological Survey of the U. S. Department of Agriculture. He expects to be sent to Colorado, early in April, for field work, in which he will be engaged three or four months.

'77, Suydam (McKelvy) Isabel, died December 22, 1912, at Oak Park, near Chicago. Mrs. McKelvy had for some years following the death of her husband and four children, made her home with her sister Margaret (Mrs. L. H. Jackson). Her death was caused by uremic poison. She leaves one grandchild whose home is with his paternal grandfather.

'79, Breece, Hannah, is teaching at Fort Yukon, Alaska, eight miles within the Arctic circle. A letter written December 9th was received by Bloomsburg friends February 12th. At the time of writing the letter the thermometer was registering 50 degrees below zero, and the natives declaring it to be the mildest winter of which they have any recollection. The sun was rising at 11:15 o'clock and setting an hour and a quarter later, necessitating the teaching of the juvenile Alaskans by lamp light.

'79, Cather, Wm. A., died very

suddenly at his home in Pottsville, Pa., Thursday, March 6th, of heart failure caused by a severe attack of La Grippe. He was the owner and manager of the Franklin Iron Works at Port Carbon, and was recognized as one of the most prominent of Pottsville's citizens. For seven years following his graduation he taught in the public schools with marked success. He was superintendent of the Sunday School of the First Presbyterian church of Pottsville, and active in the work of the Y. M. C. A. His widow and one son, William A. Jr., survive.

'79, Lepley, Rev. Wm. A. At the recent session of the Central Pennsylvania Conference of the M. E. church, Mr. Lepley was stationed at Newton Hamilton. Other appointments of former Normal boys are as follows: E. H. Witman '78 (sp), St. Paul's, Danville; N. H. Smith, '80, Burnham; Marion J. Runyon, '82 (sp), Half Moon; N. E. Cleaver, '83, Curwensville; W. Wade Hartman, '88, (sp), First Church, Tyrone; Harvey E. Crow, '93, Conyngham.

'80, Barton, Dr. Edith, dropped dead in her Hospital at Scranton, Pa., February 20th. She had been afflicted with heart disease for several years, but at the time she was stricken she was in much better health than for some time previously. Dr. Barton had made for herself a prominent position in the city of Scranton, not only in her pro-

fession but in the social and civic circles of that city. Her life had been a life of service, and at the time of the funeral services in that city her late home was thronged with sorrowing and sincere mourners. Rev. Dr. Murdoch, District Superintendent of the Scranton District, M. E. church, officiated, and, without fulsome praise, beautifully delineated her great influence as a woman and her consecrated life of service. Her body was brought to her old home at Lime Ridge where additional services were held. Interment was made in the Lime Ridge cemetery.

'81, Faust, Carrie W., died at Clairmont Sanitarium, White Haven, Saturday, March 8th. The following is from the *Scranton Times*:

"The death of Carrie W. Faust, who died on Saturday, brought to close a beautiful life and removed from a wide circle of friends one whose memory will be cherished. The lingering nature of Miss Faust's illness made her a sufferer for three years, and served to emphasize the traits of character that in health so endeared her to those whose lives she touched. Patience, cheerfulness, and consideration for others distinguished her in sickness as they had characterized her in health. She bore affliction without complaint, and went to her reward in the confidence of those whose lives have been a fulfillment of the Master's will.

She was born in Llewellyn, Pa., and graduated at the Bloomsburg Normal School. She was a teacher for some years in Shenandoah. In 1894 she established the School of English Branches for the International Correspondence Schools in Scranton, and was principal of that department until 1910. Painstaking by nature and sympathetic in temperament, she made an ideal teacher and principal. She was a member of the Elm Park Methodist Episcopal church, a teacher in the Elm Park Sunday School, and entered into the spirit of many other good works. She is survived by her mother, two sisters and four brothers. The funeral services were held at the home, 406 Taylor Avenue, Scranton, this afternoon. The body will be taken to Shenandoah Wednesday morning, March 12. Interment will be in Odd Fellows' cemetery, in Shenandoah, in the afternoon."

'86, Vastine, Dr. Geo. H., (sp. course), died at his home, Catawissa, Pa., Sunday, March 30th. Although a victim of Bright's disease for some time, he was not obliged to take to his bed until the Thursday preceding his death, his condition rapidly became serious, and from Friday he lay in a state of coma caused by uremic poisoning. He had been practicing medicine for about twenty years in Mainville and Catawissa and was very successful. He was buried in Greenwood cemetery, Catawissa, April 2nd.

'90, Kuhn, (Wells) Lottie, died at her home on Fifth street, Bloomsburg, Pa., in the early evening of Feb. 9th. Mrs. Wells had been in poor health for several years, but her illness assumed a critical aspect only a few days before her decease. She was one of Bloomsburg's best known and highly esteemed women and one whose death is mourned by a wide circle of friends. Besides her husband, Joseph G. Wells, '85 (sp. course), she is survived by two sons, Stephen K. and Edward Clark Wells. The funeral services were held Wednesday afternoon, February 12th. Interment in Rosemont cemetery, Bloomsburg.

'94, Patten, Frank. We clip the following from the *Morning Press* of April 1st. There's no April Fool, however, in the notice :

"Following a 6½ years' pleasant business relationship with the White Milling Company, Frank Patten has resigned his position as salesman for the company to represent the Russell-Miller Milling Company, of Minneapolis, Minn., one of the large milling concerns of the Northwest. He will have his headquarters at Scranton. The position carries with it a substantial salary advance."

'95, Heckert, Eli P. A friend writing recently to the QUARTERLY says: "I called to see Prof. Heckert at Schuylkill Haven, Pa., principal of the high school of that place. I talked to some of the prominent people there and all

speak very highly of him and his work."

'95, Norman, George M. A local paper says: "George M. Norman, who has been spending several days in Bloomsburg packing his mother's household goods, preparatory to the house being occupied by John G. Harman, has returned to his home in Woodbury, N. J., where he is one of the heads of the mammoth plant there of the du Pont Powder Company. Since he was last in Bloomsburg he has been in Brazil, approving the construction of a plant the du Ponts built for the Brazilian government, and returned by the way of Europe. Later, he was in Panama and soon starts upon an inspection of the company's numerous plants throughout the country, a trip that will take him to the Pacific coast."

'95, Thomas, Mame, was married Saturday afternoon, March 29, in Scranton, Pa., to the Rev. Mr. Earle. They will reside in East Orange, Pa.

'95, Maize, Boyd F., has accepted a position with the Michigan Commercial Fire Insurance Company and will be located at Scranton. He will have in charge the Eastern Pennsylvania and New Jersey district. Mr. Maize expects to move his family to Scranton as soon as he can get located.

'98, Hagenbuch, Fred, (sp. course), husband of Harriet Buckalew, '99, died at his home, Benton, Pa., Wednesday, March 12th,

of an affection of the brain which was superinduced by a fall on the ice about three weeks prior to his death.

'99, McMenamin (Mellet) Annie, died at her home in Shenandoah, Wednesday, February 12th, after an illness of only a week's duration. She was married about one year ago.

'00, Henning, H. R., of Lopez, Pa., has been appointed to fill an unexpired term as Superintendent of the public schools of Sullivan county.

'01, Harrison (Chambers), Minnie M., (Coll. Prep. '03) resides at 216 Cricket avenue, Ardmore, Pa. She writes to the editor of Alumni columns—not for publication, but we are going to risk it—as follows: "Since my husband threatens to refuse sending to Crawford, N. J., for the next issue of the QUARTERLY, and since I feel that I really cannot do without it, I presume it is "up to me" to ask you to send it to me at the above address hereafter, and under the name of Mrs. Wm. W. Chambers, which name I took the nineteenth day of last July, along with the husky Scotchman whom some of you B. S. N. S. people will remember as a visitor of Sharpless Fox and Frank Lutz in the last of the 90's."

We regret the belated notice of this wedding. Mr. Chambers is a graduate of Haverford College, class of 1902, and later of the University of Pennsylvania. He has an ex-

tensive law practice at Ardmore.

'02, Patterson, Madge E., was married in November, 1908, to Mr. Charles Rodda. We have received no particulars of the wedding. They reside at 100 Grenada Terrace, Springfield, Mass.

'04, Hammond, Theresa of Fort Wayne, Indiana, was twice rescued from death in the waters that flooded that city while she was in the act of helping rescue the orphans in the Fort Wayne Home.

Twice the boats in which they were taking the children to safety capsized, and twice she was snatched from the raging waters, both escapes being really miraculous.

Six children and Miss Hammond were taken from fire escapes and placed in the first boat. The boat capsized and four of the older ones were drowned. Miss Hammond clung to the boat and two of the children until rescued. The water was rising so rapidly they were forced to leave again, the boat capsizing the second time. Miss Hammond clung to a tree and suffered terribly from the cold until picked up by another boat.

That night all the inmates were rescued by a life saving crew with surf boat sent from Chicago.

Miss Hammond is a teacher in the Fort Wayne Home for Orphan Children.

'05, El Sr. y Sra. H. H. Murray, tienen el placer de partier-parle el naci miento de su hijo, Henry Hall Murray, Barcelona, Spain. Now

you know as much about this as we do. It refers to Helen Liebensperger who is now Mrs. H. H. Murray. Address her care Barcelona Light and Power Co., Apartado 491, Barcelona, Spain.

'06, Andres, Dr. Harry. We find the following in a local paper of recent date : "Friends of Dr. Harry Andres, son of Mr. and Mrs. J. H. Andres, of town, will be interested in the fact that he was recently appointed on the medical staff of the Duluth, Minn. schools, where he has been located for some time and where he has already built up a fine practice."

'07, Fritz, Charles C., who graduated in Forestry last June at State College, has accepted a position as manager of the department of wood inspection at the Creosoting plant of the Philadelphia & Reading and Jersey Central Railroads. The plant is located near Elizabeth City, N. J.--*Morning Press*, March 19.

'07, Dodson, Harry A., was married January 18, 1913, at Hollidaysburg to Nancy A. Parson of Orbisonia, Pa.

'08, Deighmiller (Hartman) Ellie and Kimber Hartman, '10, are the proud parents of a lively and hearty son, born February 15, 1913. A very nice valentine.

'11, Campbell, Irene. We clip the following : "The home of Mr. and Mrs. Joseph Campbell of Elysburg was the scene of a pretty wedding last evening, (February 18), when their daughter Miss Irene be-

came the bride of Phillip Getty of Mt. Zion, near Catawissa. The ceremony was performed by the Rev. Thomas F. Ripple, pastor of the Methodist church, in the presence of a number of relatives and friends. They were unattended. Following the nuptial event a reception was tendered.

The bride is a graduate of the Bloomsburg Normal School and one of Elysburg's best known young women. The groom is well and favorably known throughout the community. Mr. and Mrs. Getty will go to housekeeping near Catawissa." Address R. D. No. 3, Catawissa, Pa.

All members of the class are urged to be present, whether they receive their diplomas or not at that time. Bring pennants and arm bands with you and come prepared to have a good time. Some decorating will be done as we used to do it, and those who can be there Tuesday A. M., June 24th,

will act as the decorating committee. All other necessary committees will be appointed and duly notified."

The following classes ought to hold reunions on Tuesday of Commencement week: '68, '73, '78, '83, '88, '93, '98, '03, '08, and '11, as noted above. The classes of '88 and '03 will be guests of the school. Many of these classes are making quite elaborate preparations for their re-unions. All reunions will be held Tuesday afternoon June 24. Please communicate with Prof. F. H. Jenkins, the Registrar, that adequate preparations may be made. This is particularly necessary if you desire banquets to be furnished by the school.

## Athletics.

Manager Shambach has announced a base ball schedule of unusual interest. Three college games, five normal school games, and a Tri-State League game, are features.

If the number of candidates out for practice is any criterion, a good team should be developed to represent our school this year. The weather has not been favorable thus far for practice. The line-up for the first game will necessarily be somewhat of an experiment. The game will be with Bucknell University at Lewisburg.

Our graduates of a few years ago will be glad to note that Bucknell

University was upon our basket ball schedule as well as upon the present base ball list of coming games.

By the way, lack of space in our former issue of the QUARTERLY, cut out the description of the basket ball game played at Lewisburg in which our boys defeated Bucknell University.

A track team will be taken to State College early in May to compete with other schools of our class in a meet held on State's field. We have some good men. If they can get into proper training by that time they should be able to make a very creditable showing.

The girls of the senior class won the basket ball trophy in the inter-class series. The senior boys were also class champions in both basket ball and track.

The base ball schedule is as follows :

April 5, Bucknell University, away.

April 11, Conway Hall, away.

April 12, Gettysburg College, away.

April 18, Gettysburg College.

April 19, Milton Athletic Club.

April 25, Harrisburg Tri State Team.

April 26, Williamsport High School.

April 30, Harrisburg P. R. R. Y. M. C. A.

May 3, Lock Haven Normal.

May 9, Bellefonte Academy, away.

May 10, Lock Haven Normal, away.

May 16, Wyoming Seminary, away.

May 17, Conway Hall.

May 24, E. Stroudsburg Normal, away.

May 31, Shippensburg Normal.

June 6, Mansfield Normal.

NORMAL LOST TO BUCKNELL.

The opening game of the Normal season, played with Bucknell at Lewisburg, Saturday, April 5th, resulted in a defeat for Normal by the score of 14-2. Bucknell had the best of the situation during most of the game. But seven innings were played.

In the sixth, Gordon of Normal pulled out a two base hit, which Davis followed up, bringing Gordon in. Gorham, Davis and Clemens went out. Baer singled for Bucknell, and then stole second. Bucknell held her advantage. Normal came to bat again but was unable to do anything to save the day. Bucknell.....1 4 0 5 2 2 x—14

### 17TH ANNUAL GYMNASIUM EXHIBITION.

The Department of Physical training had its innings on the evening of March 13th, when the various classes from the lowest grade of the Model School to the dignified members of the Senior class made evident to a good sized audience the advantages gained by paying proper attention to the needs of physical development.

A very interesting and attractive

program began promptly at the advertised hour and was put through in an hour and fifty minutes without the slightest halt or delay, an achievement of which Mr. John Weimer and his capable assistants may well feel proud. A just sufficient element of comedy was added to the program by the clever tumbling act of Pietrzykowski and Davis dressed as clowns, and all the various class drills showed careful training and intelligent co-operation. The gym was attractively decorated by the various classes and the usual class spirit was plainly in evidence, without, however, any untoward or unpleasant demonstration. The program was as follows:

1. Grand March.
2. Baby Polka, Shoemaker Dance  
1st and 2nd Grade Girls.
3. Rope Climbing Contest, 1st  
and 2nd vs. 3rd and 4th Grade Boys.

Boys. Low Parallel Bars, 3rd and  
4th Grade Boys. Boxing, Fred vs.

6. Spanish Solo Dance, Miss Hil-  
da Snyder.
7. Wand Drill, 3:30 Class Boys.
8. Flag Drill, 3rd and 4th Grades.

kins.

## The Philologian Literary Society.

Again "Philo" reaches out in an attempt to give her old members some idea of her life and works as they are at the present time.

"Old Philo" has been having a very successful year. Her membership now far exceeds two hundred, a large number of whom have taken great interest in the society work and, realizing the great benefit and training that may be derived from addressing the meeting, have participated in the business of the society.

Our programs have consisted of the study of orators and their works, and also the study of modern authors as their works appear in the various periodicals and magazines.

Debates are given from time to time, the last one being given on the evening of March 29th. The debate was extemporaneous and the subject was "Resolved, that the government should own the railroads in this country." A good-

ly number took part and, after a heated argument, the question was decided in favor of the negative by a vote of the society. A public program is to be rendered at some time during the present term.

The society has decided to add to the attractiveness of our hall by the purchase of some suitable piece of statuary, and it is hoped that the very near future will see it installed.

## Calliepie Society.

"PRAESTANTIA AUT NIHIL."

This is our motto and we proved it at our last reunion and are still striving to keep it before us as our guide. We have enrolled several new members into our society this spring term and are striving to make our meetings interesting in the superlative degree.

We are planning to have a public program about the middle of May and all indications point to "Praestantia Aut Nihil." The new committees have begun to take a strong hold of the work and our prospects for future entertaining and instructive meetings, are good. We have heard the shrill voice of our watchful OWL urging us on to success.

This is the last term of office in which seniors may serve, so we are striving to put the underclassmen into the harness so that they will be able to guide old "Callie" on to victory next year. We, the newly

elected officers in the name of old Callie, hope that this issue of the QUARTERLY may set every Callie Alumnus to thinking "Praestantia Aut Nihil." Let us analyze and realize the powerful meaning and influence of this, our noble motto, "Excellence or Nothing."

### Young Men's Christian Association.

The association is still one of the important factors in the life of the school. Meetings are held each Wednesday evening and are well attended.

The finances are on a sound basis. This enables us to send the President and Secretary to the State conference, to be held in Easton, Pa., from the 17th to 20th of April.

Bible study has been carried on during the Winter term.

Mission study will now be taken up and we are fortunate in securing the services of Prof. J. C. Foote as the leader. We are hoping for a large and interesting class.

Prof. Hartline will give a series of three lectures especially to young men during this term.

### Y. W. C. A.

The annual election of officers resulted in the choice of Mary Brower as President; Catherine Bone as Vice President; Blodwen Evans as Secretary, and Eda Miller as Treasurer,

The Misses Bess Hinckley, Mae Byington, Mary Brower, Eda Miller, Maud Peet, and Edith Bray, our representatives to the Williamsport Council, brought back a great variety of impressions and suggestions. Some of the inspirations are already being worked out in the various lines of Association activity.

The Spring Term Social held Saturday evening, April 5th, had for its chief attraction a program from the works of Eugene Field. The selections were given by the members of the senior class in public speaking.

The Bible study classes have been reorganized with the Misses Elizabeth Sturges, Rena Schlotterbeck, and Helen Jones as group leaders. The text used is Charlotte Adams' "Women of Ancient Israel." There is a growing enthusiasm among the band members that promises well for the future of this department.

The visit of Miss Frances Tencate, missionary teacher from India, on April 3rd, gave us one of the most interesting meetings we have had during the year. Miss Tencate spoke chiefly of the educational work in India, but she gave us many glimpses into other phases of life there. Her talk contained many vivid illustrations brimming with wit and humor. We sincerely hope that we may have another more prolonged visit from Miss Tencate before she returns to her field.

OCTOBER, 1913

NO. 4

Another school year opened on September 21 with the annual rush and entire absence of inaugural ceremony. Two busy days of registration and classification of new students and, presto, the school was running as steadily and easily as in mid-term.

Considerable speculation had been indulged in concerning the possible effect on school attendance of the new four year course, but a view of the registration cards in the Registrar's office and of the well filled rows of seats in the Auditorium at chapel time quickly dispelled any doubt that might have existed as to the popularity of the new course. The Senior class, although somewhat smaller than that of last year, was found to be considerably larger than was expected and additional sections had to be provided to accommodate the other classes.

On the whole, the change from the three year to the four year course has been made at Bloomsburg with very little disturbance of the school routine and with no perceptible effect on the school attendance.

## Bloomsburg Boys at College.

The college commencement season of last June brought many additional honors to the credit of those who prepared for college at Bloomsburg. Mr. Ray Mather of Benton, college Prep. class of 1909, carried off first honors at Williams winning the Valedictory and Harvard Scholarship, the highest honors gained this year by any Bloomsburg graduate. Many others acquitted themselves with credit in various other colleges of the land.

It may be of interest to note that usually from 75 to 100 Bloomsburg trained young men and women are pursuing college courses each year and from previous experience they may be counted on to win rather more than their numerical share of the college credits and distinctions. "There's a reason."

A natural result of the good work done by our representatives in college is the increasing value placed on the school's certificate of preparation by various colleges of the country. Many students each year gain advanced standing at college

because of the thoro work done at Bloomsburg. In some instances our graduates have been admitted to full standing as college sophomores, and this too at one of the large universities of the country.

## Faculty Club Picnic

As previously announced in the QUARTERLY the Faculty of the Bloomsburg State Normal School some years ago organized an Educational Club whose meetings are held monthly. The programs of the meetings, usually literary in character, are occasionally varied by the injection of various social enjoyments. Such was the case on September 29th, when the Faculty, laying school room cares and dignity aside enjoyed a corn roast and an al fresco supper in the grove at the Waller farm near Grovania. The committee in charge had secured a special brand of fine fall weather from the Weather Bureau for the occasion, and nearly the full membership of the Faculty enjoyed an exceedingly pleasant outing.

## Alumni.

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No. 203.

Mr. Fred C. Eyer, the first Secretary of the first Board of Trustees of the Bloomsburg Literary

Institute, is still quite active and takes great pleasure in walking about the town and noting the many improvements that are constantly being made. He is in his eighty-fourth year and able to read without the aid of glasses.

Death has laid its heavy hand upon the Board of Trustees within a comparatively short time :

Col. John G. Freeze, nestor of the Columbia County Bar, lawyer, poet, historian and editor, died at his home in Bloomsburg, Pa., July 8th, 1913.

Hon. Andrew L. Fritz, lawyer and formerly a member of the Legislature, died at Bloomsburg, Pa., Friday, August 22, 1913. He was stricken with paralysis the Tuesday preceding his death.

Frederick G. Yorks was seized by a cerebral hemorrhage about 9 o'clock Thursday evening, September 11th and died at 3 o'clock the following morning. He was general manager of the Bloomsburg Silk Mills, with branches at Lock Haven and Jersey Shore. He was also a director in the First National Bank of Bloomsburg.

Robert C. Neal died of Bright's disease at his country home "Kincora" near Harrisburg, Saturday evening, September 20th. All these men were prominent in the various stations in life which they occupied.

Rev. John Hewitt, principal of the Normal School in 1872-3, and now rector of the Bellefonte Epis-

copal Church, has been prominently mentioned as a possibility for the American Consulship at Sheffield, England.

George D. Cronan, head of the manual training department of the school for two years, resigned his position here to accept a position as teacher of industrial education in the Hanover township, Luzerne County schools. A local paper says: "Mr. Cronan was generally conceded the most efficient head of that department the school has ever had and it was with the greatest regret that his resignation was accepted."

'68, Fritz, W. Sanderson, (sp.c.) now living in Michigan, has been visiting his old home in Columbia County. He was a student at the Bloomsburg Literary Institute when Prof. Henry Carver was principal. He found marvelous changes in the old institution. He visited the school about the middle of last May.

'69, Jacoby (McKelvy) Lenore (sp. c.) died at her home in Bloomsburg, August 19th, nearly sixty years of age. She is survived by her husband, Geo. A. McKelvy, a prominent druggist of town and by two sons, Harry and G. A.

'70, Burrows, A. S. now resides at Grand Forks, North Dakota. He came east in July to attend the Gettysburg reunion, passed through Bloomsburg on the train, but failed, to the regret of many, to stop off and visit the town and school.

'71, Bartsch, Hon. G. W. (Scien-

tific course '79) for two terms Chief Justice of Utah, visited Bloomsburg during the first week in October, where he was warmly greeted by friends and admirers. He had just returned from the Mexican border where had been for several weeks in the interests of his American clients. He is associated with the legal firm of Leckie, '86, Cox and Kratz of Washington, D. C. in Mexican cases.

'75, Smith (Ewing) Alice B., died at her home in Altoona July 11th, following an illness of cancer of the stomach. A husband and seven children mourn their loss. She was buried in Altoona.

'79, Albert, Chas. H. We take the following from a local paper of July 14: "Leaving Tuskegee school where he was called by Booker T. Washington, Prof. C. H. Albert spent last week in the Wittenberg College summer school which is under the direction of Dr. Bruce Birch, a former Bloomsburger and who is now on the top round of the ladder in educational matters in that section. From there he goes this week to Big Rapids, Mich., in one of the largest summer schools of the state, continuing his summer educational instruction work in which he has been engaged each year for the last 22 years. From there Prof. Albert goes to Montreal, Canada, to join his wife, who is visiting their son-in-law and daughter, Mr. and Mrs. Jesse Y. Glenn.

'80, Crispin, Louis (sp. c.) is chief of the shipping department in Wanamaker's store, New York City.

'81, Snyder, I. L., died at Nuremberg, Pa. August 17. The body was brought to Bloomsburg and interred in Rosemont Cemetery. We do not have the particulars of his illness and death.

'82, Moore, Rev. E. J., has been elected Superintendent of the Pennsylvania Anti Saloon League and by virtue of his office is the Pennsylvania editor of *The American Issue*. His headquarters are at Harrisburg, Pa. Dr. Moore is the president of the board of trustees of the Anti-Saloon League of America. An excellent halftone picture of the doctor appeared in the May edition of *The American Issue*.

'82. Williams, Samuel F. (sp c.) The following was sent to the QUARTERLY by Dr. Geo. P. Ferree (Coll. Prep. '82) now living at Grant Park, Ill. The students from 1875 to 1882 will well remember "Sammy."

The death of Samuel F. Williams, June 4th, 1913, at Drums, Pa., closes the career of the most unique character who ever attended the Bloomsburg Normal. The Model School children of 1875 can never forget their surprise at seeing carried into their school room, a twenty four year old pupil, whose knowledge of books was limited to simply knowing the letters of the alphabet. Yet this

man-child had been a business man from youth. He had commenced life under most adverse circumstances. In early childhood, the death of his father compelled him to spend his school days in "attending door" in a Pennsylvania coal mine. The dampness of this occupation proved too much for the lad. Rheumatism developed. After months of suffering, he was left with all the joints of his legs and hips in a permanent consolidated condition. A consultation of surgeons resulted in the amputation of one entire leg near the hip joint, the other limb being left in a deformed right-angular posture, with neither leg nor hip joint being movable. In this deplorable condition, one limb in the grave, the other completely useless, with a widowed mother depending upon him for support, Sammy was not discouraged. Inspired by lofty motives, inculcated by a Christian mother, this boy commenced his remarkable career. Securing a small two wheeled cart and donkey, and a small stock of goods from a local merchant, Sammy started on his new vocation of "Traveling Salesman," tho his dealings were with families instead of business men. Fortune favors the good and brave. Sammy prospered. At the age of 24 he considered it time to commence going to school. During about seven consecutive years, he spent the winter months at the Bloomsburg

Normal, spending the balance of the year upon the road. He then established a home of his own, which resulted in five children, two of whom, Jennie and George, are graduates of the Bloomsburg Normal.

On account of his genial disposition and sterling qualities, Sammy was always a great favorite among both teachers and students.

'83, Clark, Granville J. Mr. Clark is a candidate for the office of common pleas Judge of Luzerne county, Pa., at the election to be held on 4th November 1913. For twenty-two years he has been President of the B. S. N. S. Alumni Association of Luzerne County and is a member of the board of trustees of the B. S. N. S. having been elected as a representative of the Alumni of the school. Of course all the Alumni and friends of the school will give Mr. Clark loyal support and votes. (Suffragette votes count double.) The election this year is nonpartisan, the vote is for the individual and not by or through a political party. This is a new feature in Pennsylvania law and applies only to Judges and City Commissioners. Mr. Clark's cards give out no uncertain sound on all questions affecting the public interests. The public may know what he thinks and where he stands on all such matters. A safe man.

'83, Karshner, Rev. Lloyd W. was stationed by the Wyoming Conference, M. E. Church, last spring

at Mill Grove, Pa.; Rev. Clark Calender '90 at Nanticoke, Pa., and Rev. Ben M. Johns at Plymouth, Pa.

'83, Mack, Abbie, engaged in business at Binghamton, N. Y. was the guest during Commencement week of Mrs. Lillian Barton Fuuston '85.

'83, Cleaver, Rev. Nelson E. C. (coll. p.) died in the Brooklyn Hospital on Thursday, June 5, of heart trouble. At the time of his death he was pastor of the M. E. Church at Curwensville, Pa. He had occupied some of the important appointments in the Conference.

'83, Hoffer, Barbara M. (sp. c.) who was compelled to leave the Normal School in her Junior year has been teaching in Utah. She is now working to secure a State Certificate in that state. Her address is 911 Third Avenue, Salt Lake, City.

'85, Phillips (Kuschke) Lizzie. The many friends of Mrs. Kuschke and her daughter Anna Kuschke '09 extend heart felt sympathies to each in their sad bereavement in the death of the husband and father, John Kuschke, at their home 1216 Oram Boulevard, Scranton, Pa., Monday morning September 22nd, after a lingering illness. Mr. Kuschke was an inspector of ventilating fans of the Lackawanna Coal Company. He was a man of sterling character and social disposition. He was a prominent member of St. David's Episcopal church and was prominent in the West

Scranton Quoit club, an organization that numbered many prominent men among its members a few years ago. The funeral was held Thursday, Sept. 25th, interment in cemetery at Plymouth, Pa.

'85, Runyan, Robert L. (sp. c.), a student at the Normal from 1882 to '85, died at the home of his sister Mrs. Martha (Runyon) Bittner, in Allentown, Sunday April 13th. He was forty-seven years of age.

'86, Bernhard, Ida, was elected, in May, a delegate to the International Woman's Congress at Budapest, Hungary, representing the American Woman's Republic of the States of Pennsylvania, Delaware and West Virginia. The Congress was in session from June 15 to June 20. Following the meeting she toured Germany, Austria, Italy, Holland, Belgium, Switzerland, France and England. She arrived home about the middle of August.

'86, Lutz, Charles B. (sp. c.). At the meeting of the Pennsylvania State Association of Fire Insurance Agents held in Altoona in July, Mr. Lutz was elected President of the Association for the ensuing year.

'87, Kratz, Rev. Marcius W. is now located at Miami, Florida, where, while dispensing gospel truths, he disposes of real estate. He is connected with the Miami Beach Improvement Company. Those buying land of Marcius may

be absolutely sure that their property will not be located in the Everglades or in the center of some Florida lake.

'88, Magee, William F., is President of the South Bethlehem Business College and we hear is making a fine success of that Institution. He was one of the enthusiastic members of '88 at the 25th anniversary last June.

'89, Apple, Benjamin, was elected president of the Federation of Men's Organization of Churches of the Susquehanna Synod of the Lutheran Church, which held its sessions in Danville last May. Mr. Apple is postmaster at Sunbury, Pa., and proprietor and editor of one of the Sunbury Dailies, but he finds time for much work along religious, educational and social lines.

'89, Miller, Frank E. (sp. c.) died in Los Angeles August 4th, from the effects of an attack of pneumonia. At about the same hour his mother, Mrs. Charles W. Miller, died in Bloomsburg. Frauk was a very efficient civil engineer and was engaged in that work with his brother Charles.

'90, Adams, Rev. J. K., has for more than eleven years been pastor of the Zwingli Reformed Church at Berwick, Pa. He has now severed his relations with this charge and accepted a call to Anselma, near Philadelphia. His work in Berwick and vicinity was prominent and prosperous.

'93, Traub, Rev. Frank, while

serving as a missionary in Africa, was seized with black-water fever and for a long time his friends despaired of his life. He was finally brought to England and thence to a hospital in New York City. He reached Bloomsburg about the middle of July and has now nearly recovered his former good health and vigor. He does not however desire a renewal of the disease. We understand that few white men recover from the disease when attacked in Africa.

'93, Johnston, Samuel J., has resigned his position as principal of the Third Street school building in Bloomsburg and accepted the post of manager of the Eastern District of the Union Publishing Company with which he worked during four summer vacations. Mr. Johnston has been teaching continuously for twenty years with marked success.

'93, Fahringer (Dennison) Effie, who with her husband has been in England during the last two years, sailed for the United States October 4th.

'94, Herring, Clinton. The wedding of County Solicitor Clinton Herring to Miss Jessie Fleckenstine, '09, daughter of County Commissioner G. S. Fleckenstine of Orangeville, was solemnized at the home of the bride Tuesday morning, June 23rd. The Rev. W. S. Gerhard, pastor of the Reformed Church at Orangeville officiated. The ceremony was witnessed by immediate friends and relatives

only. The couple have gone to housekeeping in Orangeville.

'93, Weiss, J. Calvin, is teaching in the borough schools of Shillington, Pa. He, accompanied by Mrs. Weiss and son Luther visited this section of the state early in September, and made a very pleasant call at the Normal School.

'94, Sutliff, Dr. Fred. We clip the following from a local paper July 17, 1913: "Word has been received by Prof. W. B. Sutliff, of Normal Hill, of the marriage of his brother, Dr. Fred Sutliff of Philadelphia, to Miss Lillian Wohl of Germantown. The couple are expected in town on a wedding tour by automobile, the latter part of this week. Dr. Sutliff, who is well known in town was a graduate of the Normal in the class of 1894, and of the Medical School of the University of Pennsylvania in the class of 1902. '96, Lutz, Frank E. is now in Cuba with a scientific expedition, under the direction of the American Museum of Natural History. He sent a post card of exceptional interest to his nephew, Francis Lutz, yesterday. It showed an immense pile of skulls and bones, with the message to the effect that in Cuba plots in graveyards are not sold but rented, and that when the holders fail to pay their rent promptly the bones are dug up, thrown on a pile and the land given over to the body of another. Judging by the picture Cuba has many who were in arrears with their rent.—*Morning Press*, September 13.

My sincere regret is that I did not go on to College. In the main, however, the training that old Bloomsburg gives is worth while, for her pupils make good; they make good in teaching and they make good in the business world. ## ATHLETICS.

Football—the season has begun. What, after all, is the fascination which draws its tens of thousands Saturday after Saturday to the football fields of our schools and colleges? A recent article termed it the "gladiatorial spirit." Be that as it may, very few of us would gather to see two teams, under rules which forbade touching an opponent, compete in blowing a feather through opposite goals.

The defeat in the opening game with Gettysburg College was discounted in advance. Our boys with but one or two real scrimmages could not have been expected to do very much but gain experience. The second game seemed to indicate the good done by a thorough drubbing, for the score of the second game was practically the reverse of the first.

Coach Weimer has about twenty-five men at the training table. The candidates while not large, give promise of making up in speed what they lack in weight. Indeed if the present showing is maintained the school will be represented this fall by the fastest team in sev-

eral years They are a sturdy lot and have already proved that they can take their bumps with the best of them and not quit until the whistle blows.

The line-up is by no means fixed as yet. Many changes were made in the second game and others are likely to occur.

The line-up of Saturday's game and the remaining scheduled games follow:
